

**DESCRIPTIVE MEMOIR OF KARUPPADITETTADI OF THE
CONJEVERAM TALUK.**

SITUATION. This village is situated 1 mile north of Conjeveram.

AREA. The total area prior to Survey was, omitting fractions 41 acres; by Survey it is 44 acres; increase 3 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavorable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke, in any Survey field, does not confer on the cultivator of that field, the right of entering on such poramboke, or of, in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with. This applies to both Government and Inam lands Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARICATION. This village contains 1 Kandam, or sub-divisions and 26 Survey fields.

The demarcation marks erected are :—

The revised irrigated area of the Government occupied lands is 30 acres ; and 65 cents. assessed at Rupees 152-13-0 for a single crop.

KUDI-MARAMAT. The ryots have undertaken to keep the sluices clear of silt, and to clear the distributing channels when needed at their own cost as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1286 as per Karnam's accounts, is as under :—

Name of Crop.						Irrigated or Dry.	Area in Acres.

SETTLEMENT. Commencing from the frontier of Senduvali, &c. (Shortriam,) block A, irrigated by the Putteri Tank, comprising Nos. 1 to 26 is assessed in class III. There are no Manavari lands in this village. The lands irrigated by baling are assessed at one Rupee an acre less than the rate assigned to the block in which they are situated. The dry lands intermixed with the irrigated area are assessed in the class and sort assigned to the block in which they are situated.

The following table exhibits the revised assessment of the Pattah lands of the village.—

The land assessment for Fasli 1286 was Rupees 186 ; by Settlement it is Rupees 155 ; decrease Rupees 31. The former wet land assessment was charged at rates varying from Rupees 5-10-0 to Rupees 8-4-0 an acre.

SECOND CROP. No lands have been compounded for as permanent double crop.

SAMUDAYAM. There are no common lands in this village.

MIRASI TENURE. As the Government have recognized the Mirasidar's claim to a percentage fee (Swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands for which the lands are divided into (i) Pangu, (ii) Durkast, and (iii) Waste.

Pangu lands.—This is an Ekabogam village. The Mirasi lands 31 acres and 12 cents. are entered in the name of Basavappa Setti. The fee registered against these lands is at present a mere matter of account and need not be collected, as the Mirasidar himself holds the lands. But if these lands hereafter become waste by relinquishment and are taken up again either by the Mirasidar or by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

Durkast lands.—There are no Darkast lands in this village.

Waste lands.—There no culturable waste lands in this village.

PASTURAGE. No lands have been specially set aside for this purpose. The cattle are fed on the pattah lands and Government waste.

BUILDING SITE. Is sufficient for present requirements. No new enclosure is to be made or new building erected without permission in future within the limits of the building site.

NAMS. The following lands are held tax-free :—

NOTE.—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.
