

DESCRIPTIVE MEMOIR OF ORAKKATTUPETTAI OF THE
MADURANTAKAM TALUK.

SITUATION. This village is situated 10 miles north of Madurantakam.

AREA. The total area prior to Survey was, omitting fractions 181 acres; by Survey it is 196 acres; increase 15 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce, of wet and dry lands respectively, on account of unfavorable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke, in any Survey field, does not confer on the cultivator of that field, the right of entering on such poramboke, or of, in any way interfering with it, and any unauthorized encroachment on such poramboke, will be severely dealt with. This applies to both Government and Inam lands, Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARCATIION. This village contains 2 Kandams, or sub-divisions and 51 Survey fields.

The demarcation marks erected are :—

Boundary Stones.		Offsets.		Field Stones.
Village.	Kandam.	Village.	Kandam.

IRRIGATION. This village is irrigated by a rain-fed Tungal. The situation and irrigation are both ordinary. The wet and dry lands are both placed in the 2nd group.

The revised irrigated area of the Government occupied lands is 19 acres and 18 cents assessed at Rupees 76-12-0 for a single crop.

KUDI MARAMAT. The ryots have undertaken to keep the sluices clear of silt and to clear the distributing channels when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1286 as per Karnam's accounts, is as under :—

SETTLEMENT. Commencing from the Kavittandalam frontier, block A, a tract of good red sand situated round and about the village site, comprising Nos. 1 to 14, 17 to 26, 42, 45, 47 and 51 is assessed in class VI dry. Jutting in to A, in the south, block B, a patch of good red loam, situated round and about the village site, comprising Nos. 15, 16, 27 to 41, 43, 44, 46 and 48 to 50 is assessed in class IV wet and V dry. There are no Manavari or lands irrigated by baling in this village.

The following table exhibits the revised assessment of the village :—

The land assessment for Fasli 1286 was Rupees 206 ; by Settlement it is Rupees 197 ; decrease Rupees 9. The former wet land assessment was charged at rates varying from Rupees 3-9-0 to Rupees 5-13-0 an acre, and the ordinary dry lands at rates varying from Rupees 1-5-0 to Rupees 1-9-0 an acre.

SECOND CROP. No lands have been compounded for as permanent double crop.

MIRASI TENURE. As the Government have recognized the Mirasidar's claim to a percentage fee (Swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (i) Pangu, (ii) Durkast, and (iii) Waste.

Pangu lands.—The Mirasidars 31 in number have hitherto held 115 acres and 89 cents. in 1 share. These lands have now been distinguished, re-divided where necessary, and entered in individual pattahs. The fee registered against these lands is at present a mere matter of account and need not be collected, as the Mirasidars themselves hold the lands according to their respective shares. But if these lands hereafter become waste by relinquishment and are taken up again either by a Mirasidar or by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

Durkast lands.—There are no Durkast lands in this village.

Waste lands.—The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must, therefore, clearly understand that when they take up these lands they will have to pay the fee plus the taram assessment, registered against each field. The Swatantram fee on the waste of this village (19 acres and 7 cents.) amounts in the aggregate to Rs. 4-15-0.

The names and shares of the present Mirasidars are as under :—
