

No. 16.

DESCRIPTIVE MEMOIR OF KODIPALLAM OF THE
PONNERI TALUQ.

Situation. This village is situated 8 miles south of Ponneri, the Kasbah station.

Area. The total area prior to Survey was, omitting fractions, 129 acres; by Survey it is now 130 acres; net increase 1 acre.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively on account of unfavorable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with.

This applies to both Government and Inam lands, Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

Demarcation. This village contains 2 Kandams or sub-divisions, and 96 Survey fields.

The demarcation marks erected are:—

Boundary stones.		Office.		Field stones.

Statistics. The Statistics of the village, as ascertained by the Census of 1871, are as under:—

Irrigation. This village is irrigated by 2 rain-fed tanks. The irrigation is inferior. The irrigated lands have accordingly been placed in the third group, which will be raised when the lands come under the influence of the Solavaram tank. The dry lands are placed in the first group.

The revised area and assessment of Government occupied irrigated lands under each source of irrigation, are as follows :—

Koti naramat. The ryots have undertaken to clear the distributing channels, when needed, at their own cost, as per separate Statement.

Crops. The acreage of the crops cultivated in Fasli 1285, as per Curnam's accounts, is as under :—

Name of crop.	Irrigated or dry.	Area in acres.

Settlement. Commencing from the frontier of Peria Mullavayal block A, irrigated by Ammanyeri and partly in the water spread of the Peria Mullavayal tank, comprising Nos. 1 to 2, 12 to 14, 16 and 17, is assessed in Class V; south of A, block B, irrigated by Ammanyeri, comprising Nos. 8 to 11, 15, 18 to 39, 41 to 50, and 54 to 69, is assessed in Class VI; west of B, block C, a small tract similarly irrigated, comprising Nos. 40 and 51 to 53, is assessed in Class IV. The Manavari lands are assessed in Class IV. There are no lands supplied by belling. The dry lands intermixed with the irrigated are assessed in the Class and sort assigned to the block in which they are situated.

The following table exhibits the revised assessment of Government occupied lands of the village :—

Description of land.	Block.	IRRIGATED.						Dry.

Total					38	86	133	2				29	33

The land assessment for Fasli 1285 was Rupees 170; by Settlement it is Rupees 192; total increase Rupees 22. The former wet land assessment was charged at rates varying from Rupees 3-0-0 to Rupees 4-8-0 an acre. The Manavari lands were charged at rates varying from Rupees 2-4-0 to Rupees 3-6-0 and the ordinary dry lands at Rupees 1-5-0 and Rupees 1-15-6 an acre.

Second Crop. No lands have been compounded for as permanent double crop.

Samudayam. The common lands amounting to 20 cents of dry, have now been entered in the name of Venkataramanujulu Chetti with the consent of the parties concerned.

Mirasi Tenure. As the Government have recognized the Mirasidar's claim to a percentage fee (swatantram) on the taram assessment, the following arrangements are made for its future collection and payment. The fee is fixed at 2 annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (I) Pangu, (II) Durkast, and (III) Waste.

Pangu lands. The Mirasidars, 5 in number, have hitherto held 28 acres and 51 cents in 12 shares. These lands have now been distinguished, re-divided where necessary, and entered in individual pattahs. The fee registered against these lands is at present a mere matter of account and need not be collected, as the Mirasidars themselves hold the lands according to their respective shares. But if these lands hereafter become waste by relinquishment, and are taken up again either by a Mirasidar or by a stranger, they will be chargeable with the fee, plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

Durkast Lands. These lands are not liable to payment of the fee, as the pattadars have hitherto held them free of any such payment. Consequently, no fee has been registered against these lands, but should they hereafter become waste by relinquishment, and be taken up again on durkast, they will be dealt with in the same manner as resigned Pangu lands, and the fee will be chargeable on them at the rate of two annas per Rupee of assessment.

Waste lands. The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up these lands they will have to pay the fee, plus the taram assessment registered against each field. The swatantram fee on the waste of this village (8 acres and 53 cents) amounts in the aggregate to Rupees 1-15-0.

The names and shares of the present Mirasidars are as under:—

No.	Names of Mirasidars	Share.
1	Venotramanajala Chetti	4
2	Ramanajala Chetti	1
3	Tayamnal	3
4	Tirumala Chetti	3
5	Baktavatchala Chetti	1
Total		12

The lands free of swatantram till resigned, are Nos. 2, 3A, 4, 7, 9, 10, 12, 13A, 14B, 15BCD, 17, 19, 24, 25B, 29, 32A, 37A, 40, 41, 46ABCDE, 47AB, 49, 50, 57A, 58ABC and 67A, held by 21 Durkastdars.

Pasture. Survey Nos. 42, 43 and 56, amounting to 9 acres, 73 cents, have been set aside for this purpose.

Building Site. Is sufficient for present requirements.

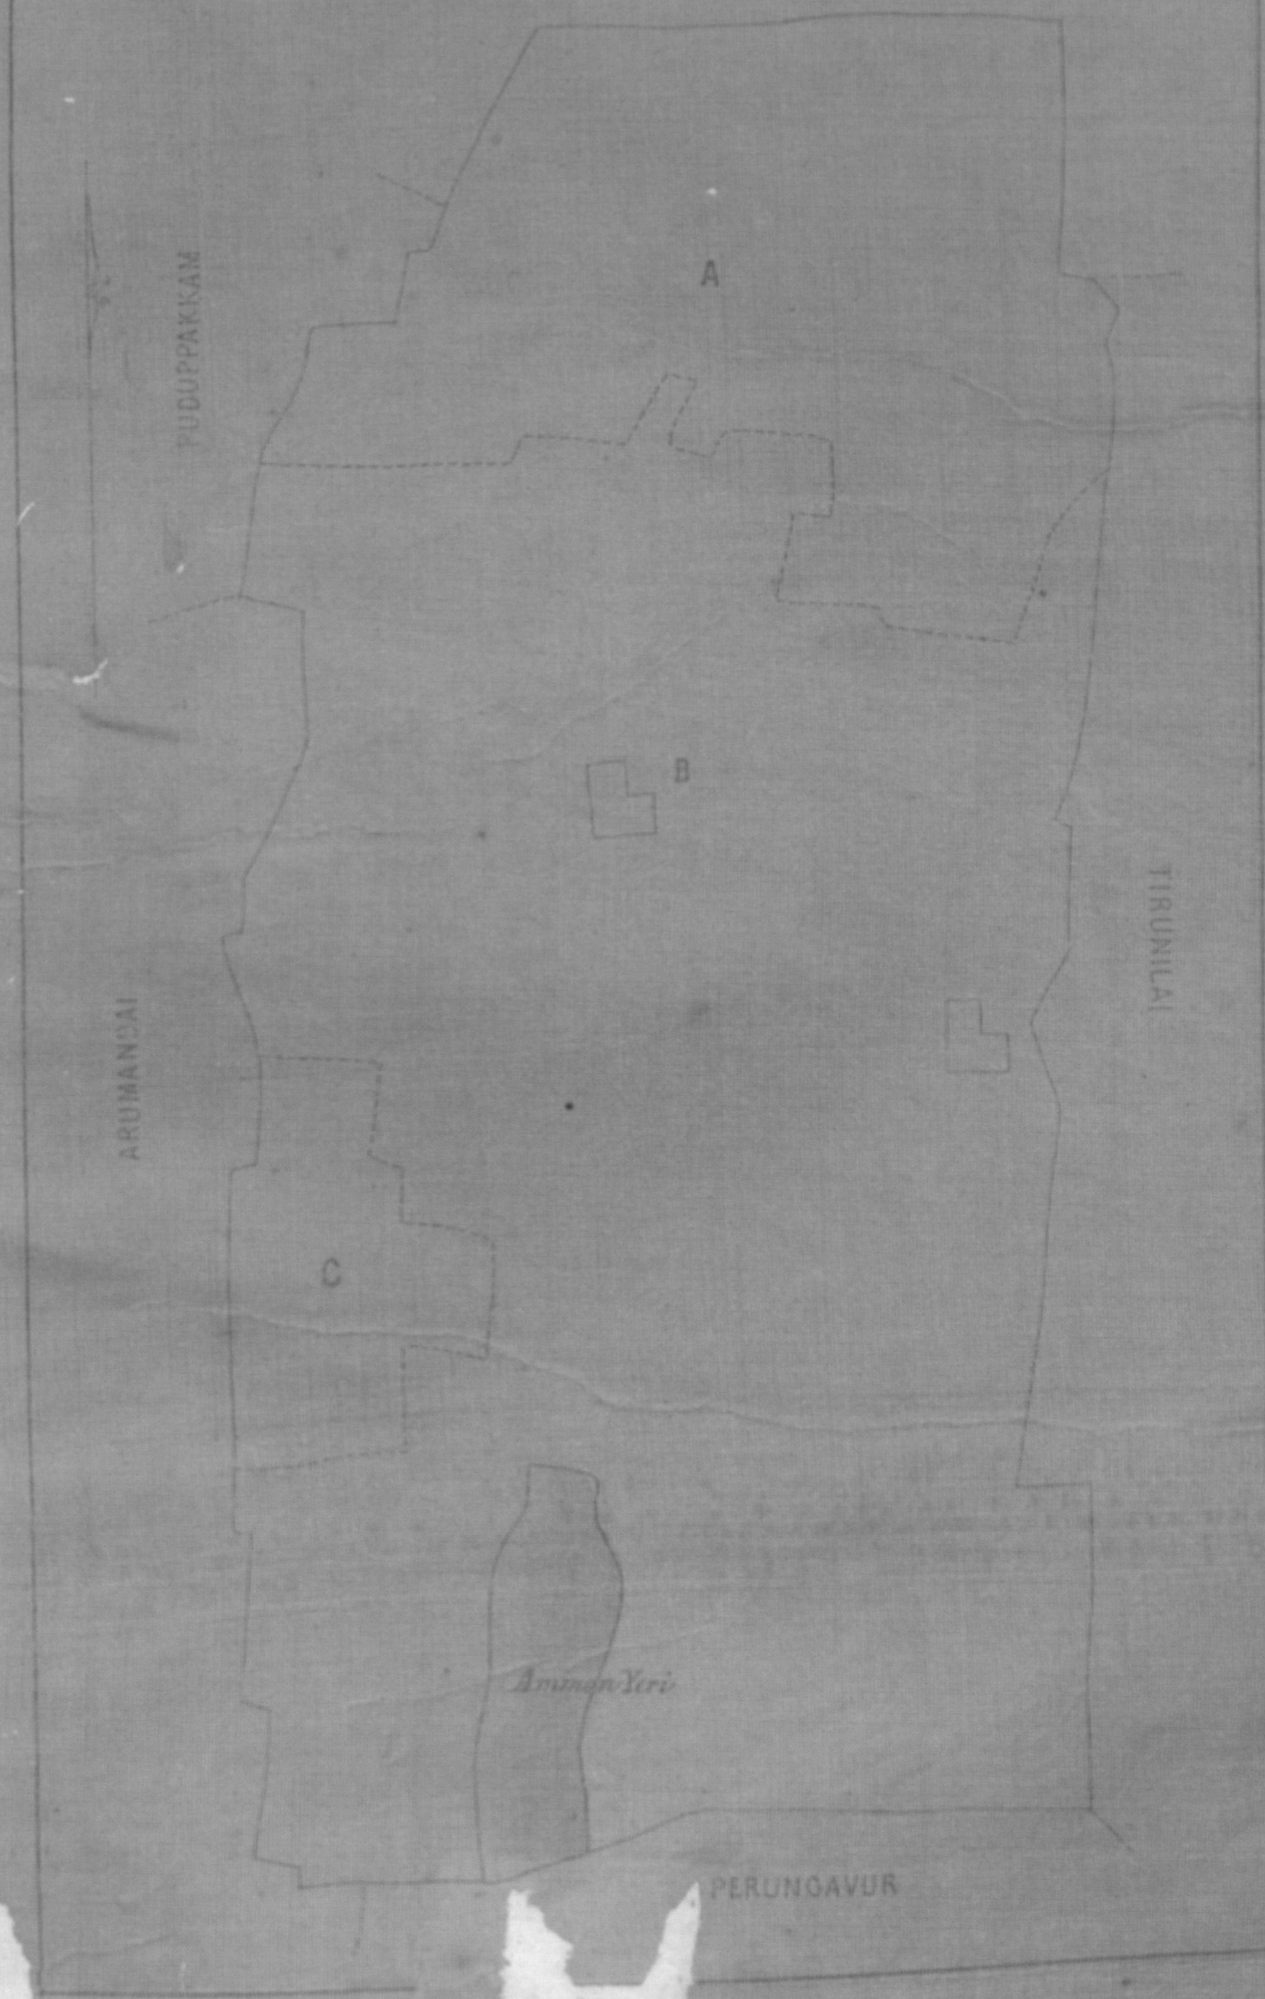

No new enclosure is to be made or new building erected without permission in future within the limits of the Building site.
