No. 315.—Appointments — Political Department.—

With reference to Command Orders Nos. 598 and 681 of 1897, the following Notification of the Government of India, Foreign Department No. 670-G, dated Simla, the 20th May 1898, is republished:—

Read again—

Extract from the Proceedings of the Government of India in the Foreign Department, No. 2809-P., dated the 15th October 1875.

Extract from the Proceedings of the Government of India in the Foreign Department, No. 1723-G., dated the 2nd July 1883.

Observations.—The Governor-General in Council has had under consideration the procedure connected with the selection of junior military officers for the Political Department of the Government of India and for the Berar Commission. It has been the practice for candidates to send in applications direct to the Secretary in the Foreign Department; and usually all such applications have been accepted. The number of names so registered had recently risen to about 200. The vacancies occurring in the Political Department do not ordinarily exceed an average of three a year, while only one military officer a year is, on the average, nominated to the Berar Commission. A revision of the present system appears therefore highly desirable with the objects—

- (i) of preventing, as far as possible, the entertainment of hopes which can never be realised; and
- (ii) of obtaining fuller information regarding applicants before their names are registered.

3RD JUNE 1898.

The Governor-General in Council is therefore pleased to publish the following Rules for general information:

I. For the future all applications by military officers for political employ should be submitted officially through the proper channels with information in the forms published herewith. Such applications will be considered in the Foreign Department, and the candidate will be duly informed, through the military authorities, whether his name has or has not been registered. Officers are not eligible for appointment to the Political Department, nor are they to submit applications for such employment, until they have passed all the prescribed examinations for admission to the Staff Corps. The name of an accepted candidate for the Political Department will be removed from the list, if he obtains any other permanent extra regimental employ, *e.g.*, in the Bombay Political Department or in the Military Accounts Department.

II. The names of officers with more than seven years' service will be struck off the existing list of candidates. In future names will ordinarily be removed from the list when the candidate completes seven years' army service or attains the age of twenty-seven years.

Urdu and Hindi. Persian. Russian.	Pashtu. Arabic.	III. In making selections much weight will be given to linguistic attainments, especially in the languages marginally cited.
---	--------------------	--

IV. A military officer selected for the Political Department will be attached, for at least one year, to one of the provinces, as a supernumerary Assistant Commissioner and will be required to pass the tests prescribed for Assistant Commissioners in Law, Revenue and Treasury, or modified forms of those tests. On passing the required tests, which will include examination in a few selected books on political subjects, the officer will, when the course of preliminary training is completed, be posted to an appointment in the Political Department, and will be seconded in his regiment; but his employment in the Department will be regarded as probationary for a further period of two years, during which, in order to become eligible for confirmation, his retention must be recommended by the senior political authority under whom he has been serving, in terms and on grounds which are accepted as sufficient by the Government of India in the Foreign Department.

3RD JUNE 1898.

V. The above procedure and rules apply, *mutatis mutandis*, to Military candidates for employment in the Berar Commission, but subject to the following modifications :

- (i) The limits of age and army service will be 30 and 12 years, respectively.
- (ii) The only language to which special importance will be attached is Marathi.
- (iii) (a) The Departmental Examination by the Lower Standard must be passed within eighteen months from the date on which the officer joins the Commission.
- (b) Failure to so pass by the Lower Standard will render the officer liable to be at once reverted to his regiment, but the Resident at Hyderabad may, in special cases and on public grounds, direct his temporary retention for a further period of probation.
- (c) The Departmental Examination by the Higher Standard must be passed within three years of the date on which an officer joins the Commission. The report of his having thus passed will be submitted to the Government of India in the Foreign Department, accompanied by an expression of the Resident's opinion as to the probationer's general qualifications for civil employ. If this opinion is favourable and is accepted by the Government of India, the officer will be at once confirmed in the Commission, and his name will be struck* off the strength of his regiment with effect from the date on which he passed by the Higher Standard.
- (d) If an officer fails to pass by the Higher Standard within three years of joining the Commission, his services will be immediately replaced at the disposal of the military authorities.

VI. Nothing in the present Resolution is intended to interfere in any way with the absolute discretion of the Governor-General in Council to select for political employ, without reference to age or length of service, any officer whom he may consider specially qualified therefor.
