

No. 3.

DESCRIPTIVE MEMOIR OF VIJAYANALLUR OF THE
PONNERI TALUQ.

SITUATION. This village is situated 9 miles south of Ponneri, the Kasbah station.

AREA. The total area prior to Survey was, omitting fractions, 127 acres; by Survey it is now 155 acres; net increase 28 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavourable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with.

This applies to both Government and Inam lands. Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARICATION. This village contains 4 Kandams or sub-divisions, and 77 Survey fields.

The demarcation marks erected are:—

Boundary stones.		Offsets.		Field stones.
Village.	Kandam.	Village.	Kandam.

IRRIGATION. This village is irrigated from the southern sluice of the Solavaram tank. The irrigation is inferior. The irrigated lands have accordingly been placed in the 3rd group. The dry lands are placed in the 2nd group.

The revised area of the Government occupied irrigated lands is 23 acres and 60 cents., assessed at Rupees 71-8-0 for a single crop.

KUDI MARAMAT. The ryots have undertaken to clear the distributing channels, when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1285, as per Curnam's accounts, is as under:—

Name of crop.						Irrigated or dry.	Area in acres.

SETTLEMENT. Commencing from the frontier of Nallur, block, A, irrigated from the southern sluice of the Solavaram tank, comprising Nos. 1 to 7, 13, 14 and 17 to 23 is assessed in Class VII; west of A, block B, similarly irrigated, comprising Nos. 8 to 12, 15, 16, 24, 25, 34, 35, 38 to 55, and 59 to 61 is assessed in Class VI; south of B, block C, a tract of dry land, comprising Nos. 26 to 33, 36, 37, 56 to 58, and 62 to 77 is assessed in Class VII. The Manavari lands are assessed in Class V. There are no lands supplied by baling. The dry lands intermixed with the irrigated are assessed in the Class and sort assigned to the block in which they are situated.

The following table exhibits the revised assessment of Government occupied lands of the village:—

The land assessment for Fasli 1285 was Rupees 166; by Settlement it is Rupees 179; total increase Rupees 13. The former wet land assessment was charged at rates varying from Rupees 1-5-0 to Rupees 2-10-0 an acre. The Manavari lands were charged at rates varying from Rupees 1-5-0 to Rupees 3-0-0, and the ordinary dry lands from Rupees 1-5-0 to Rupees 1-15-6 an acre.

SECOND CROP. No lands have been compounded for as permanent double crop.

SAMUDAYAM. There are no common lands in this village.

MIRASI TENURE. As the Government have recognized the mirasidar's claim to a percentage fee (swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (i) Pangu, (ii) Durkast, and (iii) Waste.

Pangu lands.—This is a Yokabogam village. The lands have hitherto been held by one pattadar. The fee registered against these lands is at present a mere matter of account and need not be collected, as the mirasidar himself holds the lands. But if these lands hereafter become waste by relinquishment and are taken up again by a stranger, they will be chargeable with the fee, plus the taram assessment, and the fee thus collected will be payable to the mirasidar.

Durkast lands.—There are no durkast lands in this village.

Waste lands.—The fee registered against these lands is all that the mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up these lands, they will have to pay the fee, plus the taram assessment registered against each field. The swatantram fee on the waste of this village (17 acres and 52 cents.) amounts in the aggregate to Rupees 3-0-0.

PASTURAGE. No lands have been specially set aside for this purpose. The cattle are grazed on pattah lands and Government waste.

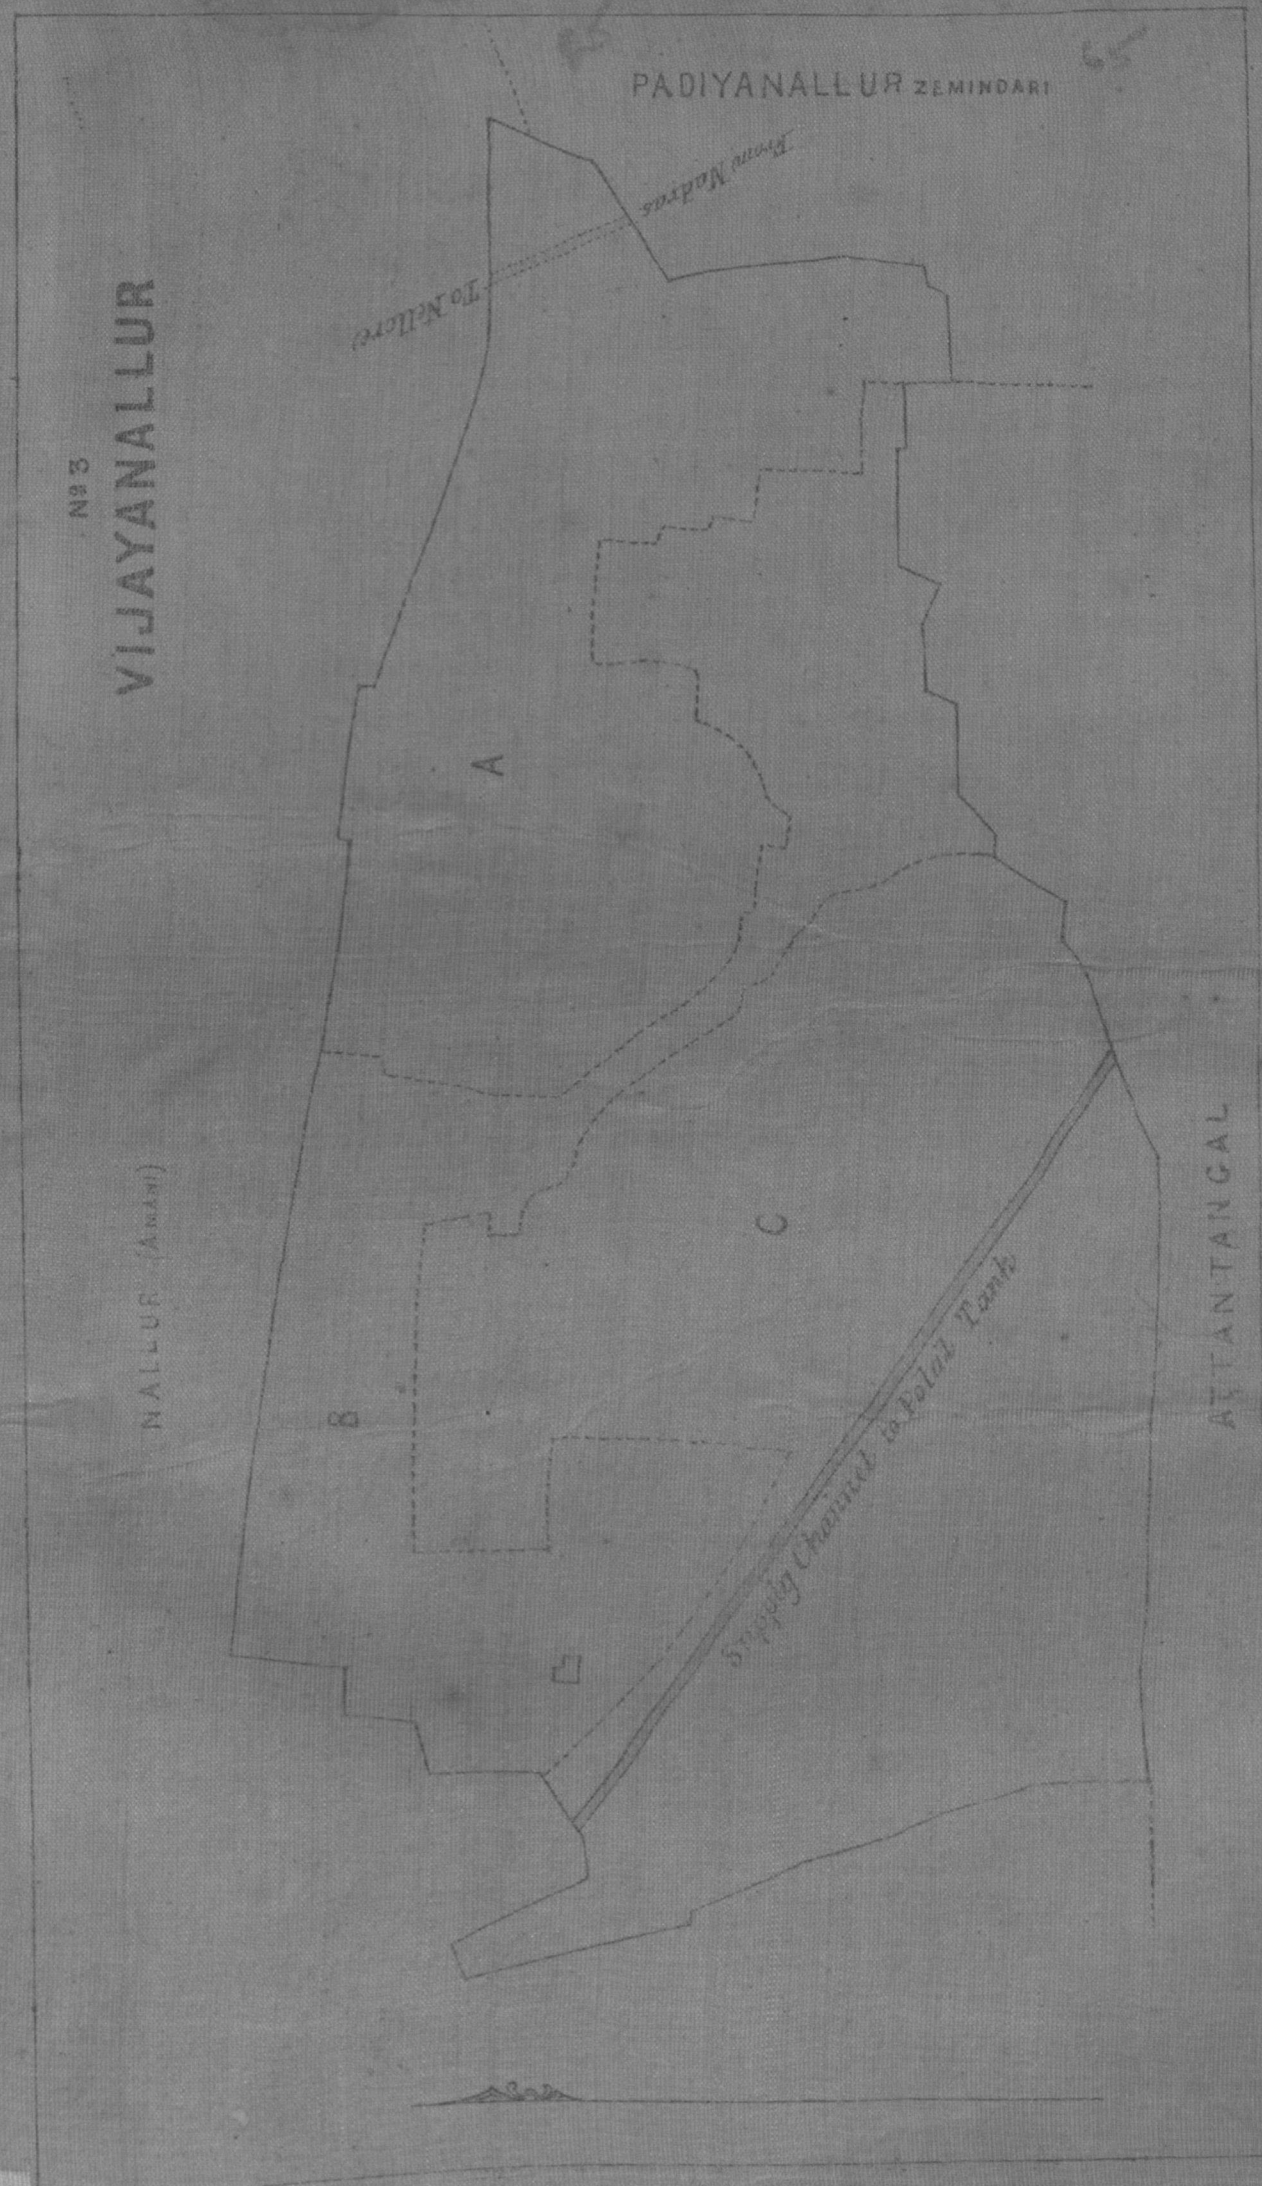

BUILDING SITE. Survey Nos. 47 and 48 have been added to the Building site.

No new enclosure is to be made or new building erected without permission in future within the limits of the Building site.

INAMS. The following lands are held tax-free :—
