No. 60.

DESCRIPTIVE MEMOIR OF KOLATTUR OF THE MADURANTAKAM TALUK.

SITUATION. This village is situated 6 miles north-west of Madurantakam.

AREA. The total area prior to Survey was, omitting fractions 729 acres ;
by Survey it is 746 acres ; increase 17 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavorable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion therefore, of any such Government poramboke, in any Survey field, does not confer on the cultivator of that field, the right of entering on such poramboke, or of, in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with. This applies to both Government and Inam lands, Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARCATIION. This village contains 5 Kandams, or sub-divisions and 139 Survey fields.

The demareation marks erected are :—

The land assessment for Fasli 1286 was Rupees 394; by Settlement it is Rupees 409; increase, Rupees 15. The former wet land assessment was charged at Rupees varying from Rupees 2-4-0 to Rupees 4-8-0 an acre. The Manavari lands were held at Rupees 1-5-0, and the ordinary dry lands at rate varying from Annas 10 to Rupees 1-5-0 an acre.

DOUBLE CROP. No lands have been compounded for as permanent double crop.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands for which the lands are divided into (i) Pangu, (ii) Durkast, and (iii) Waste lands.

Pangu lands.—This is an Yegabogam village and all the lands have been held by one Mirasidar. The fee registered against these lands is at present a matter of account and need not be collected as the Mirasidar himself holds the lands. But if these lands hereafter become waste by relinquishment or are taken up again by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the Mirasidar.

Durkast lands.—There are no Durkast lands in this village.

Waste lands.—The fee registered against these lands is all that the Mirasidar is likely to realize at present, and that only when these lands are applied for by applicants must therefore clearly understand that when they take up the lands they will have to pay the fee plus the taram assessment registered against each field. The swantantram fee on the waste of this village (66 acres and 6 cents) amounts in the aggregate to Rupees 6-13-0.

AGE. No lands have been specially set aside for this purpose.

SITE. Is sufficient for present requirements. No new enclosure is to be made or new building erected without permission in future.

INAMS.

NOTE.—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.

W. WILSON,
Director of Revenue Settlement.
