HEALTH, EDUCATION AND LOCAL ADMINISTRATION DEPARTMENT

(Local Administration)

G.O. No. 1519, 1st November 1954

Administration Report—1953–54—Ramanathapuram District Board—Reviewed.

Order—No. 1519, L.A., dated 1st November 1954.

The main features of the administration of the Ramanathapuram District Board for 1953–54 as shown by statistics are given in Annexure I to this order. The Collector was in charge of the district board as its Special Officer from 1st July 1953.

2. *Communications.*—The District Board maintained 1,046 miles of roads during the year at a cost of Rs. 7,07,335 as against Rs. 8,45,238 in 1952–53. An expenditure of Rs. 5,33,066 was also spent on capital road works towards which the District Board drew a grant of Rs. 4,64,099. All the unmetalled roads should be metalled in accordance with a programme drawn up for the purpose to the extent funds permit. The District Board should pay more attention to the formation of inter-village communications.

3. *Encroachments.*—Detection (1,524 cases) and disposal (2,022 cases) of encroachments were satisfactory. It is reported that no case of encroachment was pending disposal at the end of the year.

4. *Education—(a) Elementary.*—The scheme of compulsory elementary education was in force in 32 centres as in the previous years. The Board maintained 553 elementary schools during the year. The percentage of boys and girls of school-age unprovided for decreased. But still as many as 53,157 boys and 80,233 girls of school-age did not attend any school. Effective steps should be taken to bring under instruction a larger number of children of school-age unprovided for The strength of the Board elementary schools increased while the percentage of average daily attendance decreased from 80·0 to 72·1. Adequate steps should be taken to improve the attendance in the schools.

(*b*) *Secondary.*—The District Board maintained 19 secondary schools of which 9 were complete high schools, 6 were incomplete high schools and 4 middle schools. Out of 372 pupils sent up for the S.S.L.C. Examination, 225 pupils came out successful representing 60·5 per cent success as against 72·7 per cent in 1952–53. The percentage of success in the Board High School at Tiruppattur (viz., 19 per cent) was very low. The efficiency of this school should be improved in consultation with the District Educational Officer.

5. *Public Health.*—Sixty-eight medical institutions were maintained by the District Board as in the previous year. The number of patients treated at these institutions decreased during the year. The percentage of recorded births that received skilled attention decreased from 16·9 to 13·9. Effective steps should be taken to extend the benefit of skilled maternity aid to a larger number of births in the district. The number of deaths from child-birth decreased from 155 to 135. Cholera and small-pox continued to prevail in the district and accounted for 839 and 210 deaths, respectively.

6. *Remunerative enterprises.*—The income from markets and avenues increased. Five thousand nine hundred and eighty-one trees were planted during the year. The trees planted should be well protected and maintained.

7. *Finance.*—The uncollected arrears at the end of the year increased from Rs. 84,050 to Rs. 89,058. The entire arrears should be collected in the current year.

8. *General.*—The general state of administration continued to be satisfactory.

[Madras General Sales Tax Act, 1939—Recovery of tax—Procedure—Further report submitted. *Reference.*—G. O. No. 3111, Revenue, dated 28th November 1951.]

Reference.—No. A. 6649/51-7, dated 29th July 1952.

The Board submits the following report.

According to the Honourable Judges of the High Court (letter Roc. No. 1274 of 1951-B-1, dated, 19th July 1951, communicated in G.O. No. 3111, Revenue, dated 28th November 1951), it is purely a matter within the discretion of the assessing authority to have recourse to section 10 or to launch prosecution under section 15 of the Act to collect the arrears of sales tax. However, in the last sentence of the Government Order cited, the Government have directed the assessing officers not to straightaway rush to the court in all cases for recovery of tax but to resort to the provisions of the Revenue Recovery Act with reference to section 10 of the Madras General Sales Tax Act, wherever it is feasible to do so. But, consequent on the issue of the Government Order cited, many Magistrates are in the habit of returning the charge sheets filed by the Commercial Tax Officers on the sole ground that the latter should invariably exhaust the provisions of the Revenue Recovery Act before filing charge sheets against the defaulters. In fact neither the views of the Honourable Judges of the High Court referred to above nor the Government instructions in the above Government Order warrant such a stand on the part of the criminal courts. The procedure adopted by the courts has seriously affected the collection work.

The Commercial Tax Officers are also complaining that the revenue officers are not evincing adequate interest in the matter of collection of sales tax under the Revenue Recovery Act. But the difficulties of the revenue authorities in respect of realization of tax under the Revenue Recovery Act cannot also be overlooked. According to the provisions of the Revenue Recovery Act, steps have to be taken one after another with certain statutorily prescribed formalities involving specific periods of notice at every state. Even if action is promptly taken by the Revenue Department the completion of the process up to the sale of the immovable properties of the defualters and the adjustment of sale-proceeds towards the arrears of tax will take months. Even now with a limited number of cases entrusted to the revenue officials, the progress and result are not encouraging and unnecessarily protracted correspondence is required to ascertain the stage of each case referred to them. In the circumstances, the application of the Revenue Recovery Act in all cases of arrears of tax as required by the Criminal Courts, cannot receive due attention of the Revenue Department and consequently there will be only abnormal delays without any improvement in the collection work. Further when action is once taken under the Revenue Recovery Act to collect the tax, no purpose will be served to prosecute a dealer under section 15 afterwards. If a dealer is in arrears even after action has been pursued against him under the Revenue Recovery Act, it means, the defaulter has no property to proceed against. Hence the purpose of prosecution at that stage can be only to convict the accused and not to collect tax. If at all

prosecution has to be resorted to for recovery of tax, it should be resorted to act first and not after exhausting the provisions of Revenue Recovery Act. The Board, however, submits that on account of the return of charge sheets by the Magistrates on the one side and the abnormal delay caused by the Revenue Department in the matter of collection of tax under the Revenue Recovery Act on the other side, collection work has almost come to a stand still, with the result the arrears are accumulating rapidly.

With a view to get over the difficulty, the Board recently held a conference of the Deputy Commissioner (Madras) and Commercial Tax Officers, North Madras and South Madras, and discussed the matter. In the conference two suggestions were considered, namely:—

(1) empowering Assistant Commercial Tax Officers to distrain the movables under the Revenue Recovery Act, for collection of sales tax; or

(2) deputing Revenue Officer of the grade of a Deputy Tahsildar assisted by one or two Revenue Inspectors to work under each Commercial Tax Officer, to attend to collection of sales tax under the Revenue Recovery Act.

As regards the first proposal, the Board has considered it even in 1947 and ultimately dropped it for the following reasons :—

(1) action under section 10 required a thorough study and working knowledge of the Revenue Recovery Act, which many of the Assistant Commercial Tax Officers drafted from the Excise Department did not possess;

(2) though the Revenue Department was slow in taking action under the Revenue Recovery Act, being a specialized department, it alone could follow the complicated processes laid down in the Revenue Recovery Act correctly and perfectly, and

(3) in view of section 15 (*h*) of the Act which required the criminal courts to specify the tax in their orders and collect it as if it were arrear of land revenue, the cases necessitating action by the Revenue Department would be very rare.

The Board even now considers that it would be extremely difficult for the Assistant Commercial Tax Officers to follow the laborious procedure contemplated in the Revenue Recovery Act, with success, as they have no practical experience in the matter. As such, in consultation with the Deputy Commissioner, Madras, and Commercial Tax Officers, North Madras and South Madras, the Board considers that the second suggestion is the best one to tide over the difficulty of accumulation of arrears. It, therefore, recommends that in the first instance the above proposal may be tried with advantage in some districts which are having heavy arrears of sales tax (names of 13 districts having heavy arrears are furnished below). The Board further requests that the Government may be pleased to consider the proposal very urgently and pass immediate orders in the matter.

In the letter Roc. No. 1274/51 B–1, dated 19th July 1951, from the Registrar of the High Court of Judicature, forwarded with the Government Order cited, it is clearly stated that the Honourable Judges of the High Court are of the view that the recovery of tax under the Revenue Recovery Act with reference to section 10 of the Madras General Sales Tax Act is a matter of discretion of the assessing authorities and relates to a situation when no Criminal prosecution has been launched against the defaulter under section 15 of the Madras General Sales Tax Act. However, in the Government Order cited in the Government have specifically instructed that the Assistant Commercial Tax Officers and Deputy Commercial Tax Officers should not straightaway rush to the court in all cases for recovery of tax but that they should, in cases where it is feasible to do so, resort to the provisions of the Revenue Recovery Act, as a result of which, the assessing officers are now virtually prohibited from launching prosecutions direct, if the dealers fail to pay the tax within the time allowed. In cases where charge-sheets have been filed, many of the magistrates, relying on the above Government Order, have been returning the charge-sheets to the assessing authorities to exhaust at first, the provisions of the Revenue Recovery Act for the recovery of the tax. The Assistant Commercial Tax Officers and Deputy Commercial Tax Officers have no other alternative except to approach the Revenue Department for the realization of tax. As already explained in the Board's reference last cited, this procedure result will in long delay and consequent accumulation of heavy arrears. During his recent tour, the Commissioner (Commercial Taxes) has also occasion to notice that arrears are mounting up on account of the practical difficulties referred to above. The Board therefore, invites the attention of the Government to its references cited and requests that they may be pleased to pass very urgent orders in the matter so that effective and immediate steps may be taken to reduce the arrears to the minimum.

Letter to the Registrar, High Court, dated 21st October 1952, No. 54240 N/52–2.

[General sales tax—Prosecutions under section 15—Refusal to take charge-sheets on file—Instructions to magistrates.]

I am directed to invite attention to G.O. No. 3111, Revenue, dated 28th November 1951, in which the Government requested the Board of Revenue to impress on all Assistant Commercial Tax Officers and Deputy Commercial Tax Officers that in the matter of recovery of sales tax they should not straightaway rush to the Courts in all cases, but that they should in cases where it is feasible to do so, resort to the provisions of the Revenue Recovery Act with reference to the provisions of section of the Madras General Sales Tax Act, 1939. Sections 10 and 15 of the General Sales Tax Act provide two alternate remedies for the realization of the tax due under that Act and the authorities may proceed to collect the tax in accordance with the procedure prescribed by the Revenue Recovery Act or in appropriate cases, prosecute the defaulters under section 15 of the Sales Tax Act. This position was made quite clear by the High Court itself in its letter Roc. No. 1274/51 B-1, dated, 19th July 1951. There is nothing in the General Sales Tax Act to suggest that a prosecution under section 15 should be instituted only after exhausting the remedy under section 10, nor is there anything in the orders issued in G.O. No. 3111, Revenue, dated 28th November 1951, which warrants such a conclusion. The Board of Revenue has now reported that many magistrates are returning the charge-sheets filed by the Commercial Tax officials against dealers for non-payment of tax, on the ground that they should exhaust the provisions of the Revenue Recovery Act before resorting to prosecution. This action on the part of magistrates has resulted in accumulation of arrears and is also hampering the collector of tax as there are practical difficulties in the application of the provisions of Revenue Recovery Act, invariable in the first instance in all cases. I am accordingly directed to request that the Honourable Judges may be pleased to issue necessary instructions to the magistrates explaining the current position under the Act. I am, in this connection, to invite attention to the circular issued by the High Court in P. Dis. No. 269 of 1952, dated 24th April 1952. I am to request that in view of the urgency of the matter, speedy orders may be issued by the High Court.

From the Registrar, High Court of Judicature at Madras, dated 9th December 1952, to the Secretary to Government, Revenue Department, Roc. No. 7095/52-B1.

[General sales-tax—Prosecution under section 15—Refusal to take charge-sheets on file—Instructions to magistrates. *Reference*—From Government Revenue Department, Letter No. 54240 N/52-2, dated 21st October 1952.]

The Honourable the Judges consider that the Commercial Tax authorities should exhaust all other remedies including the one under section 10 of the Act before launching criminal prosecution against the defaulters under section 15 of the Act.

On this subject, I am to forward a copy of letter Reference D.2 5392 M/52 of the District Magistrate, Kozhikode, to the Secretary to the Government, Revenue Department, and to say that the Honourable the Judges, fully support the proposals contained therein. I am, therefore, to request that the Government may, in consultation with the Board of Revenue, issue suitable instructions to the Commercial Tax Officers as suggested by the District Magistrate, Kozhikode.

Enclosure.

Letter from the District Magistrate, Malabar, Kozhikode, to the Secretary to Government, Revenue Department, through the Secretary, Board of Revenue (Commercial Taxes). Madras and the Registrar of the High Court of Judicature, Madras, dated 3rd October 1952, No. D. 2. 5392 M/52.

[Criminal Justice—Cases of non-payment of taxes and other dues under the General Sales Tax Act—Launching of prosecution.]

In their Order No. 3111, Revenue, dated 28th November 1951, the Government have observed that Assistant Commercial Tax Officers should not straightaway rush to criminal courts in all cases of recovery of arrears of tax, but that they should in cases, where it is feasible to do, resort to the provisions of the Revenue Recovery Act with reference to section 10. In this district, however, these instructions, do not appear to have been followed in actual practice. It is seen that officers of the Commercial Tax department, file charge-sheets, as a matter of routine, without considering whether it is at all feasible to avoid going to court and recover the arrears by other means. In certain cases where prosecutions were launched for non-payment of the provisional tax, the court had convicted the defaulters, ordered recovery of the tax provisionally assessed as if it were an arrear of fine under section 15, and proceeded under section 386 (1), Criminal Procedure Code, for its recovery. But the officers of the Commercial Tax department revised the amount subsequently, as final assessment, and initiated and proceeded with departmental action for recovery of the revised amount, ignoring the fact that the criminal court was 'seized of' the matter. It is obvious that two important points should be borne in mind in regard to the methods to be adopted for the recovery of tax—

(*a*) that the criminal court should be moved only when it is not feasible to collect the the tax otherwise and that the courts should not be clogged with cases and turned into an agency for collecting the arrears, and

(*b*) that where the court has been moved, it should be left to deal with the matter as provided by law, which means, that any collection made by the Commercial Tax department subsequent to the filing of the charge-sheet should be promptly intimated to the court. If such collection is made before conviction, the case may either be withdrawn, or allowed to be proceeded with, the court being informed that there is no need to order the recovery of tax under section 15 of the Act. If the collection is made after conviction, the Commercial Tax department can only be presumed to have acted as the agent of the court for realizing the fine and or tax, and not independently of it.

2. Keeping the above points in view, I have suggested to the Commercial Tax Officers of this district, that they might issue the following instructions to their subordinates :—

(i) The officers of the Commercial Tax department should be very careful in estimating the provisional tax under rules 6 to 10 of the Madras General Sales Tax (Turnover and Assessment) Rules, 1939.

(ii) They should, in the first instance, resort to the ordinary peaceful methods of recovery as provided in rule 10.

(iii) The provisions of the Revenue Recovery Act should be invoked only if peaceful methods fail.

(iv) Prosecutions should be launched only if the arrears could not be collected by other means including the application of the Revenue Recovery Act.

(v) As far as possible, the arrears of tax should be correctly determined before the charge-sheets are filed.

(vi) Once the charge-sheets are filed, the courts should be left to deal with the cases and execute their orders as provided by law.

(vii) If, in any case, the officers of the Commercial Tax department consider it expedient to collect the tax during the pendency of the case; they should withdraw the prosecution or advise the court that the amount has been collected.

(viii) In no case, should the several methods of recovery of arrears be adopted simultaneously.

3. The above suggestions are intended to implement, in spirit and in letter, the instructions in G.O. No. 3111, Revenue, dated 28th November 1951, and are necessary to prevent such situation where departmental action impinges on the province of courts. The Commercial Tax Officer, North Malabar, has, however, represented that the Government Order does not lay down in mandatory terms that all means for recovery should be exhausted before a defaulter is charged for non-payment of tax. It is true that no such condition has been specifically imposed in the Government Order but it seems to me that the principle implied in it is that in all cases other remedies should either be tried or actively considered before prosecution is launched. If this view is accepted, the instructions issued by me may be approved.

Order—No. 14, Revenue, dated 3rd January 1953.

With reference to the points raised by the Board of Revenue in its reference first read above, a copy of letter No. Roc. 7095/52, B-1, dated 9th December 1952, from the Registrar, High Court, of Judicature at Madras, together with the enclosure to it is forwarded to the Board. The Government accept the views expressed by the Honourable Judges. The Board is requested to issue instructions to the Commercial Tax officials on the lines proposed by the District Magistrate of Malabar in his letter enclosed with the Magistrate's letter read above. The Board is also requested to submit a copy of the instructions to the Government for information.

2. In the circumstances stated by the Board of Revenue in its references read above, the Government sanction the employment for a period of six months from the date of appointment in each case, of a special staff of 1 Deputy Tahsildar on Rs. 150—5—200 per mensem and 1 or 2 Revenue Inspectors on Rs. 45—90 each per mensem in each of the districts of Malabar (North), Malabar (South), Bellary, North Madras, South Madras and Chingleput, Guntur, East Godavari, Kurnool, Coimbatore North, West Godavari, North Arcot, Visakhapatnam and Tiruchirappalli for the work connected with the collection of sales tax arrears under the Revenue Recovery Act. The Board is requested to see that the staff is employed only when it is absolutely essential.

3. The staff sanctioned in paragraph 2 above will be eligible to draw the dearness and other allowances admissible to them under the rules.

4. The expenditure should be debited to the appropriate sub-heads under "XIII. Other Taxes and Duties".

Land—Assignment of valuable lands to landless poor persons—Further instructions —Issued.

G.O. Ms. No. 1957, Revenue, dated 7th July 1952.

Reference from the Board of Revenue, No. J. 2496/52, dated 27th October 1952.

Order—No. 82, Revenue, dated 9th January 1953.

In G O. No. 1957, Revenue, dated 7th July 1952, the Governmen tordered that all lands which would have normally been sold in public auction or assigned on payment of market value, should hereafter be assigned on payment of market value or sold in public auction whichever is advantageous to the Government. With reference to the orders, the Board of Revenue has suggested that Collectors should have power to assign valuable lands to landless poor persons by private sale on collection of market value. The Government consider that land which in course of time is bound to become part of town extension schemes should not be given away cheaply. Even poor men who get it, will sell it away later for house-site or factory site. They also consider that auction sale is the best way of ascertaining the market value of such land. They therefore in partial modification of the orders in G.O. No. 1957, Revenue, dated 7th July 1952, direct that lands in the proximity of towns be disposed of by auction sale only.

2. As regards valuable lands other than those in the proximity of towns, the Government empower the Collectors to assign these lands to landless poor persons by private sale on collection of market value. In the case of darkhasts by sivoijamadars who have expended a considerable amount of money and labour in making fit for cultivation the land for which they apply, the market value of the land should be its value prior to its improvement by the applicant.

G.O. No. 83, 10th January 1953

Settlement—Ryotwari settlement of estates taken over under the Abolition Act—Treatment of minor inams covered by title-deeds and lands falling under section 17 (1) (*b*) and (2) of the Abolition Act—Board's proposals—Orders passed.

READ—the following papers:—

Reference from the Board of Revenue, S.E.A. No. 7193/51-2, dated 15th July 1952.

Reference from the Board of Revenue, S.E.A. No. 7193/51-3, dated 4th August 1952.

Order—No. 83, Revenue, dated 10th January 1953.

In the references read above, the Board of Revenue has raised certain points in connexion with the treatment, in the ryotwari settlement of estates taken over under the Abolition Act, of minor inams covered by title-deeds and of lands falling under section 17 (1) (*b*) and (2) of the Act and has asked for orders thereon. The Government have examined the points and pass the following orders.

2. *In the case of minor inams covered by title-deeds, other than dasabandam inams, should the excess areas discovered on survey or resurvey under the Abolition Act be dealt with in the manner prescribed* in *B.S.O. No.* 61?—The Board has stated that, as these minor inams do not come within the purview of the Abolition Act, any attempt to charge for excess areas discovered in their case on survey or resurvey under the Act may lead to agitation that the Government are using the Act for a purpose not contemplated at all. It has therefore recommended that the excess areas need not be charged. The Government, however, consider that there is no reason why the minor inamdar should agitate and grudge to pay for an excess area to which he is not entitled under the terms of the inam grant. They accordingly accept the other suggestion of the Board, which it had made as an alternative to the recommendation referred to above, and direct that—

(*a*) in the case of estates already surveyed under the Survey and Boundaries Act and the survey was concluded by the issue of notice under section 13 of that Act, only the difference between the area found at that survey and that found in the present re-survey under the Abolition Act be taken as excess and charged in accordance with the instructions in B.S.O. No. 61 (vi) and paragraph 10 (c) of section II of the Resettlement Manual and not the difference between the area shown in the title-deed and that obtained in the present re-survey; and

(*b*) in the case of estates now surveyed under the Abolition Act for the first time, the entire excess over the area shown in the title-deed be charged in accordance with the instructions in B.S.O. No. 61 (ii) to (iv).

3. *In the case of dasabandam inams covered by title-deeds should the excess areas discovered on survey or re-survey under the Abolition Act be dealt with in the manner prescribed in B.S.O. No.* 61?—The Government accept the Board's recommendation and direct that the orders passed in paragraph 2 above in the case of other minor inams covered by title-deeds be applied in the case of dasabandam inams covered by title-deeds also.

4. *In the case of minor inams covered by title-deeds, should jodi or kattubadi payable to the minor inamdar and quit-rent payable to the Government be shown in the village 'B' register*?—In G.O. No. 3231, Revenue, dated 7th December 1952, an order under section 68 of the Abolition Act has been issued enabling the Government to recover from the minor inamdar the jodi and kattubadi paid by him previously to the landholder. So there is no objection to show quit-rent, jodi and kattubadi in the village 'B' register and they should be shown accordingly.

5. *In the case of minor inams covered by title-deeds, should the question whether the services are properly rendered or not be examined and the result recorded by the Settlement Officers*?—The Government agree with the Board that the Settlement staff should look into these cases record the information gathered by it and pass it on to the Revenue authorities where action is considered necessary.

6. *In the case of minor inams covered by title-deeds, should mistakes in soil classification discovered during settlement under the Abolition Act be corrected?*—The Government agree with the Board that the mistakes should be corrected and that it is sufficient if a notification similar to the ordinary resettlement notification is published to make it possible for the mistakes to be corrected wherever necessary.

7. *With reference to section* 17 (1) (*b*) *of the Abolition Act, should the rights and liabilities of holders of land granted on service tenure be continued or should there be any variation in them and should those rights and liabilities be stipulated by the Settlement Officers while they pass orders under the sub-section?*—The Government agree with the Board that the rights and liabilities of the holders of lands granted on service tenure should continue to be stipulated by the Settlement Officers while they pass orders under section 17 (1) (*b*) of the Abolition Act. They also agree with the Board that where the jodi or kattubadi paid by the holders of land granted on service tenure to the landholder is found to exceed the taram assessment fixed for the land at the settlement, the jodi or kattubadi should be limited to the taram assessment.

8. *With reference to section* 17 (1) (*b*) *of the Abolition Act, should title-deeds be issued to holders of lands granted on service tenure and how should the lands be exhibited in the village 'B' register?*—The Government agree with the Board that there is no need to issue title-deeds to the holders of lands held on service tenure and that it is sufficient if the cases are entered in the village 'B' register.

9. *With reference to section* 17 (1) (*b*) *and* (2) *of the Abolition Act, is it not sufficient if the Settlement Officer merely records the information whether service is maintained or not, leaving further action regarding resumption, etc., to the Collector* ?—The Government agree with the Board that it is sufficient whether the service is maintained or not, leaving further action regarding resumption, etc., to the Collector.

10. *In the case of lands falling under section* 17 (1) (*b*) *or* 17 (2) *of the Abolition Act, should excess areas discovered on survey or re-survey under that Act be treated in the manner prescribed under B.S.O. No.* 61?—The Board has stated that, under section 11 of the Abolition Act, if any ryot is entitled to a ryotwari patta in respect of a land bearing a particular paimash or survey number, he will be given patta for that land and will be deemed to be entitled to the extent found at the survey of the land whatever might be the difference between that extent and the extent shown in the landholder's account that the same is the case with lands falling under section 17 (1) (*a*) of the Act and that there is no reason why the lands falling under section 17 (1) (*b*) or 17 (2) of the Act should be treated differently. It has therefore recommended that the excess areas discovered in survey or re-survey under that Act in the case of lands falling under sub-section 17 (1) (*b*) or 17 (2) of the Act need not be charged. The Government however consider that the excess areas should be charged. They accordingly accept the other suggestion of the Board, which it had made as an alternative to the recommendation referred to above and direct that—

(*a*) in the case of estates surveyed either by the Government or by the landholder, the extent found at the survey, which the land holder allowed the holder of the land to enjoy, should be taken as the extent under the grant ;

(*b*) in the case of estates not surveyed, the paimash extent or the extent shown in the original grant, whichever is greater, should be taken as the extent under the grant ; and

(*c*) the excess areas discovered on survey or re-survey under the Abolition Act should be dealt with by the Settlement Officers under B.S.O. No. 61 (iv).

11. *In the case of lands falling under section* 17 (1) (*b*) *of the Abolition Act in which jodi or kattubadi had been paid to the landholdre in kind under the crop-sharing system, how is quit-rent to be fixed* ?—The Government accept the Board's recommendation and direct that the quit-rent in the case of these lands be fixed at two-thirds of the taram assessment.

Cyclone—(Tanjore and Tiruchirappalli)—November 1952—Distress—Relief—Loans for rebuilding houses to non-agriculturists—Sanctioned.

READ—the following papers :—

Memorandum No. 100340-E/52-4, Revenue, dated 20th December 1952.

Memorandum No. 100340-E/52-5, Revenue, dated 20th December 1952.

Order—No. 115, Revenue, dated 10th January 1953.

In the memoranda quoted above, the Collectors of Tanjore and Tiruchirappalli were requested to sanction loans liberally for rebuilding houses damaged or destroyed by the cyclone. They were also informed that grants might be sanctioned even in the case of tiled houses of the very poor deserving people. Under the Agriculturists' Loans Act, 1884, loans for rebuilding houses can be granted only to agriculturists. The question has been raised whether the concessions in the memoranda referred to above apply to non-agriculturists also. The Government have examined the question and they direct that the concessions should apply to non-agriculturists also as a special case, on the analogy of the provisions in the Agriculturists' Loans Act.

2. The expenditure should be debited to new sub-head " Loans for rebuilding houses damaged or destroyed by cyclone" to be opened under " Loans and Advances by the State Government—f. Miscellaneous Loans and Advances". The recoveries will be credited to the same head.

3. Loans sanctioned to non-agriculturists with reference to the orders in paragraph 1 above, will be on personal security and, in addition, the houses of the grantees for repairs of which such loans are granted, should also be given as security for the loans.

4. The Board of Revenue is requested to propose very urgently the necessary Revised Estimate for 1952–53 and the Budget Estimate for 1953–54 under the budget head mentioned in paragraph 2 above and also take the additional expenditure into account in its proposals for final modification of funds for 1952–53 due with the Government in February 1953.

Village Officers—Estates taken over by the Government under the Madras Act XXVI of 1948—Heirs and registered minors—Time-limit for acquiring prescribed qualifications—Orders passed.

READ—the following papers:—

G.O. No. 387, Revenue, dated 11th February 1952.

From the Board of Revenue, Ref. S.E. (E-2) 680/50, dated 20th October 1952.

Order—No. 257, Revenue, dated 29th January 1953.

Orders were issued in G.O. No. 387, Revenue, dated 11th February 1952, that the village officers in the estates taken over who have not acquired the prescribed qualifications to hold such posts in ryotwari areas should be allowed three years' time, from the date of taking over of the estate, for acquiring the prescribed qualifications. In its reference read above, the Board has brought to the notice of Government that consequent on the taking over of estates under the Abolition Act, neither the heirs of the existing village officers nor persons who are registered as minors in such villages can be appointed to a village after the date of taking over of the estates concerned for the reason that even if they are qualified for holding such appointment under Act II of 1894, they may not be so qualified under Act III of 1895 which is the corresponding enactment applicable to the the ryotwari areas. The orders granting three years' time within which to acquire the prescribed qualifications contained in G.O. No. 387, Revenue, dated 11th February 1952, do not also apply either to such heirs or registered minors since they were not *actually* holding any village office on the date on which such estates were taken over. The Government agree with the Board that the above hardship is one created by the implementation of the provisions of the Abolition Act in the estates and that the hardship caused may be redressed by an order under section 68 of the Abolition Act.

In exercise of the powers conferred by section 68 of the Madras Estates Land (Abolition and Conversion into Ryotwari) Act, 1948 (Madras Act XXVI of 1948) the Governor of Madras hereby directs that the heirs of the existing village officers in the estates taken over under the Act aforesaid and the persons who were registered as minors under the provisions of Act II of 1894 by the date on which the estates were taken over should be allowed to join duty in the village office on their attaining the age of 21 years and given time for three years from the date of taking over of the estates to acquire the qualifications prescribed for the village officers in the ryotwari villages.

Forests (Visakhapatnam and Srikakulam)—Estate forests—Agency areas—Podu cultivation by Agency people—Permission—Orders issued.

READ—the following papers :—

From the Special Agency Development Officer, Kakinada, letter No. D. 170/51, dated 20th March 1951.

Reference from the Board of Revenue, No. S.E. A-3/2647/51-1, dated 14th July 1951,.

From the Chief Conservator of Forests, No. 22249/51-D-1, dated 12th November 1952.

Order—No. 473, Revenue, dated 18th February 1953.

In his letter first cited the Special Agency Development Officer, Kakinada, suggested that the special rule No. 11 as framed in respect of Kurupam estate under section 32 of the Madras Forest Act regarding podu cultivation may be made applicable to all the forests in all the estates in the Agency area and that hillmen may be excluded from the application of the Madras Preservation of Private Forests Act and permitted to engage in podu cultivation, as before, till such time as the Government are able to provide them with suitable land elsewhere. The Board of Revenue which was consulted has stated that the best course will be to allow the hill tribes of these estates to do podu cultivation subject to the rules relating to each estate, and that if there are no such rules for any particular estate the hill tribes of that estate may be permitted to undertake podu cultivation on conditions similar to those relating to such cultivation by the hill tribes in Kurupam estate. The Government have consulted the Chief Conservator of Forests on the suggestions made by the Special Agency Development Officer, and the Board of Revenue, and he has recommended to Government the following suggestions of the Conservator of Forests, Rajahmundry Circle, as an interim measure :—

The Godavari Rampa Agency Rules issued under section 26 of the Forest Act may be adopted and on this basis the forests may be classified into—

(*a*) special unreserves where podu should be wholly prohibited and which will ultimately be notified under the Forest Act as Reserved forest ;

(*b*) ordinary unreserves where podu may be permitted subject to the rules governing podu already prevalent in the estate and where there are no such rules, subject to the rules detailed below :—

(1) that no land within two chains of a bank of a stream shall be cleared except for the purpose of raising orange or fruit gardens ;

(2) that no clearance shall be made on the slopes of hills higher than one-third of the hill-slope from ground level ;

(3) that no tamarind, palmyrah or fruit yielding tree shall be felled or scorched by burning felled material ;

(4) that teak, yegise, maddi, jittegi and billudu trees of four feet girth felled in clearing podu areas should be stacked on the edge of the podu and handed over to the Forest or Revenue Officer ;

(5) that no area shall be cleared for " podu " at an interval of less than ten years.

2. The Government have examined the suggestions made by the Special Agency Development Officer, the Board of Revenue and the Chief Conservator of Forests. They consider that as the Godavari Rampa Agency Rules have worked well in practice they

may be adopted as recommended by the Chief Conservator of Forests in paragraph 1 above, in all the forests in estates in the Agency taken over by Government under the Abolition Act. As regards forests in estates in Agency areas not yet taken over, the existing rules should continue to apply and the *status quo* maintained. The Board of Revenue and the Chief Conservator of Forests are requested to issue suitable instructions based on these orders to all the Revenue and Forest subordinates concerned.

3. The increase under receipts has been spread over all districts, but was very marked in the districts of Nellore, Anantapur, Bellary, Chingleput, North Arcot, South Arcot, Tanjore, Tiruchirappalli, Madurai, Ramanathapuram, Tirunelveli, Coimbatore and Malabar. This was mainly due to the increase in the rates of fines and feeding charges, and in particular, to the large increase in the rates in regard to goats ordered in G.O. Ms. No. 2533, Revenue, dated 20th September 1950.

Under expenditure also, there was an increase in all districts except Krishna. The increase was appreciable in the districts of East Godavari, North Arcot, South Arcot, Ramanathapuram, Malabar, West Godavari, Bellary, Kurnool, Tanjore, Tiruchirappalli and Coimbatore. This was mainly due to the increased expenditure under petty contruction and repairs and partly due to the increase in the commission and feeding charges paid to pound keepers, consistently with the increase in the rates of fines and feeding charges.

4. The number of pounds at the end of the previous three-year period and the one under report was 8,641 and 8,688 respectively, as shown in Statement II below There is a difference in the number of pounds at the end of the previous triennium as reported in 1949 and now in the districts of Krishna (35) and Chingleput (2). The Collector of Krishna has explained that the figure 390 reported in the last triennium report was wrong and that the correct one is 425 as now reported. The Collector of Chingleput also reports that the correct figure is only 250.

Assessment—Land revenue—Adverse seasonal conditions—Remission—Exclusion of wealthy pattadars—Instructions—Issued.

READ—the following paper :—

Reference from the Board of Revenue, No. Y. 10577/52-1, dated 2nd January 1953.

Order—No. 580, Revenue, dated 26th February 1953.

The existing rules for the grant of remission of land revenue contained in B.S.O Nos. 13 and 14 do not make any distinction between rich and poor ryots in the matter of remission with the result that the remissions enable wealthy pattadars to save a sizable amount, while the small pattadars benefit only to a little extent. The Government consider that there is no justification for allowing remissions to persons who are well-to-do and who can afford to set a bad year off against good years. They, therefore, direct that the benefit of remission under B.S.O. Nos. 13 and 14 need not be given to the following classes of pattadars :—

(*a*) all pattadars who own lands in the taluk paying in all an annual assessment of Rs. 101 and above, and

(*b*) all persons who are assessed to income-tax.

For determining the limit of land revenue assessment for this purpose the holdings whether on single or joint pattas in that taluk together with water-cess should be taken as the unit.

2. A list of persons referred to in items (*a*) and (*b*) in paragraph 1 above should be prepared very expeditiously after due enquiry by the Revenue Inspector and checked by the Tahsildar and the Revenue Divisional Officer and maintained by the Tahsildar as a permanent record to be brought up to date from time to time. All pattadars whose names are not included in that list will be granted remission automatically.

3. If a person whose name is included in the list mentioned in paragraph 2 above seeks remission on grounds of poverty in spite of his holding and has been refused remission he will be entitled to appeal to the Revenue Divisional Officer who will then decide whether the concession of remission can be granted to the appellant on grounds of actual poverty in spite of his patta holdings or the fact that he pays income-tax.

4. These orders will take effect from the current fasli, viz., 1362 (1952–53).

Land—Grant to political sufferers—Revised instructions—Certain points—Clarified.

Order—No. 615, Revenue, dated 28th February 1953.

With reference to paragraph 1 (i) of the Government Memorandum No. 21923 F/52-16, Revenue, dated 16th June 1952, certain parties have requested clarification of some points which are set out hereunder.

2. The Government have examined the points and pass the following orders:—

(i) *Assignment in which possession of land has been given and patta issued.*—These assignments will stand subject to powers of revision under B.S.O. 15-18.

(ii) *Assignment in which possession has been given but patta has not been issued.*—These are treated as pending cases and the provisional assignments are subject to cancellation under the present policy relating to political sufferers' applications for assignment of land.

(iii) *Assignments in which patta has been given but possession has not been given.*—The Government leave it to the assignee to obtain possession of the land where any other is in unauthorized possession.

These assignments are also subject to the power of revision under B.S.O. 15-18.

(iv) *Temporary assignments with possession where no permanent assignment has been made and no patta issued.*—These are treated as pending cases and the provisional assignments are subject to cancellation under the present policy.

(v) *Cases in which official enquiries have been completed but no orders have been passed.*—These are, of course, pending cases and will be dealt with according to the revised policy.

3. The Government have decided that *all valuable lands* should be sold in public auction or assigned on collection of market value whichever is advantageous to the Government. The fact that some political sufferers have already obtained land without paying market value according to the old policy cannot be any ground for not enforcing the new policy. Collectors have been given powers to assign valuable lands other than those in the proximity of towns to landless poor persons by private sale on collection of market value. These orders apply to the assignment of all valuable lands, whoever the applicant may be, and no distinction has been made on the ground of what class the applicants belong to.

Madras Estates Land Act—Report for fasli 1361 (1951–52)—Reviewed.

READ—the following paper :—

From the Board of Revenue, Reference B.P. Rt. Press No. 3550-A (SE), dated 10th October 1952.

Order—No. 625, Revenue, dated 2nd March 1953.

Recorded.

2. *Volume of litigation.*—The total number of suits and applications instituted under the Madras Estates Land Act, 1908, during fasli 1361 was 11,063 (1,851 suits and 9,212 applications) as against 20,839 (7,330 suits and 13,509 applications) in fasli 1360. The following figures show the general trend of litigation under the Act :—

Fasli.	Total number of proceedings in thousands.	Fasli.	Total number of proceedings in thousands.
1347	105	1356	87
1348	110	1357	86
1349	126	1358	85
1350	138	1359	61
1351	143	1360	21
1352	122	1361	11
1355	121		

The number of suits and applications filed in fasli 1361 was the lowest in the last 13 faslis. The decrease was due to the fact that the Government had taken up the collection of the arrears of rent from fasli 1357 onwards under section 3 (4) of the Rent Reduction Act and from fasli 1356 onwards under section 55 (1) of the Abolition Act in the case of estates taken over under that Act and the landholders could file suits relating only to the arrears of the prior faslis. Of the total number of proceedings instituted during fasli 1361, the number instituted for recovery of rent was 10,406 or 94 per cent as against 90 per cent and 76 per cent in faslis 1360 and 1359 respectively. Of these 10,406 proceedings 59 or half per cent were for recovery by distraint and sale of movable and holdings. The remaining 99½ per cent were either suits for recovery of rent or applications for execution of decrees in such cases.

3. *Disposal of suits and applications.*—The total number of proceedings pending at the beginning of fasli 1361 was 10,253. Together with 11,063 received during the fasli, the total number of proceedings for disposal was 21,316. Out of these 16,493 were disposed of and the balance pending at the end of the fasli was 4,823. There was considerable decrease in pendency both in respect of suits and applications. This is mainly due to the fall in the receipt of suits and applications since the implementation of the Rent Reduction Act and the Abolition Act and the vigorous efforts on the part of the Revenue Divisional Officers to dispose of the maximum number of pending cases.

4. *Sale of ryots' holdings.*—In fasli 1361, an extent of 45·37 acres of ryots' holdings was brought to sale for arrears amounting to Rs. 3,341-13-2 and a sum of Rs. 3,281-8-7 was realised. The amount realised represents 98 per cent of the arrears as against 85-5/7 per cent in fasli 1360.

The value per acre realized in the fasli under review is more than the estimated value by Rs. 4-6-0 per acre whereas it was less by Rs. 36-8-0 per acre in the previous fasli. There is therefore no disparity between the estimated value and the amount realised. It is mainly due to excessive amount realised in Ramanathapuram district.

A distinction has been made between true and forced sales. The estimated value of lands shown under true sales works out to Rs. 49 per acre and the value realised to Rs. 61 per acre. The corresponding figures under forced sales are Rs. 119 and Rs. 104 per acre.

5. *Treatment of porambokes.*—Excepting some cases of encroachments in Bhadrachalam division of East Godavari district in which action is being taken by the Collector, no cases of unlawful interference by the zamindars with the porambokes set apart for the common use of the villagers were brought to notice in the fasli under review.

6. Most of the estates have been taken over under the Abolition Act. In the remaining estates not taken over, the working of the Estates Land Act was satisfactory.

It is reported that no applications were filed for remission of rent under section 39-A of the Madras Estates' Land Act, 1908.

There were generally no disputes about occupancy rights between major inamdars and their tenants.

The relationship between the landholders and the ryots was not very cordial during the fasli in the districts of Tanjore, Tirunelveli, Ramanathapuram and Srikakulam. In other districts, it is reported to have been cordial. The ryots have welcomed the implementation of the Rent Reduction Act and the Abolition Act.

From the Collector of East Godavari, dated 26th October 1952, D. Dis No. 21930/52.

Order—No. 679, Revenue, dated 7th March 1953.

The Government direct that the plot of land comprised in T.S. No. 84/1-D of Kakinada town, Kakinada taluk, East Godavari district, measuring 2,905 square feet alienated in B.P. Mis. No. 1679, dated 24th June 1940 in favour of the Municipal Council, Kakinada, be resumed.

2. The Government do not see any reason why they should alienate the land for a denominational purpose. They consider that it must be enough to give possession with right to build thereon for the purpose mentioned and reserve the right to resumption without any cause shown or rights to compensation. The Board of Revenue is requested to issue instructions to the Collectors accordingly.

3. The Collector of East Godavari should be requested to take action on the application of Sri Sayi Baba Bhajana Mandir for the plot of land asked for by it on the lines indicated above.

Resolution of the Board of Revenue, B.P. Mis. No. 211, dated 18th February 1953.

Order—No. 688, Revenue, dated 9th March 1953.

In his letter read above, the Commissioner, Tiruvannamalai Municipality, requested clarification on the following points :—

(1) Whether the Government sanction is necessary in the case of the construction of a petrol pump on private site ; and

(2) if the proprietor gets a " No objection " certificate from the Collector for the installation of a petrol pump and also a licence for the occupation of Government land, whether it will still be necessary to obtain the sanction of the Government for the installation before licence under the District Muncipalities Act is issued.

The Government consider that—

(1) in cases where a petrol pump is to be constructed on a private land, it is not necessary to obtain the sanction of the Government provided the District Collector issues a " No objection " certificate ; and

(2) in all cases of construction of petrol pumps on Government lands, the specific sanction of the Government is necessary.

REVENUE DEPARTMENT

G.O. No. 753, 15th March 1953

Tax—The Madras General Sales Tax Act, 1939—Section 13—Maintenance of accounts in State languages—Amendment to provide for maintenance of accounts in Marwari and Gujarati languages—Proposals—Dropped.

READ—the following papers :—

G.O. Ms. No. 82, Revenue, dated 16th January 1948.

Government Memorandum No. 21828-N/48-1, Revenue, dated 10th May 1948.

Government Memorandum No. 44583-N/48-2, Revenue, dated 1st October 1948.

Order—No. 753, Revenue, dated 15th March 1953.

In the memorandum last read above, the Government observed that the question of amending the Madras General Sales Tax Act, so as to permit the maintenance of accounts in any language was under consideration and directed that the provisions in section 13 of the Madras General Sales Tax Act requiring the maintenance of accounts in one of the languages of the State, namely, Tamil, Telugu, Malayalam, Kannada or Hindustani or in English need not be insisted upon until further orders. The Government have since examined the question whether section 13 of the Madras General Sales Tax Act should be amended so as to permit the maintenance of accounts in Marwari and Gujarati languages also. They consider that section 13 is wide enough to permit such dealers to maintain their accounts in Hindustani (*the lingua franca of the Indian Republic*) or in English and that no further concession to these dealers is necessary. They accordingly in supersession of the orders in the Government memorandum, dated 1st October 1948, read above, direct that with effect from the account year commencing from 1st April 1953 the provisions of section 13 of the Madras General Sales Tax Act be strictly enforced.

2. The Board of Revenue is requested to issue necessary instructions to all subordinate officers in the matter.

APPENDIX.

NOTIFICATION.

In exercise of the powers conferred by sections 38 (2) and 67 of the Madras Estates (Abolition and Conversion into Ryotwari) Act, 1948 (Madras Act XXVI of 1948), the Governor of Madras hereby makes the following amendments to the rules published with the Revenue Department notification, dated the 31st January 1952 at pages 98–99 of the Rules Supplement to Part I of the *Fort St. George Gazette*, dated the 12th February 1952.

AMENDMENT.

In the said rules—

I. (1) In rule 2—for the words "Settlement Officer" in the two places where they occur, the words "Manager of the Estate" shall be substituted;

(2) under the heading "Particulars" for item (2) and the entry against it, the following shall be substituted, namely :—

(2) Jodi or like amounts if any, payable to a landholder of some other estate;

(3) in the heading in Form (A), for the words "occupied ryoti lands", the words, "ryoti lands in the occupation of ryots" shall be substituted;

II. for rule 3, the following rule shall be substituted, namely :—

"The Manager of the Estate shall check the particulars including those in Form (A) furnished under rule 2 and furnish the Director of Settlements with the correct data on the basis of which the latter shall work out the compensation payable under sub-section (2) of section 38. He shall also submit at the same time the particulars and the statement in Form (A) received by him under rule 2 to the Director of Settlements;

III. in rule 4, under the heading "Expenditure" in item (3), for the words "Superior landholder" the words "landholder of some other estate" shall be substituted;

IV. for rule 6, the following rule shall be substituted, namely :—

"When the trustee, manager, or other person in charge of the institution does not furnish the particulars in accordance with the rule 2, the Director of Settlements shall work out the compensation payable to the institution after causing such local enquiry and scrutiny of records, as he may deem fit, through the Managers of the Estates, who shall furnish the information required for this purpose when called for".
