

No. 126.

DESCRIPTIVE MEMOIR OF SEVUNDAPURAM OF THE
PONNERI TALUQ.

Situation. This village is situated 6 miles west of Ponneri the Kusbah station.
Area. The total area prior to Survey was, omitting fractions, 153 acres; by Survey it is now 195 acres; net increase 42 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavourable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such poramboke or of in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with.

This applies to both Government and Inam land. Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

Demarcation. This village contains 3 Kandams or sub-divisions, and 63 Survey fields.

The demarcation marks erected are:—

Boundary stones.		Off-sets.		Field stones.

Settlement. Commencing from the frontier of Melmadalambadu block A, irrigated by baling from the Arani River, comprising Nos. 24, 20, and 63 is assessed in Class VII; south of A, block B, similarly irrigated, comprising Nos. 1 to 10, 23, 25 to 28, and 30 to 34 is assessed in Class VI; south of B, block C, irrigated by the tangal and baling from the pond, comprising Nos. 11 to 22, 35 to 42, 44 to 48, 59 and 60 is assessed in Class VII; south of C, block D, similarly irrigated, comprising Nos. 43, 49 to 58, 61 and 62 is assessed in Class V. The Manavari

lands are assessed in Class V. The lands supplied by baling are assessed at one rupee an acre less than the rate assigned to the block in which they are situated. The dry lands intermixed with the irrigated are assessed in the class and sort assigned to the block in which they are situated.

The following table exhibits the revised assessment of Government occupied lands of the village:—

The land assessment for Fasli 1285, was Rupees 222; by Settlement it is Rupees 230; total increase Rupees 8. The former wet land assessment was charged at rates varying from Rupees 1-14-4 to Rupees 4-8-7 an acre. The Manavari lands were charged from Rupee 1-14-4 to Rupees 3-12-8 and the ordinary dry lands from Rupee 0-15-11 to Rupees 1-15-10 an acre.

Second crop. No lands have been compounded for as permanent double crop.

Samadaiyam. There are no common lands in this village.

Mirasi Tenure. As the Government have recognized the Mirasidar's claim to a percentage fee (swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (I) Panga; (II) Durkast, and (III) Waste.

Pangalands. The Mirasidars 2 in number, have hitherto held 97 acres and 27 cents, in 1 share. These lands have now been distinguished, re-divided where necessary, and entered in individual Pattahs. The fee registered against these lands is at present a mere matter of account and need not be collected, as the

Mirasidars themselves hold the lands according to their respective shares. But if these lands hereafter become waste by relinquishment, and are taken up again either by a Mirasidar or by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

Durkast lands. These are not at present liable to the payment of the fee, as the pattahdars have hitherto held them free of any such payment. Consequently, no fee has been registered against these lands, but should they hereafter become waste by relinquishment, and be taken up again on Durkast, they will be dealt with in the same manner as resigned Pangu lands and the fee will be chargeable on them at the rate of 2 annas per Rupee of assessment.

Waste lands. The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants, must therefore clearly understand, that when they take up these lands, they will have to pay the fee, plus the taram assessment registered against each field. The swatantram fee on the waste of this village (6 acres, 67 cents.) amounts in the aggregate to Rupees 1-7-0.

The names and shares of the present Mirasidars are as under:—

No.	Name of Mirasidars.	Shares.
1	Perama Mudali, Venkatachela Mudali and Soundara Mudali ...	3
2	Subbaraya Mudali ...	4
	Total...	1

The lands free of swatantram till resigned are Nos. 1, 2, 3ABC, 9, 10, 13BC, 16 and 38B held by 2 durkastdars.

Pasturage. No lands have been set aside for this purpose; the cattle are grazed on pattah lands and Government waste.

Building site. Is sufficient for present requirements.

No new enclosure is to be made or new building erected without permission in future within the limits of the Building site.

Inams. The following lands are held tax-free or on favourable terms:—

No.	Name of Inamdars.	Wet or dry.	Single or double crop.	SURVEY.		Amount of quit-rent.		Second crop assessment Compound-ed for at Settlement.		Total		Remarks.
