

No. 168.

DESCRIPTIVE MEMOIR OF ANDARMATAM OF THE
PONNERI TALUQ.

Situation. This village is situated 7 miles east of Ponneri the Kasbah station.

Area. The total area prior to Survey was, omitting fractions, 790 acres; by Survey it is now 830 acres; net increase 40 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavourable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with.

This applies to both Government and Inam land. Survey excess to the extent of 10 per cent. being allowed to the Inams, free of charge, under Board's Circular No. 173.

Demarcation. This village contains 7 Kandams or sub-divisions, and 107 Survey fields.

The demarcation marks erected are :—

Boundary stones.		Off-sets.		Field stones.
Village.	Kadam.	Village.	Kadam.

Irrigation. This village is irrigated by a tangal and rain-fed tank and by baling from 3 ponds. The irrigation is inferior. The irrigated lands have accordingly been placed in the 3rd group. The dry lands are also placed in the 3rd group.

The revised area and assessment of Government occupied irrigated lands under each source of irrigation are as follows :—

Kudl Maramat. The ryots have undertaken to clear the distributing channels, when needed, at their own cost, as per separate statement.

Crops. The acreage of the crops cultivated in Fashi 1285, as per Curnam's accounts, is as under :—

Name of crop.	Irrigated or dry.	Area in acres.
Paddy ...	Dry.	112

Settlement. Commencing from the frontier of Pralayambakkam block A, a tract of dry land comprising Nos. 4 to 11, 15 to 21 and 26 to 28 is assessed in Class VI; south-east of A, block B, irrigated by Pond No. 51 comprising Nos. 38, 43, 44, 46 to 52, and 55 is also assessed in Class VI; almost surrounding B, block C, a large tract of unirrigated waste land comprising Nos. 1 to 3, 12 to 14, 22 to 25, 29 to 37, 39 to 42, 45, 53, 54, 56 to 62, 66, 67, 75 to 87, 90, 96, and 104 to 107 is assessed in Class X; almost surrounded by C, block D, partly situated in the water spread of the tangal, and partly irrigated by the two ponds comprising Nos. 63 to 65, 68 to 74, 88, 89, 91 to 95 and 97 to 103 is assessed in Class VII. The Manavari lands are assessed in Class VI; The lands supplied by baling are assessed at one Rupee an acre less than the rate assigned to the block in which they are situated. The dry lands intermixed with irrigation are assessed in the Class and sort assigned to the block in which they are situated.

The following table exhibits the revised assessment of Government occupied lands of this village :—

The land assessment for Fashi 1285, was Rupees 150; by settlement it is Rupees 174; total increase Rupees 24.

The former wet land assessment was charged at rates varying from Rupees 1-5-0 to Rupees 2-10-0 an acre. The Manavari lands were charged at Rupee 0-10-6 and the ordinary dry lands at Rupee 0-10-6 an acre.

Second Crop. No. lands have been compounded for as permanent double crop.

Samudayam. There are no common lands in this village.

Mirasi Tenure. As the Government have recognized the Mirasidar's claim to a percentage fee (swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (I) Pangu, (II) Durkast, and (III) Waste.

Pangu lands. This is a Yekabogam village and the lands have hitherto been held by one pattahdar. The fee registered against these lands is at present a mere matter of account, and need not be collected, as the Mirasidar himself holds the lands. But if these lands hereafter become waste by relinquishment, and are taken up again by a stranger, they will be chargeable with the fee, plus the taram assessment, and the fee thus collected will be payable to the Mirasidar.

Durkast land. There are no durkast lands in this village.

Waste lands. The fee registered against these lands is all that the Mirasidar is likely to realize at present, and that only when these lands are applied for.

Intending applicants must, therefore, clearly understand that when they take up these lands they will have to pay the fee, plus the taram assessment registered against each field. The swatantram fee on this waste of the village (129 acres 93 cents.) amounts in the aggregate to Rupees 8-2-0.

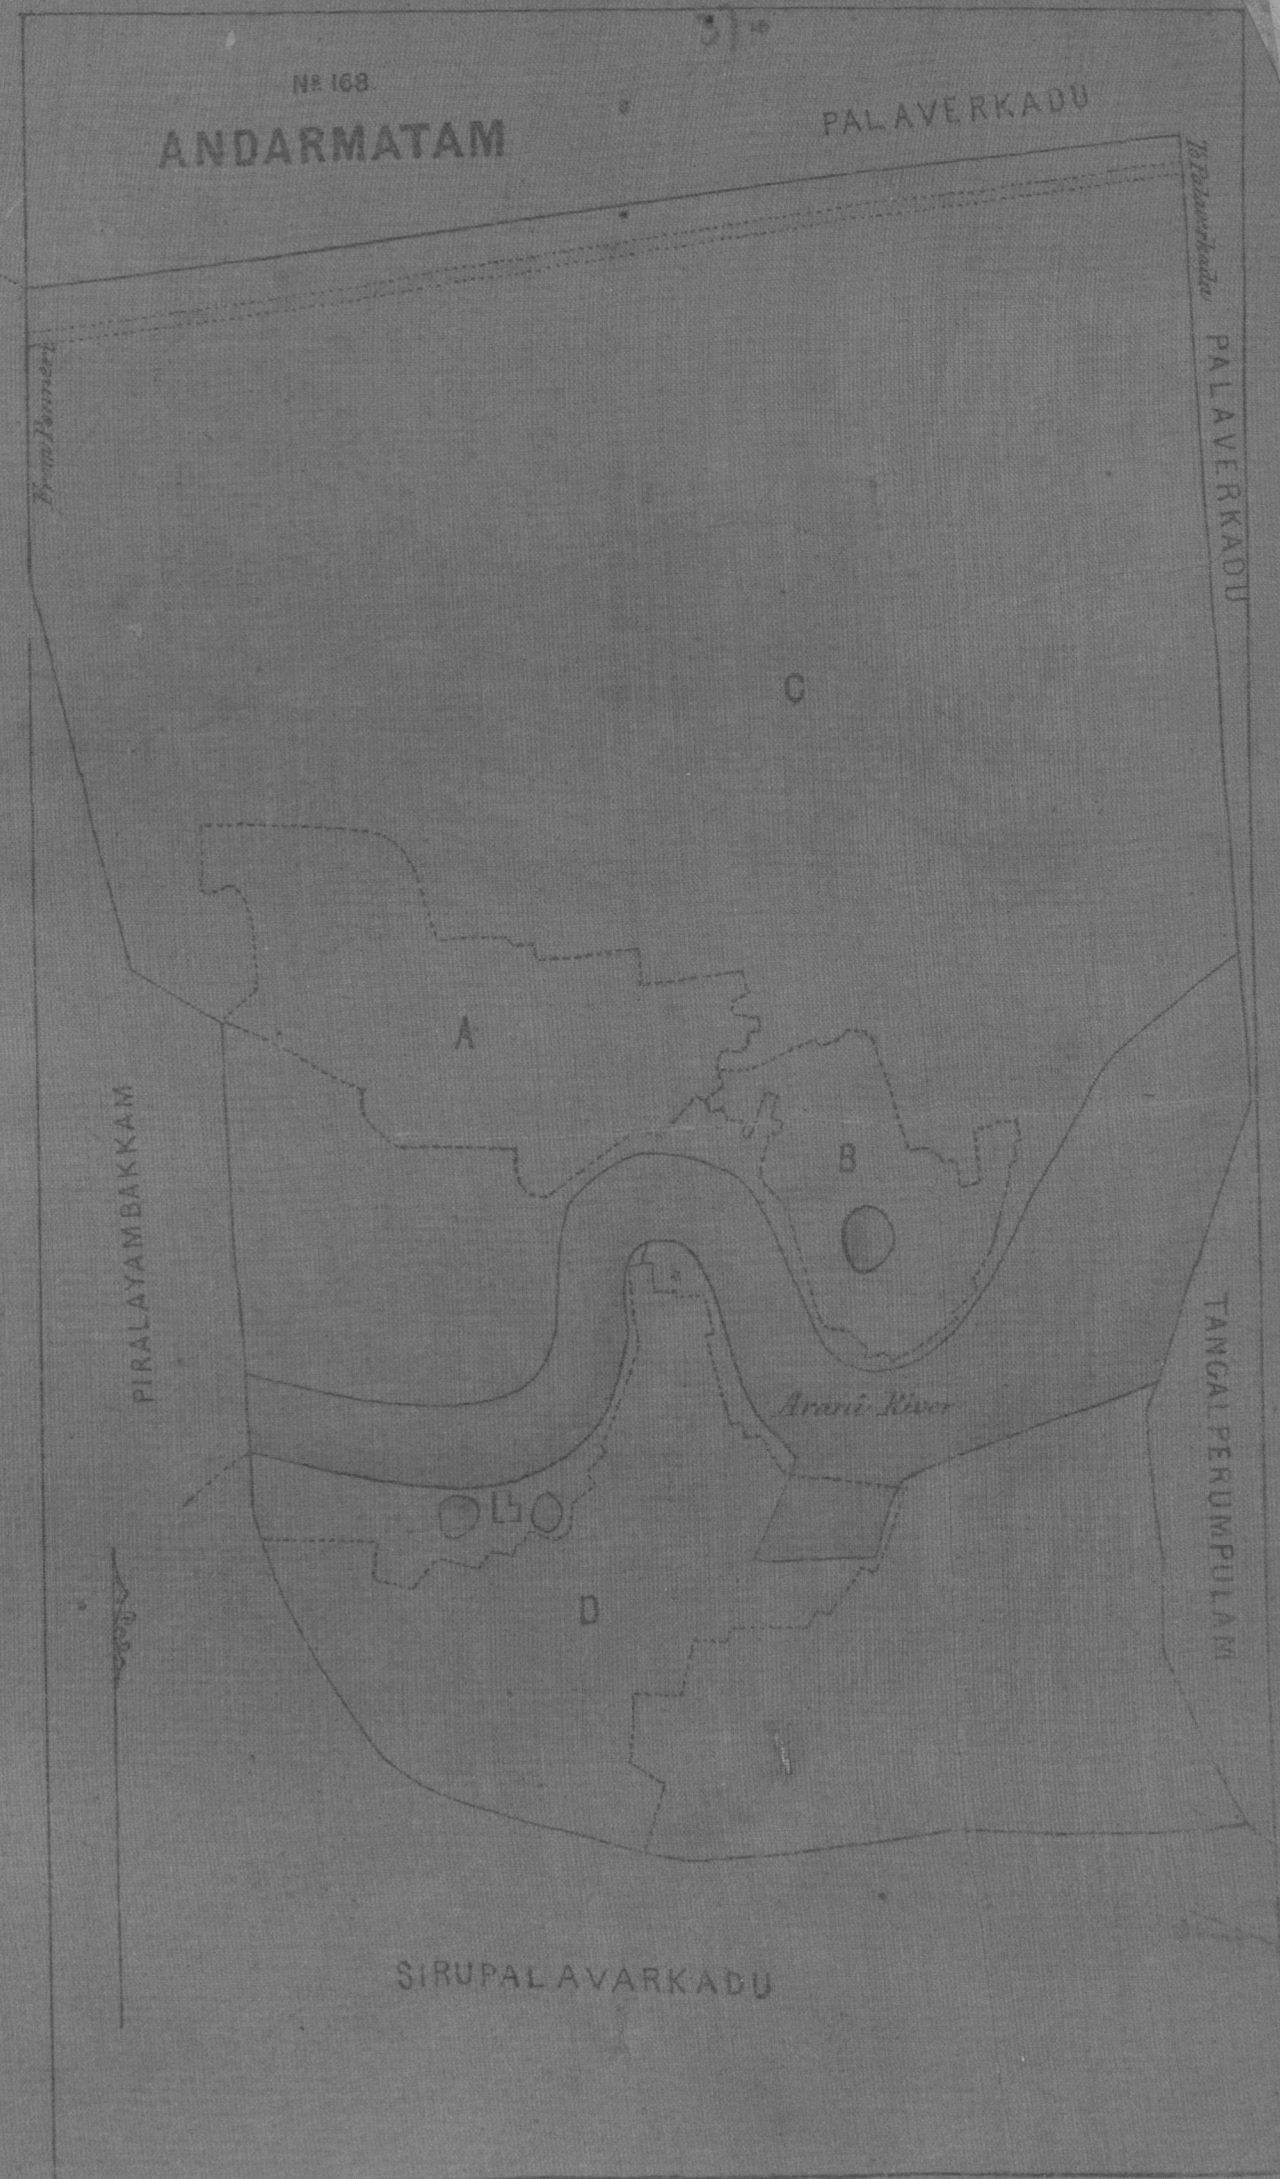

Pasturage. Survey Nos. 3 and 12 amounting to 33 acres and 61 cents. have been set aside for this purpose.

Building site. Survey No. 78 has been added to the building site. No new enclosure is to be made or new building erected without permission in future within the limits of the building site.

Inams. The following lands are held tax-free or on favorable terms :—

Revenue Settlement Office,
Ponneri, 1877.

C. J. STUART, Major,
Deputy Director of Revenue Settlement.

NOTE.—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.

W. WILSON,
Director of Revenue Settlement.

No. 169

DESCRIPTIVE MEMOIR OF PALAVERKADU OF THE PONNERI TALUQ.

Situation. This village is situated 10 miles north-east of Ponneri, the Kasbah Station.

Area. The total area prior to Survey was, omitting fractions 2,155 acres; by Survey it is now 2,922 acres; net increase 767 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavorable seasons, and on account of any roads, channels, banks, drains, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any survey field, does not confer on the cultivator of that field the right of entering on such poramboke or of in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with.

This applies to both Government and Inam lands, survey excess to the extent of 10 per cent. being allowed, to the Inamdars, free of charge, under Board's Circular No. 173.

Demarcation. This village contains 13 Khandams or Sub-divisions and 95 survey fields.

The demarcation marks erected are:—

Boundary Stones.		Off-sets.		Field stones.
Village.	Kandam.	Village.	Kandam.	
30	197	9	63	84

Statistics. The Statistics of the village, as ascertained by the Census of 1871, are as under:—

Houses.	Bazars.	Population.	Land Pattahs as per Settlement.		Wells.		Cattle.	Sheep.
			Single.	Joint.	Old.	New.
