

**DESCRIPTIVE MEMOIR OF VIRAMBADI OF THE
CONJEVERAM TALUK.**

SITUATION. This village is situated 5 miles south-east of Conjeveram

AREA. The total area prior to Survey was, omitting fractions 105 acres ; by Survey it is 154, 2 acres ; increase 49 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavorable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke, in any Survey field, does not confer on the cultivator of that field the right of entering on such, poramboke, or of, in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with. This applies to both Government and Inam lands, Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARICATION. This village contains 2 Kandams, or sub-divisions and 36 Survey fields.

The demarcation marks erected are :—

Boundary Stones.		Offsets.		Field Stones.

IRRIGATION This village is irrigated by the Tenambakkam Tank. The irrigation is good. The irrigated lands have accordingly been placed in the 1st group. The dry lands are placed in the 2nd group.

The revised irrigated area of the Government occupied land is 29 acres and 52 cents, assessed at Rupees 88-13-0 for a single crop.

KUDI MARAMVT. The ryots have undertaken to keep the sluices clear of silt, and to clear the distributing channels and the drainage channels, when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1286 as per Karnam's accounts, is as under :—

SETTLEMENT Commencing from the frontier of Tenambakkam, block A, irrigated by the Tenambakkam Tank, comprising Nos. 1 to 36 is assessed in class VI. There are no Manavari or lands irrigated by baling in this village. The dry lands are assessed in class VIII.

The following table exhibits the revised assessment of the Pattah land of the village :—

Description of land.	Block.	Class.	IRRIGATED.						
			Rate per Acre.		Area.		Assessment.		
			Rs.	A.	Acres.	Cents.	Amount.	2d crop.	Total.
Inferior black sand	...	A	3	0	29	52	88	13	...
Total...	...	VI	...	...	29	52	88	13	...

The land assessment for Fasli 1286 was Rupees. 82 ; by Settlement it is Rupees 89 ; increase 7. The former wet land assessment was charged at rates varying from Rupees 1-15-6 to Rupees 3-15-0 an acre. The ordinary dry lands were held at Rupees 1-5-0 and Rupees 1-15-6.

SECOND CROP. No lands have been compounded for as permanent double crop.

SAMUDAYAM. There are no common lands in this village.

MIRASI TENURE. As the Government have recognized the Mirasidar's claim to a percentage fee (swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands for which the lands are divided into (i) Pangu (ii) Durkast, and (iii) waste.

Pangu lands.—The Mirasidars 5 in number have hitherto held 27 acres and 99 cents. in 6 shares. These lands have now been distinguished re-divided where necessary, and entered in individual pattabs. The fee registered against these lands is at present a mere matter of account, and need not be collected as the Mirasidars themselves hold the lands according to their respective shares. But if these lands hereafter become waste by relinquishment and are taken up again either by a Mirasidar or by a stranger, they will be chargeable with the fee plus the taram assessment and the fee thus collected will be payable to the Mirasi body.

Durkast lands.—These are not at present liable to the payment of the fee as the pattahdars have hitherto held them free of any such payment. Consequently no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on Durkast they will be dealt with in the same manner as registered Pangu lands, and the fee will be chargeable on them at the rate of 2 Annas per Rupee of assessment.

The lands free of swatantram till resigned are Nos. 1A and 31A, held by one Durkastdar.

Waste lands.—The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must, therefore, clearly understand that when they take up these lands, they will have to pay the fee plus the taram assessment registered against each field. The Swatantram fee on the waste of this village (9 acres and 37 cents.) amounts in the aggregate to Rupees 2-3-0.

The names and shares of the present Mirasidars are as under :—

No.	Name of Mirasidar	Shares.
1	Strinivsa Chariyar (deceased)	1
2	• Sakkaaji Rayar	1
3	Darma Nayakkan	1
4	Krishna Pillai	1
5	Sulaikkara Muniyappa Nayakkan	2
Total...		6

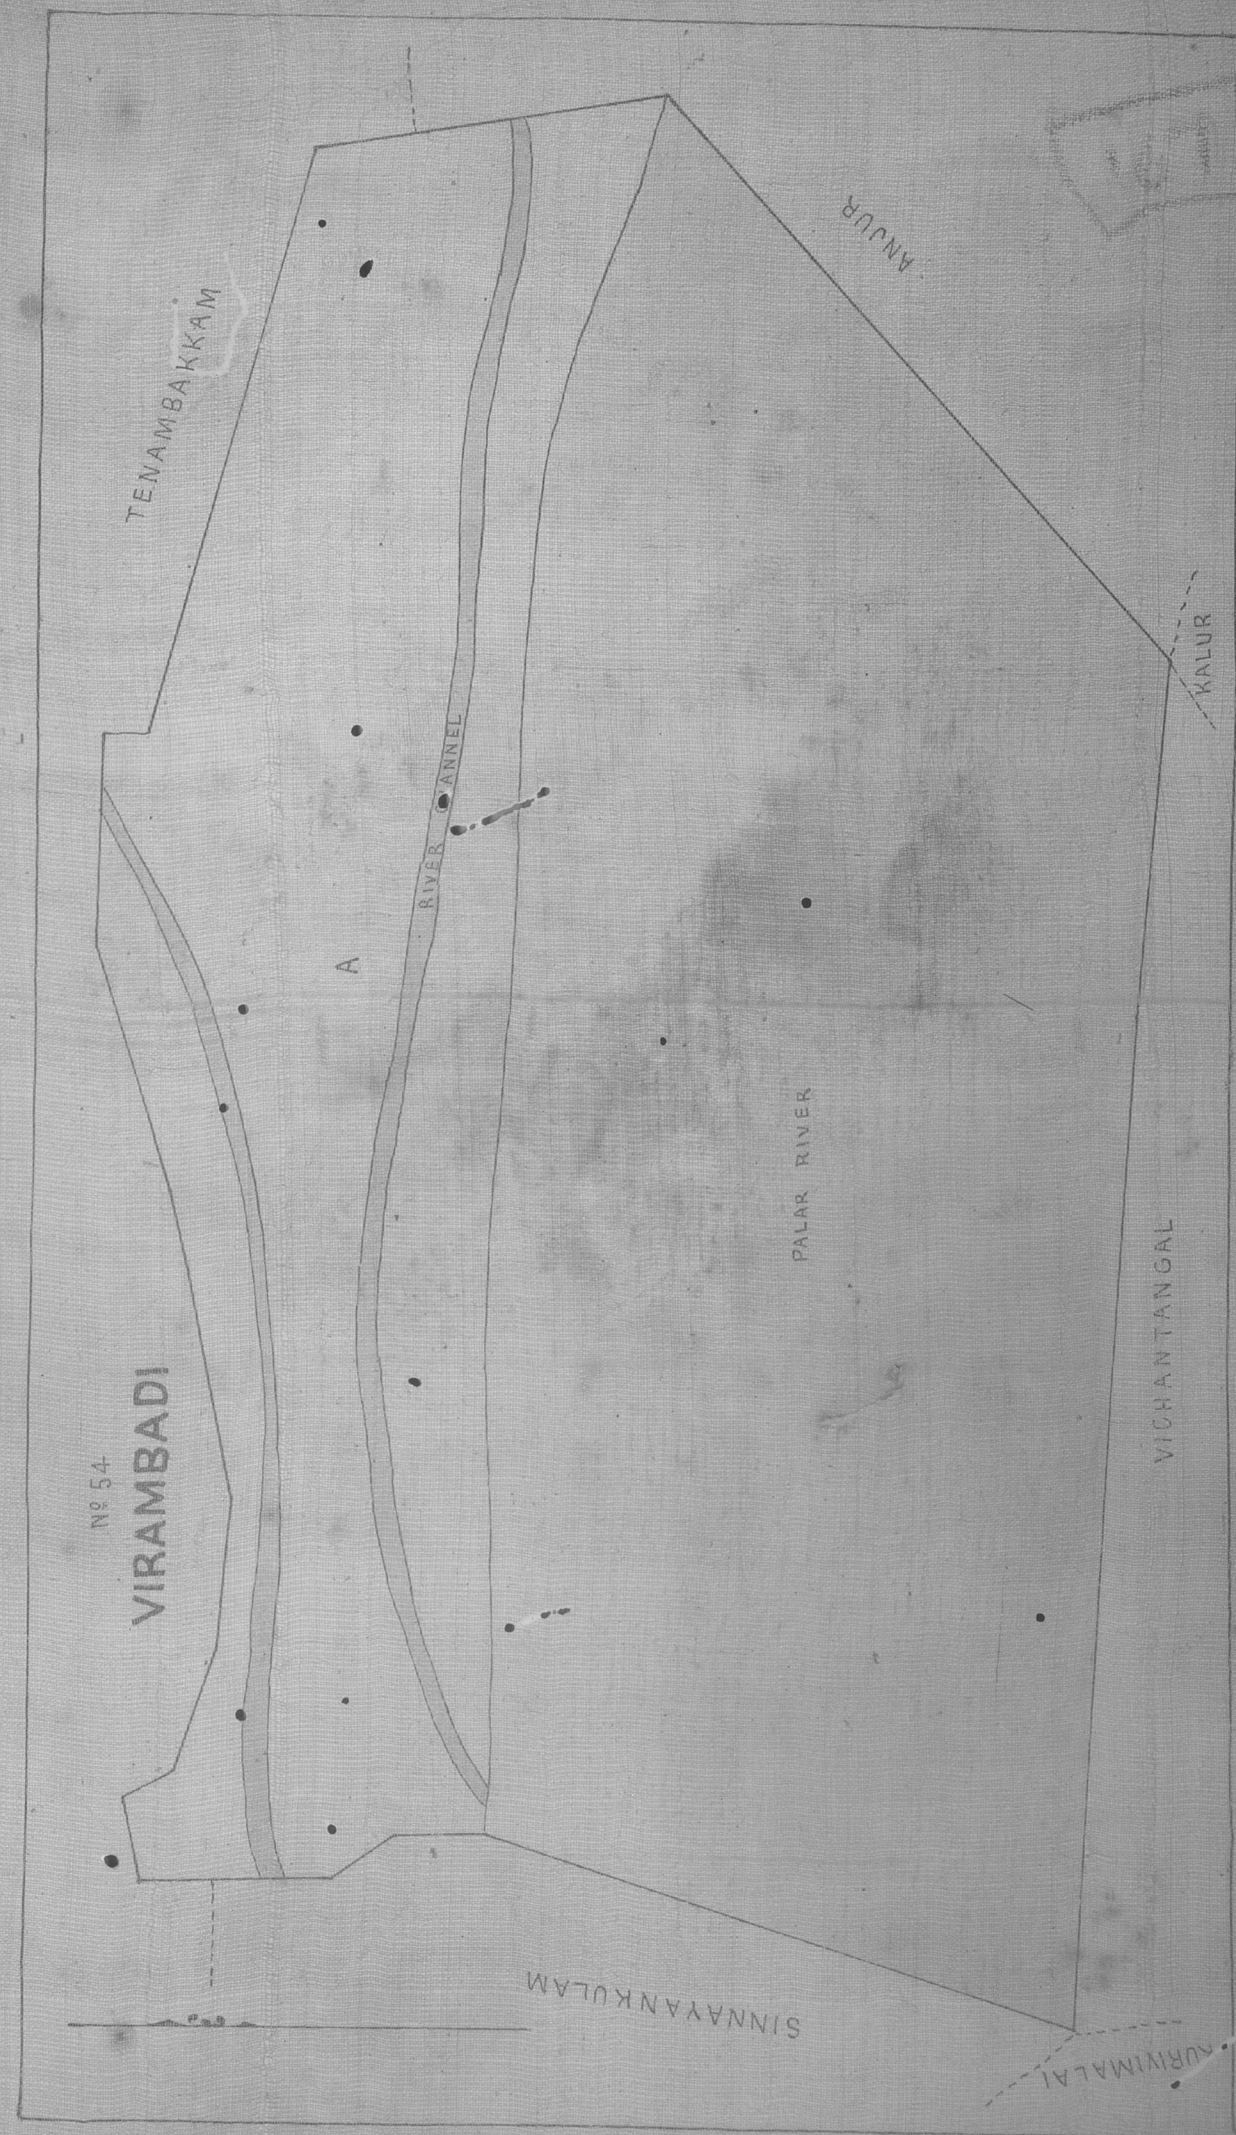

PASTURAGE. No. 4A, amounting to 4 acres and 15 cents, have been set aside for this purpose.

BUILDING SITE. Is sufficient for present requirements. No new enclosure is to be made or new building erected without permission in future.

INAMS The following lands are held tax-free :—
