

No. 90.

DESCRIPTIVE MEMOIR OF TINAIPAKKAM OF THE
PONNERI TALUQ.

SITUATION. This village is situated 7 miles south-east of Ponneri, the Kasbah station.

A. The total area prior to Survey was, omitting fractions, 107 acres; by Survey it is now 116 acres; net increase 9 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavourable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with.

This applies to both Government and Inam land, Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARICATION. This village contains 2 Kandams or sub-divisions and 67 Survey fields.

The demarcation marks erected are :—

Boundary stones.		Offsets.		Field stones.

IRRIGATION. This village is irrigated by Velur Ammai Yeri, Karakkolam and a maduvu. The irrigation is inferior. The irrigated lands have accordingly been placed in the 3rd group. The dry lands are placed in the 2nd group.

The revised area of Government occupied irrigated lands is 69 acres 40 cents, assessed at Rupees 255-15-0 for a single crop.

RUOI MARAMAT. The ryots have undertaken to clear the distributing channels, when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1285, as per Curram's accounts, is as under :—

Name of crop.						Irrigated or dry.	Area in acres.

SETTLEMENT. Commencing from the frontier of Kadamanjeri block A, irrigated by the Ammai Yeri, Karakkolam and a Maduvu, comprising Nos. 1 to 20, and 54 is assessed in Class V; south of A, block B, irrigated in a similar manner comprising Nos. 47 to 53 and 55 to 58 is assessed in Class IV; south of B, block C, round and about the village site and similarly irrigated comprising Nos. 21 to 46 and 59 to 67, is assessed in Class IV. There are no Manavari lands in this village. The lands supplied by baling are assessed at one Rupee acre less than the rate assigned to the block in which they are situated. The dry land consists of 80 decimals of Inam.

The following table exhibits the revised assessment of Government occupied lands of the village :—

Description of land.	Block.	Class.	IRRIGATED.					
			Rate per acre.		Area.		Assess- ment.	
			Rs.	A.	Acres	Cents.	Rs.	A.

Baling ...	...	...	3	0	1	34	4	0
Total ...					69	40	255	15

The land assessment for Fasli 1285 was Rupees 338; by Settlement it is Rupees 256; total reduction Rupees 82. The former wet land assessment was charged at rates varying from Rupees 4-5-0 to Rupees 6-6-0 and the ordinary dry lands were charged at Rupees 2-10-0 an acre.

SECOND CROP. No lands have been compounded for as permanent double crop.

RAMUDAYAM. There are no common lands in this village.

MIRASI TENURE. As the Government have recognized the mirasidar's claim to a percentage fee (swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (i) Pangu, (ii) Durkast, and (iii) Waste.

Pangu lands.—The mirasidar, Baburaja Mudali has hitherto held 3 acres and 47 cents. in 1 share. The fee registered against these lands is at present a mere matter of account and need not be collected, as the mirasidar himself holds the lands according to his share. But if these lands hereafter become waste by relinquishment and are taken up again by a stranger, they will be chargeable with the fee, plus the taram assessment, and the fee thus collected will be payable to the mirasidar.

Durkast lands.—These are not at present liable to the payment of the fee as the pattahdars have hitherto held them free of any such payment. Consequently, no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on durkast, they will be dealt with in the same manner as registered pangu lands and the fee will be chargeable on them at the rate of 2 annas per Rupee of assessment.

Waste lands.—The fee registered against these lands is all that the mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up these lands, they will have to pay the fee plus the taram assessment registered against each field. The swatantram fee on the waste of this village (92 cents.) amounts in the aggregate to Rupee 0-7-0.

The lands free of swatantram till resigned are Nos. 1, 4, 5, 7 to 13, 16 to 18, 32, 34, 39, 47 to 49, 51, 53 to 58, 60 and 63 to 65, held by 12 Durkastdars.

PASTURAGE. No lands have been specially set aside for this purpose. The cattle are fed on the p. and Government waste.

BUILDING SITE. Is sufficient for present requirements.

No new enclosure is to be made or new building erected without permission in future within the limits of the building site.

NAMES. The following lands are held tax-free or on favourable terms:—

C. A. STUART MAJOR,
Deputy Director of Revenue Settlement.

NOTE.—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.

W. WILSON,
Director of Revenue Settlement.
