**DESCRIPTIVE MEMOIR OF BAVASAHEBPETTAI OF THE
CONJEVERAM TALUK.**

SITUATION. This village is situated about 5 miles East of Conjeveram.

AREA. The total area prior to Survey was, omitting fractions, 53 acres; by Survey it is 60 acres; increase 7 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively on account of unfavorable seasons and on account of any roads, channels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion therefore, of any Government Poramboke, in any Survey field, does not confer on the cultivator of that field, the right of entering on such Poramboke, or of, in any way interfering with it, and any unauthorized encroachment on such Poramboke will be severely dealt with. This applies to both Government and Inam lands, Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARICATION. This village contains 1 Kandams, or sub-division and 30 Survey fields.

The demarcation marks erected are :—

Boundary stones.		Off-sets.		Field stones.

IRRIGATION. There are no lands in this village. The dry lands are placed in the 2nd group.

CROPS. The acreage of the crops cultivated in Fasli 1287, as per Karnam's accounts, is as under:—

Name of Crop.	Irrigated or Dry.	Area in Acres.
Varagu	Dry ...	6

SETTLEMENT. Commencing from the frontier of Kiloddivakkam, block A, a tract of ordinary black sand, comprising Nos. 1 to 4, 11, 18 to 20, 22 to 27, 29 and 30 is assessed in class VII. Almost surrounded by A, block B, a tract of good black sand comprising Nos. 5 to 10, 12 to 17, 21 and 28 is assessed in class VI.

The following table exhibits the revised assessment of the Pattah lands of the village:—

Description of land.	Block.	Class.	Dry.					
			Rate per Acre.		Area.		Assessment.	
			Rs.	A.	Acres.	Cents.	Rs.	A.
Ordinary black sand	...	A VII	0	12	9	42	7	1
Good do do	...	B VI	1	4	9	3	11	5
Total...			...	...	18	45	18	6

The land assessment for Fasli 1286 was Rupees 17 ; by Settlement it Rupees 18; increase Rupee 1. The former wet land assessment was charged at Rupees 2-10-5 and Rupees 5-15-6 an acre. The ordinary dry lands were held at Annas 15-11 and Rupees 2-9-7 an acre.

SAMUDAYAM. There are no common lands in this village.

MIRASI TENURE. As the Government have recognized the Mirasidar's claim to a percentage fee (Swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands for which the lands are divided into (i) Pangu, (ii) Durkast, and (iii) Waste.

Pangu lands.—This is an Ekabogam village. The Mirasi lands, 16 acres and 75 cents. are entered in the names of Kumarasami Mudali and Munisami Mudali. The fee registered against these lands is at present a mere matter of account and need not be collected, as the Mirasidars themselves hold the lands. But if these lands hereafter become waste by relinquishment and are taken up again either by the Mirasidars or by a stranger, they will be chargeable with the fee plus the taram assessment and the fee thus collected will be payable to the Mirasi body.

Durkast lands.—These are not at present liable to the payment of the fee as the pattahdars have hitherto held them free of any such payment. Consequently no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on Durkast, they will be dealt with in the same manner as registered Pangu lands, and the fee will be chargeable on them at the rate of 2 Annas per Rupee of assessment.

The lands free of Swatantram till resigned are Nos. 1, 6B, 10B, 12H, 14B, 18 and 22 held by 4 Durkastdars.

Waste lands.—The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must, therefore, clearly understand that when they take up these lands, they will have to pay the fee plus the taram assessment registered against each field. The Swatantram fee on the waste of this village (12 acres and 98 cents.) amounts in the aggregate to Rupees 1-5-0.

PASTURAGE. No lands have been specially set aside for this purpose. The cattle are fed on the pattah lands and Government waste.

BUILDING SITE. Is sufficient for present requirements. No new enclosure is to be made or new building erected without permission in future within the limits of the building site.

INAMS.

The following lands are held tax-free :—

Ag, Unconv. Asst. Revenue Settlement.

NOTE.—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.

Director of Revenue Settlement.
