No. 158.

DESCRIPTIVE MEMOIR OF JAMBODAI OF THE
CONJEVERAM TALUK.

SITUATION.

This village is situated 10 miles north-east of the Conjeveram.

AREA.

The total area prior to Survey was, omitting fractions, 255 acres; by Survey it is 341 acres; increase 86 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavorable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government Poramboke, in any Survey field, does not confer on the cultivator of that field the right of entering on such Poramboke, or of, in any way interfering with it, and any unauthorized encroachment on such Poramboke will be severely dealt with. This applies to both Government and Inam lands, Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARCATIOM.

This village contains 3 Kandams or Sub-divisions, and 46 Survey fields.

The demarcation marks erected are:—

IRRIGATION.

This village is irrigated by a rain-fed Tank. The irrigation is inferior. The irrigated lands have accordingly been placed in the 3rd group. The dry lands are placed in the 2nd group.

The revised irrigated area of the Government occupied lands of the village is 56 acres, 41 cents. assessed at Rupees 112-13-0.

KUDI MARAMAT.

The ryots have undertaken to keep the sluices clear of silt, and to clear the distributing channels when needed, at their own cost, as per separate statement.

CROPS.

The acreage of the crops cultivated in Fasli 1286, as per Kar-nam's accounts, is as under:—

Name of Crop.					Irrigated or Dry.	Area in acres.

SETTLEMENT.

Commencing from the frontier of Ramanujapuram block A, irrigated by a Tank No. 31, comprising Nos. 1 to 46, is assessed in class IX. There are no Manavari or lands irrigated by baling in this village. The dry lands are also assessed in class IX.

The following table exhibits the revised assessment of the Pattah lands of the village:—

Description of land.	Block.	Class.	Irrigated.										Class.	Dry.							
			Rate per acre.		Area.		Assessment.							Rate per Acre.		Area.		Assessment.

The land assessment for Fasli 1286 was Rupees 92; by Settlement it is Rupees 138; increase Rupees 46. The former wet land assessment was charged at rates varying from Annas 7-11 to Rupees 2-4-5 an acre. The ordinary dry lands were held at Annas 7-11 to Annas 15-2 an acre.

SECOND CROP.

No lands have been compounded for as permanent double crop.

SAMUDAYAM.

There are no common lands in this village.

MIRASI TENURE.

As the Government have recognized the Mirasidar's claim to a percentage fee (Swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (i) Pangu, (ii) Durkast, and (iii) Waste.

Pangu lands.—This is an Ekboagam village. The Mirasi lands 130 acres and 60 cents are entered in the name of Rangammal. The fee registered against these lands is at present a mere matter of account and need not be collected, as the Mirasidar herself holds the lands according to their respective shares. But if these lands hereafter become waste by relinquishment and are taken up again either by the Mirasidar or by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

Durkast lands.—There are no Durkast lands in this village.

Waste lands.—The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up these lands they will have to pay the fee plus the taram assessment registered against each field. The swatantram fee on the waste of this village (97 acres, 58 cents.) amounts in the aggregate to Rupees 9-5-0.

PASTURAGE.

Nos. 1, 2 and 46 amounting to 44 acres and 50 cents have been set aside for this purpose.

BUILDING SITE.

No. 3B, has been added to the building site. No new enclosure is to be made or new building erected without permission in future within the limits of the building site.

INAMS.

The following lands are held tax-free:—

NOTE.—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.

Director of Revenue Settlement.
