DESCRIPTIVE MEMOIR OF ERRANKUPPAM OF THE SAIDAPET TALUQ

SITUATION. This village is situated 13 miles north-west of the Madras Fort.

AREA. The total area prior to Survey was, omitting fractions, 243 acres; by Survey it is 254 acres; net increase 11 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively on account of unfavourable seasons and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any Government Poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such Poramboke or of in any way interfering with it, and any unauthorized encroachment on such Poramboke will be severely dealt with.

This applies to both Government and Inam land, Survey excess to the extent of 10 per cent. being allowed to the Inamdars free of charge under Board's Circular, No. 173.

DEMARCATIION. This village contains 4 Kandams or Sub-divisions, and 105 Survey fields.

The demarcation marks erected are:—

The lands were formerly held at Rupee 1-10-0 an acre.

SAMUDAYAM There are no common lands in this village.

MIRASI TENURE. As the Government have recognized the Mirasidars' claim to a percentage fee (Swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (I) Pangu, (II) Durkast, and (III) Waste.

Pangu Lands.—The Mirasidars, 14 in number, hold no land but $6\frac{1}{4}$ shares.

Durkast Lands.—These are not at present liable to the payment of the fee as the pattahdars have hitherto held them free of any such payment. Consequently no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on Durkast, they will be dealt with in the

same manner as resigned Pangu lands, and the fee will be chargeable on them at the rate of 2 annas per Rupee of assessment.

Waste Lands.—The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up these lands they will have to pay the fee, plus the taram assessment registered against each field. The Swatantram fee on the waste of this village (9 acres, 25 cents. amounts in the aggregate to 14 Annas.

The names and shares of the present Mirasidars are as under :—

Revenue Settlement Office
 Madras 1875

R K PUCKLE,
 Acting Director of Revenue Settlement.

NOTE.—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.

W. WILSON,
 Director of Revenue Settlement.
