

No. 103.

DESCRIPTIVE MEMOIR OF SIRALAPPANGERI OF THE
PONNERI TALUQ.

SITUATION. This village is situated 6 miles east of Ponneri, the Kasbah station.

AREA. The total area prior to Survey was, omitting fractions, 72 acres; by Survey it is now 84 acres; net increase 12 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavourable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with.

This applies to both Government and Inam land, Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 73.

DEMARICATION. This village contains 1 Kandam or sub-division, and 59 Survey fields.

The demarcation marks erected are:—

IRRIGATION. This village is irrigated by the Tattamanjeri tank and a Maduvu.

The irrigation is inferior. The irrigated lands have accordingly been placed in the third group. The dry lands are placed in the 2nd group.

The revised area of Government occupied irrigated lands is 44 acres and 66 cents., assessed at Rupees 142-3-0 for a single crop.

KUDI MARAMAT. The ryots have undertaken to clear the distributing channels when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1285, as per Curnam's accounts, is as under :—

Name of crop.		Irrigated or dry.	Area in acres.

SETTLEMENT. Commencing from the frontier of Kattur block A, irrigated by the Tattamanjeri tank and a Maduvu comprising Nos. 1 to 10, 16 to 19, 26, 39 and 39 to 59 is assessed in Class V, nearly surrounded by A, block B, similarly irrigated comprising Nos. 11 to 15, 20 to 25, 27, 28 and 30 to 33 is assessed in Class IV. There are no Manavari lands in this village. The lands supplied by baling are assessed at one rupee an acre less than the rate assigned to the block in which they are situated. The dry lands intermixed with the irrigated are assessed in the class and sort assigned to the block in which they are situated.

The following table exhibits the revised assessment of Government occupied lands of the village :—

Description of land.	Block.	Class.	IRRIGATED.						Class.	DRY.

The land assessment for Fasli 1285 was Rs. 199; by Settlement it is Rs. 142; total reduction Rs. 57-0-0. The former wet land assessment was charged at rates varying from Rs. 3-12-0 to Rs. 6-6-0 an acre. The ordinary dry lands were charged at Rs. 4-8-0 an acre.

SECOND CROP. No lands have been compounded for as permanent double crop.

SAMU AYAM. There are no common lands in this village.

MIRASI TENURE. As the Government have recognized the mirasidar's claim to a percentage fee (swata tam) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands for which the lands are divided into (i) Pangu, (ii) Durkast and (iii)

Pangu lands.—The mirasidars, 3 in number have hitherto held 41 acres and 53 cents. in 2 shares. These lands have been distributed, re-divided where necessary, and entered in individual pattahs. The fee registered against these lands is at present a mere matter of account and need not be collected, as the mirasidars themselves hold the lands according to their respective shares. But if these lands hereafter become waste by relinquishment and are taken up again either by a mirasidar or by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the mirasi body.

Durkast lands.—These are not at present liable to the payment of the fee as the mirasidars have hitherto held them free of any such payment. Consequently no fee has been registered against these lands, but should they hereafter

become waste by relinquishment and be taken up again on Durkast, they will be dealt with in the same manner as registered Pangu lands, and the fee will be chargeable on them at the rate of 2 Annas per Rupee of assessment.

Waste lands.—The fee registered against these lands is all that the mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up these lands they will have to pay the fee plus the taram assessment registered against each field. The swatantram fee on the waste of this village (7 acres, 19 cents.) amounts in the aggregate to Rupees 2-11-0.

The names and shares of the present mirasidars are as under:—

No.	Names of Mirasidars.	Shares.
1	Iyyasami Mudali ...	13
2	Tanjammal ...	1
3	Sandara Mudali ...	1
Total ...		2

The lands free of swatantram till resigned are Nos. 1 and 23 held by one durkastdar.

PASTURAGE. No lands have been specially set aside for this purpose. The cattle are grazed on pattah lands and Government waste.

BUILDING SITE. Is sufficient for present requirements.

No new enclosure is to be made or new building erected without permission in future within the limits of the building site.

INAMS. The following lands are held tax-free or on favorable terms:—
