

No. 372.

**DESCRIPTIVE MEMOIR OF NAVETTIKULAM OF THE
CONJEVERAM TALUK.**

SITUATION. This village is situated 12 miles North-east of Conjeveram.

AREA. The total area prior to Survey was, omitting fractions, 98 acres; by Survey it is 112 acres; increase 14 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavorable seasons and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke, in any Survey field, does not confer on the cultivator of that field, the right of entering on such poramboke, or of, in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with. This applies to both Government and Inam lands. Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARCATATION. This village contains 2 Kandams or Sub-divisions and 76 Survey fields.

The demarcation marks erected are :—

West of D, block E, with the same irrigation, comprising Nos. 2, 13 to 17, 23, 24 and 27 to 35 is assessed in class IV. South-west of E, block F, similarly irrigated, comprising Nos. 18 to 22, 25, 26 and 36 to 41 is assessed in class VI. There are no Manavari lands in this village. The lands irrigated by baling are assessed at 1 Rupee an acre less than the rate assigned to the block in which they are situated. There are no dry lands in this village.

The following table exhibits the revised assessment of the Pattah lands of the village :—

The land assessment for Fasli 1,286 was Rupees 356; by Settlement it is Rupees 448; increase Rupees 92. The former wet land assessment was charged at rates varying from Rupees 1-14-4 to Rupees 6-13-2 and the ordinary dry lands were held at Rupees 2-10 5 an acre.

SECOND CROP. Blocks BE and F, have been compounded for as permanent double crop at 1 additional to the single crop assessment.

SAMUDAYAM. There are no common lands in this village.

MIRASI TENURE. As the Government have recognized the Mirasidar's claim to a percentage fee (Swatantram) on the taram assessment, the following arrangements are made, for its future collection and payment.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (i) Pangu, (ii) Durkast and (iii) Waste.

Pangu lands.—This is an Ekabogam village and the Mirasi lands are entered in the name of Nachappa Settiyar, Manikka Settiyar and Sundara Settiyar. The fee registered against these lands is at present mere matter of account and need not be collected, as the Mirasidar himself holds the lands. But if these lands hereafter become waste by relinquishment and are taken up again either by the Mirasidar or by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

Durkast lands.—There are no Durkast lands in this village.

Waste lands.—The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for.

Intending applicants must, therefore, clearly understand that when they take up these lands they will have to pay the fee plus the taram assessment registered against each field. The Swatantram fee on the waste of this village (5 acres and 9 cents.) amounts in the aggregate to Rupees 3-1-0.

PASTURAGE. No lands have been specially set aside for this purpose. The cattle are fed on the Pattah lands and Government waste.

BUILDING SITE. Is sufficient for present requirements. No new enclosure is to be made or new building erected without permission in future, within the limits of the building site.

INAMS. The following lands are held tax-free or on favorable terms:—

NOTE.—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.

W. WILSON,
Director of Revenue Settlement.
