

DESCRIPTIVE MEMOIR OF MANGALPADI OF THE CONJEVERAM TALUK.

SITUATION. This village is situated 4 miles west of Conjeveram.

AREA. The total area prior to Survey was, omitting fractions 97 acres; by Survey it is 69 acres; decrease 28 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce, of wet and dry lands respectively, on account of unfavorable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke, in any Survey field, does not confer on the cultivator of that field, the right of entering on such poramboke, or of, in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with. This applies to both Government and Inam lands, Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARICATION. This village contains 1 Kandam, or sub-division and 27 Survey fields.

The demarcation marks erected are:—

Boundary Stones.		Offsets.		Field Stones.

IRRIGATION. This village is irrigated by a rain-fed Tancal. The irrigation is ordinary. The irrigated lands have accordingly been placed in the 2nd group. dry lands are also placed in the 2nd group.

The revised irrigated area of the Government occupied lands is 9 acres and 26 cents assessed at Rupees 27-13-0 for a single crop.

KUDI MARAMAT. The ryots have undertaken to keep the sluices clear of silt, and to clear the distributing channels when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1286 as per Karnam's accounts is as under:—

Name of Crop.	Irrigated or Dry.	Area in Acres.
Paddy	Irrigated.	1

SETTLEMENT. Commencing from the frontier of Kilambi, block A, irrigated by the Tancal, No. 22, comprising Nos. 1 to 27 is assessed in class VI. There are no Manavari or lands irrigated by baling in this village. The dry land are assessed in the class VII.

The following table exhibits the revised assessment of the Pattah lands of the village:—

Description of land.		Block.	Class.	IRRIGATED.										Class.	DRY.

The land assessment for Fasli 1286 was Rupees 30; by Settlement it is Rupees 30. The former wet land assessment was charged at Rupees 2-4-0 an acre. The ordinary dry lands were charged at a uniform rate of Rupees 1-0-6 an acre.

SECOND CROP. No lands have been compounded for as permanent double crop.

SAMUDAYAM. There are no common lands in this village.

MIRAS TENURE. As the Government have recognized the Mirasidar's claim to a stage fee (Swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands for which the lands are divided into (i) Pangu, (ii) Durkast, and (iii) Waste.

Pangu lands.—The Mirasidars 2 in number have hitherto held 10 acres and 95 cents. in 1 share. These lands have now been distinguished, re-divided where necessary, and entered in individual patta's. The fee registered against these lands is at present a mere matter of account and need not be collected, as the Mirasidars themselves hold the lands according to their respective shares. But if these lands hereafter become waste by relinquishment and are taken up again either by a Mirasidar or by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

Durkast lands.—These are not at present liable to the payment of the fee as the Pattahdars have hitherto held them free of any such payment. Consequently no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on Durkast, they will be dealt with in the same manner as registered Pangu lands, and the fee will be chargeable on them at the rate of 2 Annas per Rupee of assessment.

The lands free of swatantram till resigned are Nos. 15A, and 16B, held by a Durkastdar.

Waste lands.—The fee registered against these lands is all that the Mirasi body is likely to realize at present and that only when these lands are applied for. Intending applicants must, therefore, clearly understand that when they take up these lands they will have to pay the fee plus the taram assessment registered against each field. The Swatantram fee on the waste of this village (35 acres and 50 cents.) amounts in the aggregate to Rupees 4-1-0.

The names and shares of the present Mirasidars are as under:—

No.	Name of Mirasidars.	Shares.
1	Lakshmana Ammal	$\frac{1}{2}$
2	Anantalvar and Ragava Chari	$\frac{1}{2}$
Total..		1

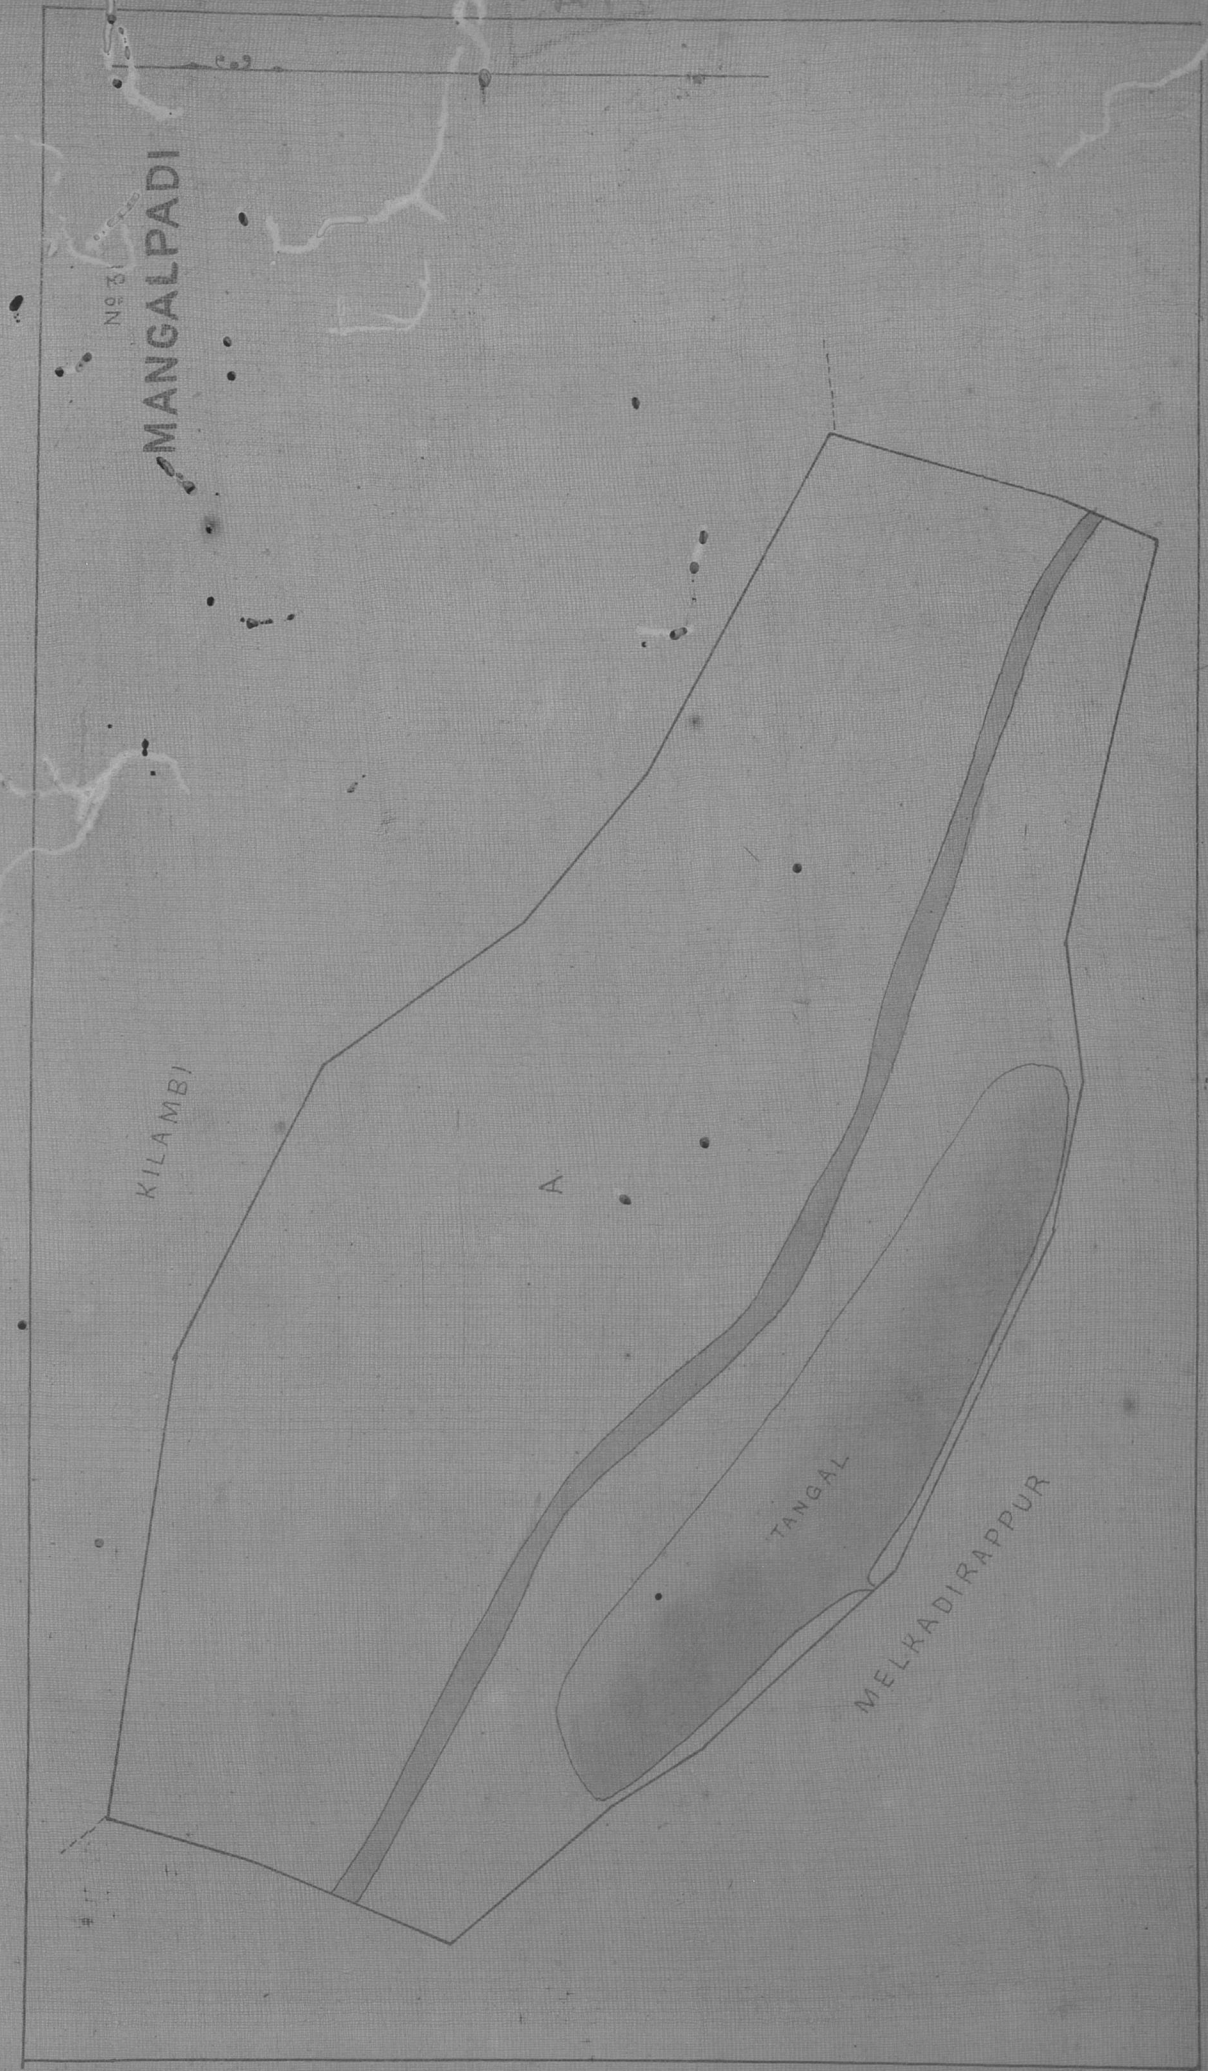

PASTURAGE. No lands have been specially set aside for this purpose. The cattle are fed on the pattah lands and Government waste.

BUILDING SITE. No. 9A, has been added to the building site. No new enclosure is to be made or new building erected without permission in future within the limits of the building site.

INAMS. The following lands are held tax-free:
