No. 275.

# DESCRIPTIVE MEMOIR OF NIRKUNRAM OF THE MADURANTAKAM TALUK.

**SITUATION.** This village is situated 12 miles west of Madurantakam.

**AREA.** The total area prior to Survey was, omitting fractions 271 acres; by Survey it is 280 acres; increase 9 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce, of wet and dry lands respectively, on account of unfavorable seasons and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field does not confer on the cultivator of that field, the right of entering on such poramboke, or of, in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with. This applies to both Government and Inam lands, Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

**DEMARCATION.** This village contains 2 Kandams, or sub-divisions and 77 Survey fields.

The demarcation marks erected are :—

The former wet land assessment was charged at rates varying from Rupees 2-10-0 to Rupees 3-9-0 an acre, and the ordinary dry lands were held at rates varying from Rupees 1-5-0 to Rupees 1-10-3 an acre.

**SECOND CROP.** No lands have been compounded for as permanent double crop.

**SAMUDAYAM.** There are no common lands in this village.

**MIRASI TENURE.** As the Government have recognized the Mirasidar's claim to a percentage fee (Swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands for which the lands are divided into (i) Pangu, (ii) Durkast, and (iii) Waste.

*Pangu lands.*— This is an Ekabogam village and all the lands are held by one Mirasidar M. Subba Rayar. The fee registered against these lands is at present a mere matter of account and need not be collected, as the Mirasidar himself holds the lands. But if these lands hereafter become waste by relinquishment and are taken up again by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

*Durkast lands.*—There are no Durkast lands in this village.

*Waste lands.*—The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must, therefore, clearly understand that when they take up these lands, they will have to pay the fee plus the taram assessment registered against each field. The Swatantram fee on the waste of this village ( 90 acres and 67 cents.) amounts in the aggregate to Rupees 19-4-0.

**PASTURAGE AND EIRE WOOD JUNGLE.** No lands have been specially set aside for this purpose.

**BUILDING SITE.** 47 cents. of No. 22 has been added to the building site. No new enclosure is to be made or new building erected without permission in future.

**INAMS.** The following lands are held tax-free or on favorable terms :—

T VENKATA CHARI,
Asst. Director of Revenue Settlement.

*NOTE.*—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.

W. WILSON,
*Director of Revenue Settlement.*
