

No. 10.

DESCRIPTIVE MEMOIR OF MELSINGALIMEDU OF THE PONNERI TALUQ.

SITUATION. This village is situated 8 miles south of Ponneri, the Kasbah station.
AREA. The total area prior to Survey was, omitting fractions, 109 acres; by Survey it is now 130 acres; net increase 21 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands, respectively, on account of unfavourable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with.

This applies to both Government and Inam lands. Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARCAATION. This village contains 2 Kandams or sub-divisions, and 36 Survey fields.

The demarcation marks erected are:—

The revised area of Government occupied irrigated lands is 2 acres, 95 cents., assessed at Rupees 8-14 for a single crop.

CROPS. The acreage of the crops cultivated in Fasli 1285, as per Carnam's accounts, is as under:—

Name of crop.	Irrigated or dry.	Area in acres.

SETTLEMENT. Commencing from the frontier of Perangavur, block A, comprising the whole village and containing Nos. 1 to 36, is assessed in Class VI.

O. J. STUART MAJOR,
Acting Deputy Director of Revenue Settlement

NOTE.—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.

W. WILSON,
Director of Revenue Settlement.
