

No. 86.

DESCRIPTIVE MEMOIR OF SIRUVELUR OF THE
PONNERI TALUQ.

SITUATION. This village is situated 6 miles south-east of Ponneri, the Kasbah station.

AREA. The total area prior to Survey was, omitting fractions, 148 acres; by Survey it is now 159 acres; net increase 11 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavourable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with.

This applies to both Government and Inam lands. Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARICATION. This village contains 3 Kandams or sub-divisions, and 41 Survey fields.

The demarcation marks erected are :—

Boundary stones.		Offsets.		Field stones.
Village.	Kandam.	Village.	Kandam.

IRRIGATION. This village is irrigated by a rain-fed tank. The irrigation is ordinary. The irrigated lands have accordingly been placed in the 2nd group.

The revised area of Government, occupied irrigated lands is 57 acres and 24 cents, assessed at Rupees 167-2 for a single crop.

KUDI MARAMAT. The ryots have undertaken to clear the distributing channels, when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1285, as per Curnam's accounts, is as under :—

Name of crop.						Irrigated or Dry.	Area in acres.
Paddy	...	...	...	...	...	Irrigated.	32
Do.	...	...	...	...	...	Dry.	24
Total						...	56

SETTLEMENT. Commencing from the frontier of Velur, block A, irrigated by the Sitteri, comprising Nos. 1 to 8 and 16 to 26, is assessed in Class V; south of A, block B, irrigated by the tank and its water-spread, comprising Nos. 9 to 15 and 27 to 33 is assessed in Class VII; south of B, block C, also irrigated by the tank comprising Nos. 34 to 41 is assessed in Class V. There are no Manavari or dry lands or lands supplied by baling.

The following table exhibits the revised assessment of Government occupied lands of the village :—

Ordinary red loam ...	C.	V	3	8	18	15	63	7
Total ...	...	...	...	...	57	24	167	2

The land assessment for Fasli 1285 was Rupees 169; by Settlement it is Rupees 167; total reduction Rupees 2. The former wet land assessment was charged at rates varying from Rupees 2-10-0 to Rupees 5-4-0 an acre, and the ordinary dry lands were charged at Rupees 2-10-0 an acre.

SECOND CROP. No lands have been compounded for as permanent double crop.

SAMUDAYAM. There are no common lands in this village.

MIRASI TENURE. As the Government have recognized the mirasidar's claim to a percentage fee (swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (i) Pangu, (ii) Durkast and (iii) Waste.

Pangu lands.—The mirasidar, Baburajah Mudali has hitherto held 2 acres and 13 cents in 1 share. These lands have now been distinguished, re-divided where necessary, and entered in individual pattahs. The fee registered against these lands is at present a mere matter of account and need not be collected, as the mirasidar himself holds the lands according to his share. But if these lands hereafter become waste by relinquishment and are taken up again by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the mirasidar.

Durkast lands.—These are not at present liable to the payment of the fee as the pattahdars have hitherto held them free of any such payment. Consequently no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on durkast, they will be dealt with in the same manner as registered pangu lands, and the fee will be chargeable on them at the rate of 2 annas per Rupee of assessment.

Waste lands.—The fee registered against these lands is all that the mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up these lands, they will have to pay the fee plus the taram assessment registered against each field. The swatantram fee on the waste of this village (6 acres, 85 cents.) amounts in the aggregate to Rupees 3-0.

The lands free of swatantram till resigned, are Nos. 9 to 12, 14 A, 20, 22, 3, 25, 28 to 35, 36 B, 38, 40 and 41, held by 12 Durkastdars.

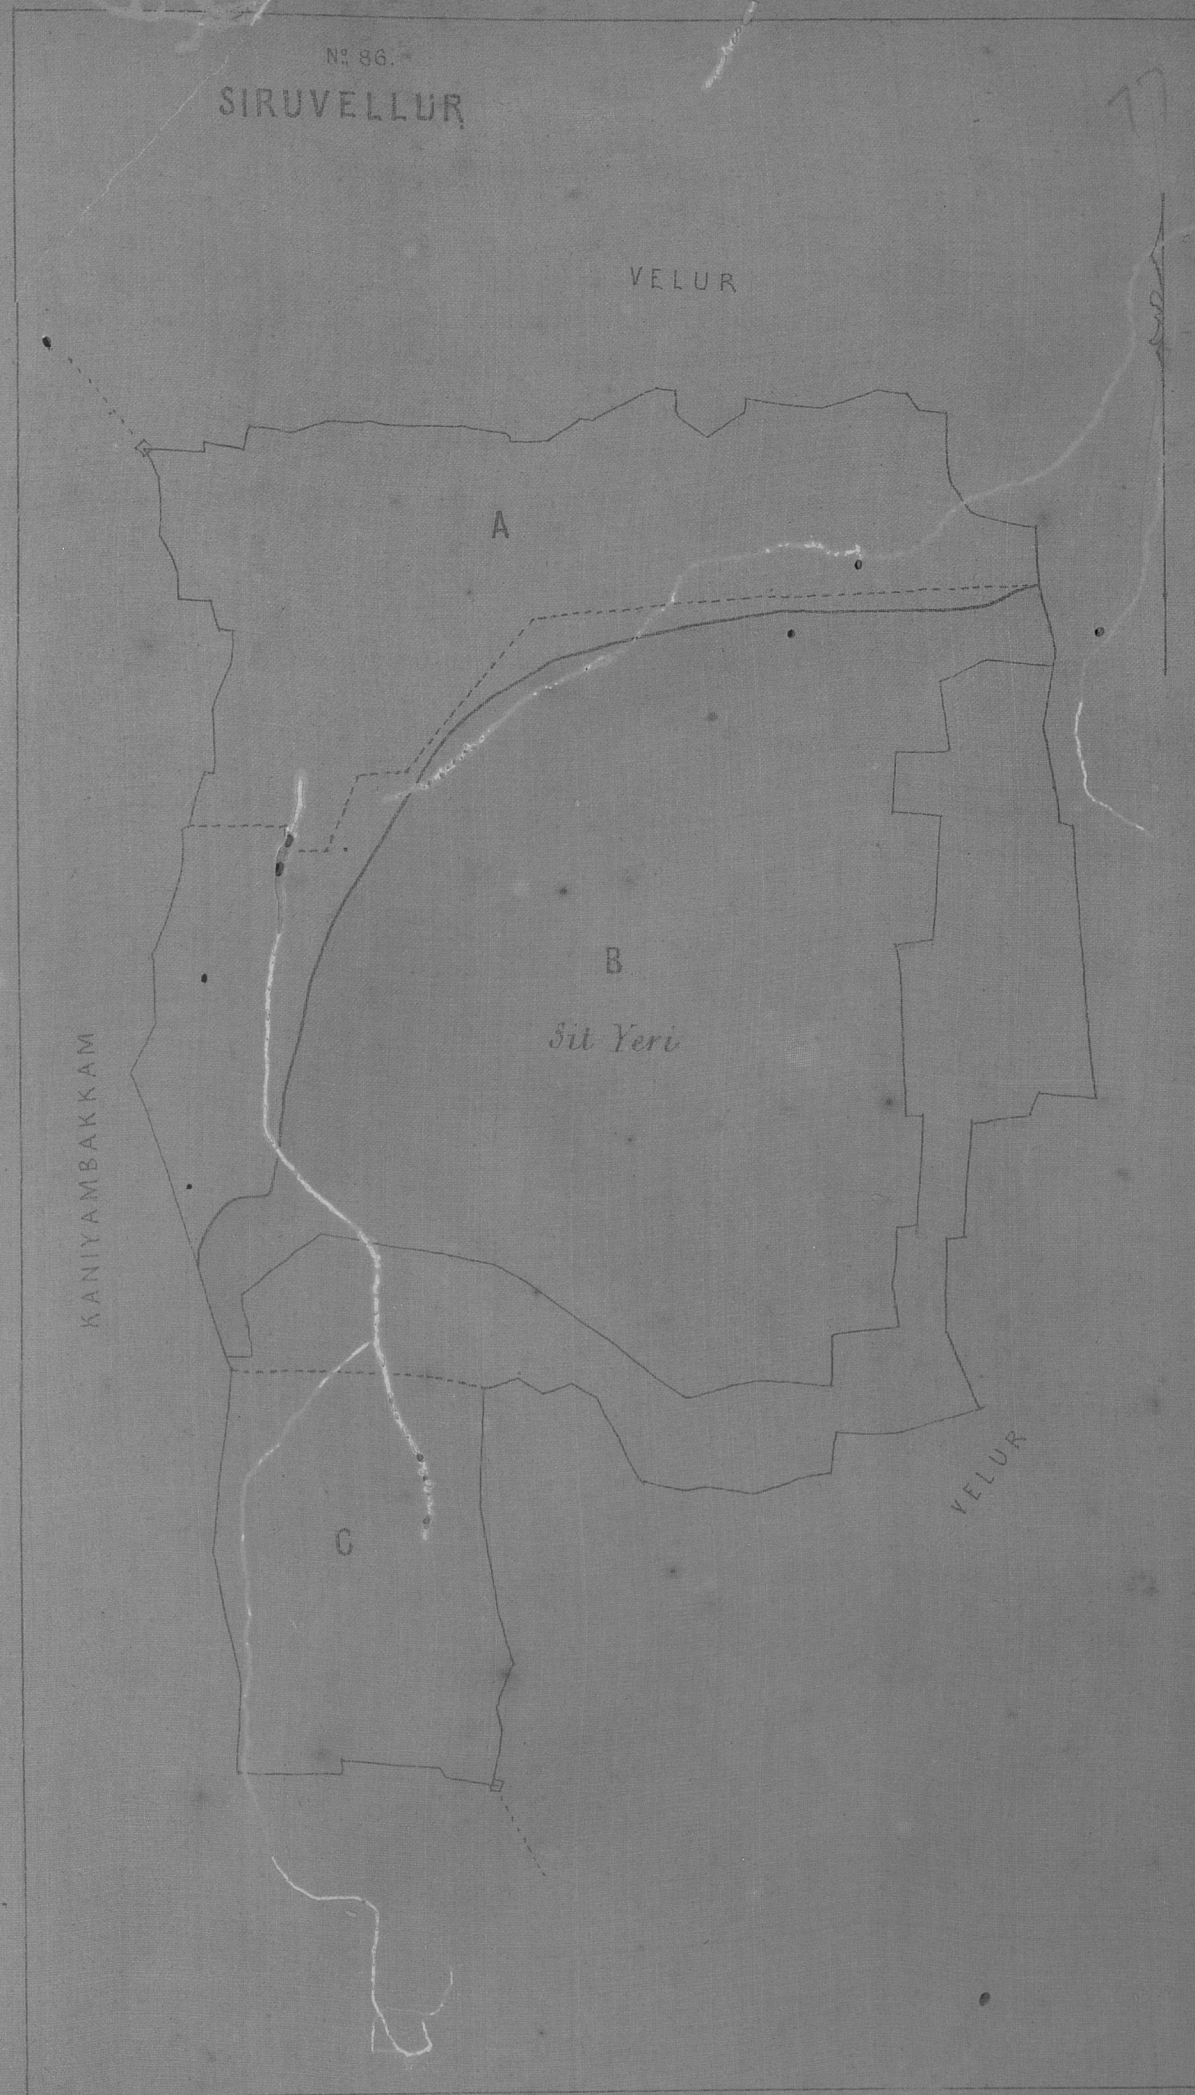

PASTURAGE. Survey Nos. 8, 13, 14 B and 15, in all 6 acres, 88 cents. have been set aside for this purpose.

BUILDING SITE. This is a Bechiroqua village.

HAMS. The following lands are to be sold tax-free or on favourable terms:—
