

No. 47.

DESCRIPTIVE MEMOIR OF KOLLATTI OF THE
PONNERI TALUQ.

SITUATION. This village is situated 6 miles south-east of Ponneri, the Kasbah station.

AREA. The total area prior to Survey was, omitting fractions, 111 acres; by Survey it is now 122 acres; net increase 11 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavorable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with.

This applies to both Government and Inam lands; Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 178.

DEMARICATION. This village contains 2 Kandams or sub-divisions, and 71 Survey fields.

The demarcation marks erected are:—

Boundary stones.		Offsets.		Field stones.

IRRIGATION. This village is irrigated by the Mingur channel from the Kusastala river. The irrigation is inferior. The irrigated lands have accordingly been placed in the 3rd group. The dry lands are placed in the 2nd group.

The revised area of Government occupied irrigated lands is 63 acres and 92 cents, assessed at Rupees 233-0-0 for a single crop.

KUDI MARAMAT. The ryots have undertaken to clear the distributing channels when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1285, as per Curnam's accounts, is as under:—

Name of crop.	Irrigated or dry.	Area in acres.
Paddy ...	Dry.	61
Horse gram ...		2

SETTLEMENT. Commencing from the frontier of Naidavayal block A, irrigated by the Kusastala river channel, comprising Nos. 19, 23 to 31, 33 to 35 is assessed in Class IV. East of A, block B, under the same irrigation, comprising Nos. 14 to 18, 20 to 22, 32, 36 to 47 and 67 to 71 is assessed in Class IV. East of B, block C, similarly irrigated, comprising Nos. 9 to 13, 48 to 52 and 64 to 66, is assessed in Class V. East of C, block D, under the same irrigation, comprising Nos. 1 to 8 and 53 to 63 is assessed in Class VI. There are no Manavari or lands supplied by baling. The dry lands intermixed with the irrigated are assessed in the class and sort assigned to the block in which they are situated.

The following table exhibits the revised assessment of Government occupied lands of the village:—

The land assessment for Fasli 1285 was Rupees 368; by Settlement it is Rupees 247; total reduction Rupees 121. The former wet land assessment was charged at rates varying from Rupees 3-0-0 to Rupees 4-8-0. The ordinary dry lands were charged at Rupees 1-10-3 an acre.

SECOND CROP. No lands have been compounded for as permanent double crop.

SAMUDAYAM. There are no common lands in this village.

MIRASI TENURE. As the Government have recognized the mirasidar's claim to a percentage fee (swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (i) Pangu, (ii) Durkast, and (iii) Waste.

Pangu lands.—The mirasidars, 15 in number, have hitherto held 34 acres and 79 cents in 4 shares. These lands have now been distinguished, re-divided where necessary, and entered in individual pattahs. The fee registered against these lands is at present a mere matter of account and need not be collected, as the mirasidars themselves hold the lands according to their respective shares. But if these lands hereafter become waste by relinquishment and are taken up again

either by a mirasidar or by a stranger, they will be chargeable with the fee, plus the taram assessment, and the fee thus collected will be payable to the mirasi body.

Durkast lands.—These are not at present liable to the payment of the fee as the pattahdars have hitherto held them free of any such payment. Consequently, no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on durkast, they will be dealt with in the same manner as registered panga lands, and the fee will be chargeable on them at the rate of 2 Annas per Rupee of assessment.

Waste lands.—The fee registered against these lands is all that the mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up these lands they will have to pay the fee, plus the taram assessment registered against each field. The swatantram fee on the waste of this village (16 acres and 12 cents.) amounts in the aggregate to Rupees 5-8-0.

The names and shares of the present mirasidars are as under:—
