

No. 216.

DESCRIPTIVE MEMOIR OF SINNA VEPPATTUR OF THE
PONNERI TALUQ.

SITUATION. This village is situated 9 miles north of Ponneri, the Kasbah station.

AREA. The total area prior to Survey was, omitting fractions, 41 acres; by Survey it is now 48 acres; net increase 7 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavourable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with.

such This applies to both Government and Inam lands. Survey excess to extent of 10 per cent. being allowed to the Inamdars, free of charge, under Pore's Circular No. 173.

culat. This village contains 1 Kandam or sub-division, and 33 Survey Regist.

The demarcation marks erected are:—

Boundary stones.		Offsets.		Field stones.
Village.	Kandam.	Village.	Kandam.

STATISTICS. The Statistics of the village, as ascertained by the Census of 1871, are as under:—

Houses.	Bazars.	Population.	Land Pattahs as per Settlement.		Wells.		Cattle.	Sheep.
			Single.	Joint.	Old.	New.		
2	...	13	2	...	...	...	13	40

IRRIGATION. This village is irrigated by a rain-fed tank and by the water spread of 2 ponds. The irrigation is inferior. The irrigated lands have accordingly been placed in the 3rd group. The dry lands are also placed in the 3rd group.

The revised area and assessment of Government occupied irrigated lands under each source of irrigation are as follows:—

Source of irrigation.	AREA.		AMOUNT.	
	Acres.	Cents.	Rs.	A.
Nos. 15 and 17 rain-fed tank	8	49	26	14
Nos. 19 and 22 ponds water-spread	5	94	17	8
Total...	14	43	44	6

RUZI MARAMAT. The ryots have undertaken to clear the distributing channels when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1285, as per Curnam's accounts, is as under:—

Name of crop.	Irrigated or dry.	Area in acres.
Paddy	Irrigated.	9
Raggy	Dry.	2
Karamani	...	3
Total	...	12
Grand Total	...	12

SETTLEMENT. Commencing from the frontier of Periya Veppattur, block A, irrigated under the tank and water-spread of 2 ponds, comprising Nos. 1 to 14, 18 to 22 and 24, is assessed in Class V; south of A, block B, irrigated by the tank, comprising Nos. 15 to 17, 23 and 25 to 33, is assessed in Class VII. There are no Marayari lands. The lands supplied by baling are assessed at one Rupee an acre less than the rate assigned to the block in which they are situated. The dry lands intermixed with the irrigated are assessed in the Class and sort assigned to the block in which they are situated.

The following table exhibits the revised assessment of Government occupied lands of the village:—

Description of land.	Block.	Class.	IRRIGATED.						Class.	DRY.					
			Rate per acre.		Area.		Assessment.			Rate per acre.		Area.		Assessment.	
			Rs.	A.	Acres.	Cents.	Rs.	A.		Rs.	A.	Acres.	Cents.	Rs.	A.

Total..	...	...	...	...	14	43	44	6	...	...	...	3	45	4	0

The land assessment for Fasli 1285 was Rupees 45; by Settlement it is Rupees 49; total increase Rupees 4. The former wet land assessment was charged at rates varying from Rupees 2-10-5 to Rupees 5-4-10 and the ordinary dry lands were charged at Rupees 1-5-3 and Rupees 1-14-4 an acre.

SECOND CROP. No lands have been compounded for as permanent double crop.

SAMUDAYAM. There are no common lands in this village.

MIRASI TENURE. As the Government have recognized the mirasidar's claim to a percentage fee (swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (I) Pangu, (II) Durkast, and (III) Waste.

Pangu lands.—The mirasidar Eda Rangapillai has hitherto held 10 acres and 3 cents in 1 share. The fee registered against these lands is at present a mere matter of account and need not be collected, as the mirasidar himself holds the lands according to his share. But if these lands hereafter become waste by relinquishment and are taken up again by a stranger, they will be chargeable with the fee, plus the taram assessment, and the fee thus collected will be payable to the mirasidar.

Durkast lands.—These are not at present liable to the payment of the fee as the pattahdars have hitherto held them free of any such payment. Consequently no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on durkast, they

will be dealt with in the same manner as registered pangu lands, and the fee will be chargeable on them at the rate of 2 Annas per Rupee of assessment.

Waste lands.—The fee registered against these lands is all that the mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up these lands, they will have to pay the fee plus the taram assessment registered against each field. The swatantram fee on the waste of this village (17 acres and 13 cents.) amounts in the aggregate to Rupees 5-2-0.

The lands free of swatantram till resigned are Nos. 2, 5AC, 6AC, 9A, 11AC, 13AC, 18AC, 20AC, 24BD, 25B, and 26B held by one durkastdar.

PASTURAGE. No lands have been specially set aside for this purpose. The cattle are grazed on the pattah lands and Government waste.

BUILDING SITE. Survey No. 11 D has been added to the Building site.

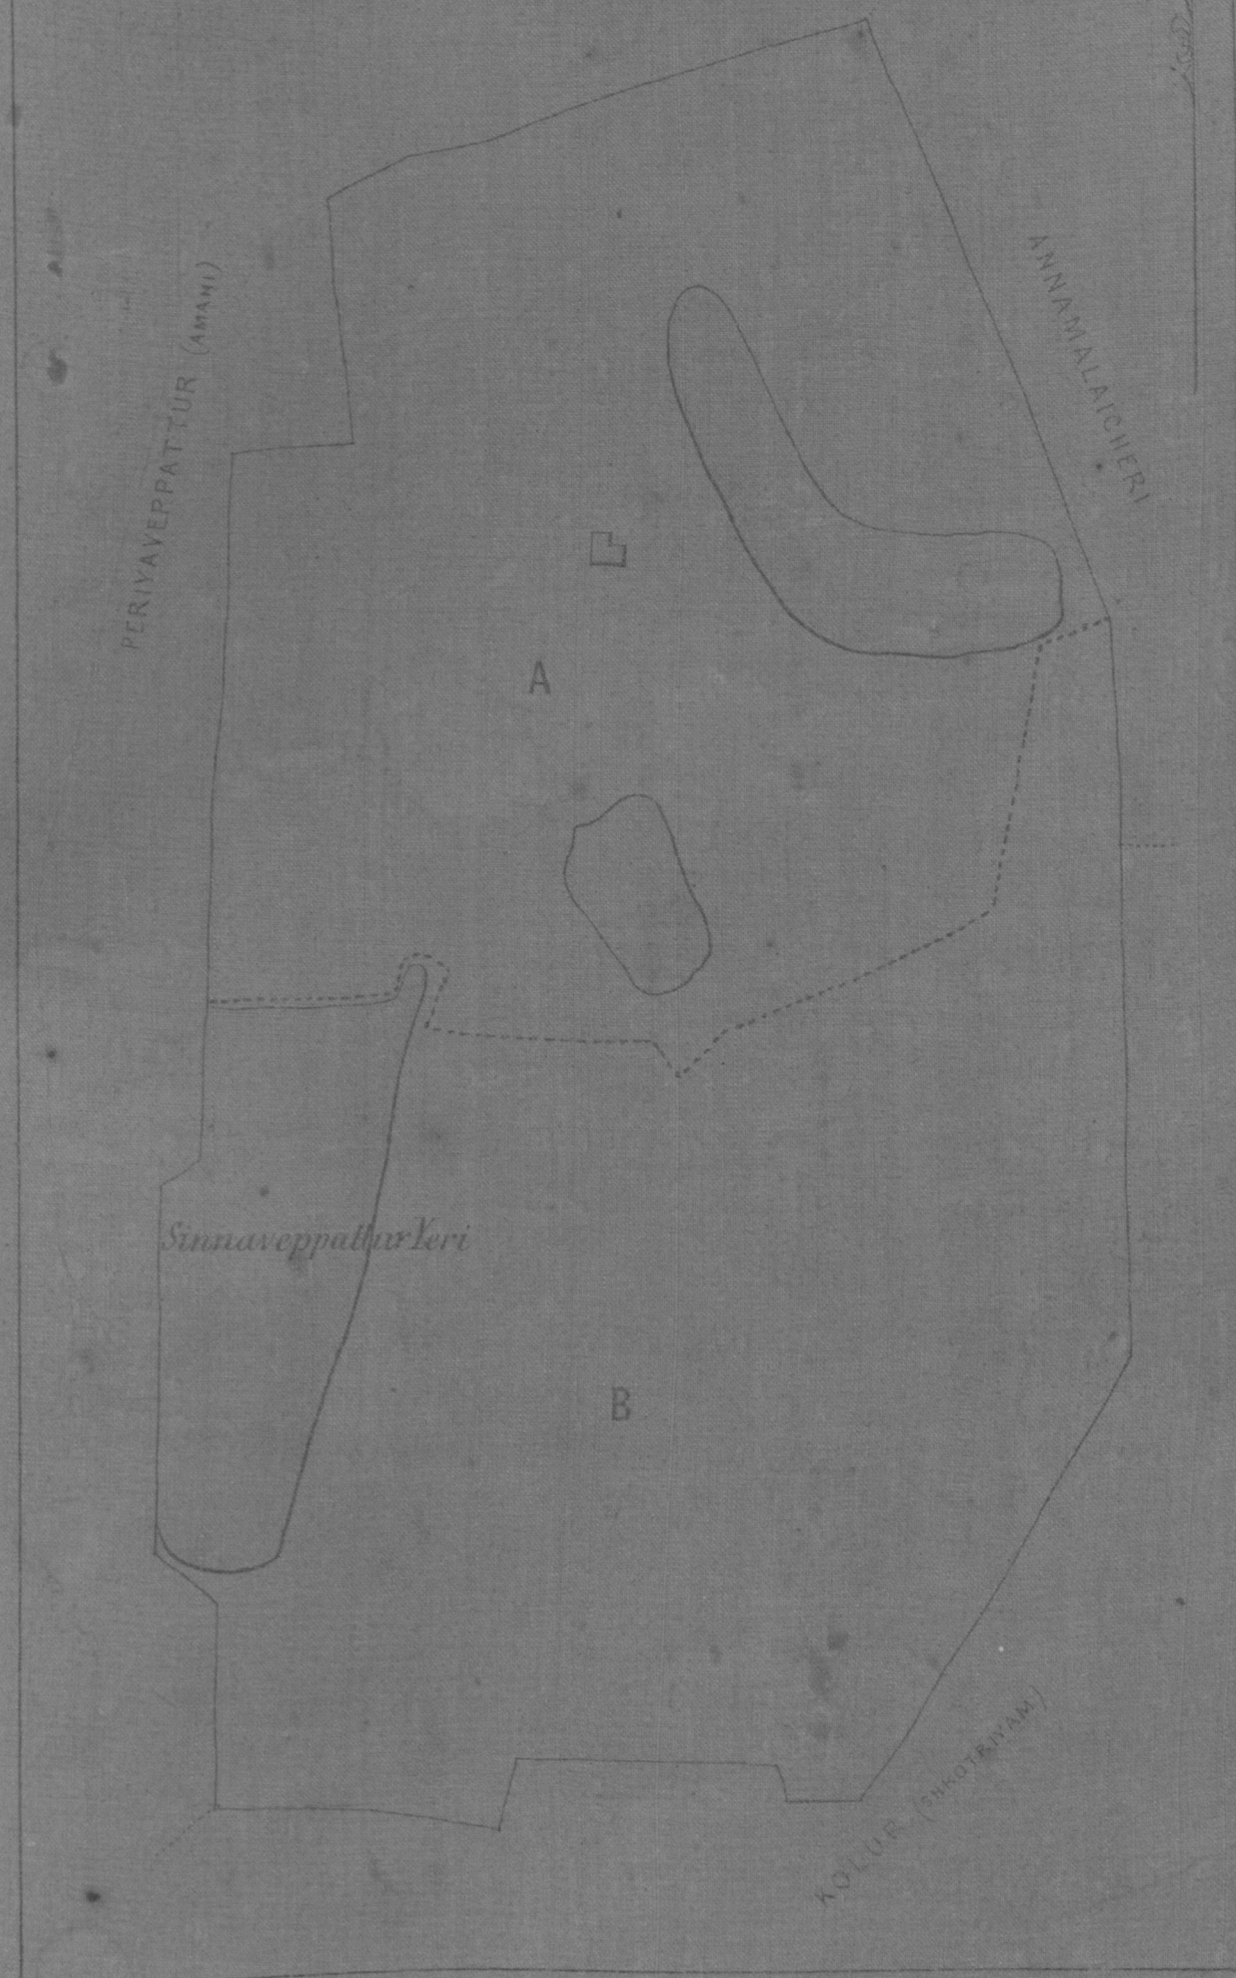

No new enclosure is to be made or new building erected without permission in future within the limits of the Building site.

INAMS. The following lands are held tax-free or on favourable terms:—

No.	Names of Inamdars.	Dry or wet.	Single or double crop.	SURVEY AREA.		AMOUNT OF QUIT-RENT.			Remarks.

C. J. SUGART, MAJOR
Deputy Director of Revenue Settlement.

Revenue Settlement Office
Tonnery, 1877

NOTE.—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.

W. WILSON,
Director of Revenue Settlement.
