

DESCRIPTIVE MEMOIR OF ATTIVAKAM OF THE SAIDAPET TALUQ.
—○○○○—

SITUATION. This village is situated 11 miles north of the Madras Fort.

AREA. The entire village of Kottur consisting of 41 acres, 69 cents. has been transferred to this village.

The total area prior to Survey was, omitting fractions, 159 acres; by Survey it is 175 acres; net increase 16 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively on account of unfavourable seasons and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any Government Poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such Poramboke or of in any way interfering with it and any unauthorized encroachment on such Poramboke will be severely dealt with.

This applies to both Government and Inam land, Survey excess to the extent of 10 per cent. being allowed to the Inamdars free of charge under Board's Circular No. 173.

DEMARICATION. This village contains 3 Kandoms or sub-divisions and 84 Survey fields.

The demarcation marks erected are:—

Boundary stones.		Off-sets.		Field stones.
Village.	Kandam.	Village.	Kandam.

IRRIGATION. This village is irrigated by the Mettukal channel from the Red Hill tank. The irrigation is ordinary. The irrigated lands have accordingly been placed in the 3rd group. The dry lands are placed in the 2nd group.

The revised area of the irrigated lands is 132 acres, 6 cents. assessed at Rs. 474-2 for a single crop.

KUDI MARAMAT. The ryots have undertaken to clear the distributing channels and the drainage channels, when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops, cultivated in Fasli 1284, as per Curnam's accounts is as under :—

Name of Crop.	Irrigated or Dry.	Area in Acres.
Paddy	Irrigated.	103
Raggy		29

* SETTLEMENT. Commencing from the frontier of Tirtagiriyanpattu, block A, a high level block of red loam, comprising Nos. 20 to 22, 24 to 30, 39, 54 to 56, and 67, irrigated by the Mettukal channel of the Red Hill tank, is assessed in class V; within A, block B, comprising Nos. 1 to 19, 23, 31 to 38, 40 to 53, 57 to 66, 68 to 84, on a lower level and better irrigated from the same channel is assessed in class IV. There are no Manavari or Dry lands or lands supplied by baling.

The following table exhibits the revised assessment of the village :—

Description of land.	Block.	Class.	Irrigated.									
			Rate per acre.		Area.		Assessment.					
			Rs.	As.	Acres.	Cents.	Amount.		Remission for baling at 1 Rupee per acre.	Rs.	As.	Net.
							Rs.	As.

Good red loam	B	IV.	4	...	23	42	93	9	...	...	93	9
TOTAL ...					132	6	474	2	...	...	474	2

The land assesment for Fasli 1284, was Rs. 272; by Settlement it is Rs. 474. Total increase Rs. 202.

The former Manavari lands were held at rates varying from R. 1-14-0 to Rs. 3, and the ordinary dry lands at R. 1-5-0 and R. 1-10-0 an acre.

SECOND CROP. No lands have been compounded for as permanent double crop.

SANUDAYAM. The common lands amounting to 78 acres, 34 cents. of wet have now been divided amongst 12 shareholders and have been entered in individual pattahs with the consent of the parties concerned.

MIRASI TENURE. As the Government have recognized the Mirasidars' claim to a percentage fee (Swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

* See Errata list.

The fee is fixed at 2 annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (I) Pangu, (II) Durkast, and (III) Waste.

Pangu lands.—The Mirasidars, 12 in number, have hitherto held 106 acres and 30 cents. in 6½ shares. These lands have now been distinguished, re-divided were necessary, and entered in individual pattahs. The fee registered against these lands is at present a mere matter of account and need not be collected, as the Mirasidars themselves hold the lands according to their respective shares. But if these lands hereafter become waste by relinquishment and are taken up again either by a Mirasidar or by a stranger, they will be chargeable with the fee, plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

Durkast lands.—These are not at present liable to the payment of the fee, as the pattahdars have hitherto held them free of any such payment. Consequently no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on Durkast, they will be dealt with in the same manner as resigned Pangu lands, and the fee will be chargeable on them at the rate of 2 annas per Rupee of assessment.

Waste lands.—The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up these lands they will have to pay the fee, plus the taram assessment registered against each field. The Swatantram fee on the waste of this village (1 acre, 21 cents.) amounts in the aggregate to 9 annas.

The names and shares of the present Mirasidars, are as under :—

No.	Names of Mirasidars.	Shares.

PASTURAGE. No lands have been set aside for this purpose.

BUILDING SITE. Is sufficient for present requirements. No pattah has been granted for cultivation within the limits of the building site, and no new enclosure is to be made or new building erected without permission in future.

INAMS. The following lands are held tax free :—

R. K. PUCKLE,
Acting Director of Revenue Settlement.

Revenue Settlement Office,
Madras, 1875.

No 15.

DESCRIPTIVE MEMOIR OF VADAKARAI OF THE SAIDAPET TALUQ

SITUATION. This village is situated 10 miles north-west of the Madras Fort.
AREA. The total area prior to Survey was, omitting fractions, 197 acres; by Survey it is 121 acres; net increase 14 acres.

It must be distinctly borne in mind that deductions of 16 and 2 per cent. have been made from the gross produce of wet and dry lands respectively on account of unfavourable seasons and on account of any roads, channels, banks paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion therefore of any Government Poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such Poramboke or of in any way interfering with it, and any unauthorized encroachment on such Poramboke will be severely dealt with.

This applies to both Government and Inam land, Survey excess to the extent of 10 per cent. being allowed to the Inamdars free of charge under Board's Circular No. 173.

DEMARICATION. This village contains 2 Kandams or Sub-divisions, and 79 Survey fields. The demarcation marks erected are:—

Boundary stones.		Off-sets.		Field stones.
Village.	Kandam.	Village.	Kandam.	
28	23	80	43	244

STATISTICS. The Statistics of the village, as ascertained by the Census of 1871, are as under:—

Houses.	Bazars.	Population.	Land Pattahs as per Settlement.		Wells.		Cattle.	Sheep.
			Single.	Joint.	Old.	New.		
61	4	675	15	...	...	...	300	...

IRRIGATION. This village is irrigated by the Periyakal channel from the red hill tank. The irrigation is ordinary. The irrigated lands have accordingly been placed in the 1st group. The dry lands are placed in the 2nd group.

The revised area of the irrigated lands is 55 acres, 34 cents., assessed at Rupees 142-6-0 for a single crop.

KUDI MARAZIAT. The ryots have undertaken to clear the distributing channels, and the drainage channels, when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1284, as per Curnam's accounts, is as under:—

Name of crop.									Irrigated or Dry.	Area in Acres.
