

No. 234.

DESCRIPTIVE MEMOIR OF KOVILAMBAKKAM OF THE  
SAIDAPET TALUQ.

SITUATION. This village is situated 10 miles south-west of the Madras Fort.

AREA. The total area prior to Survey was, omitting fractions, 376 acres; by Survey it is 361 acres; total decrease 15 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively on account of unfavourable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any Government poramboke in any Survey field does not confer on the cultivator of that field the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with.

This applies to both Government and Inam land. Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARICATION. This village contains 7 Kandams or sub-divisions, and 166 Survey fields.

The demarcation marks erected are :—

The land assessment for Fasli 1285 was Rupees 330; by Settlement it is Rupees 33; total increase Rupee 1.

The former wet land assessment was charged at rates varying from rupee 1-8-3 to Rupees 3-3-6 an acre.

The Manavari lands were held at rates varying from Rupee 1-5-2 to Rupees 2-10-5, and the ordinary dry lands from Rupee 1-2-2 to Rupees 2-10-5 an acre.

SECOND CROP.

No lands have been compounded for as permanent double crop.

SAMUDAYAM.

The common lands amounting to 24 acres, 1 cent. of dry, and 2 acres, 53 cents. of wet have now been divided amongst 17 shareholders, and have been entered in individual pattahs with the consent of the parties concerned.

MIRASI TENURE.

As the Government have recognized the Mirasidar's claim to a percentage fee (swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (I) Panga, (II) Durkast and (III) Waste.

PANGU LANDS.

The Mirasidars 17 in number have hitherto held 93 acres, 69 cents. in 12 shares. These lands have now been distinguished, re-divided where necessary, and entered in individual pattahs. The fee registered against these

lands is at present a mere matter of account and need not be collected, as the Mirasidars themselves hold the lands according to their respective shares. But if these lands hereafter become waste by relinquishment, and are taken up again either by a Mirasidar or by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

**DURKAST LANDS.** These are not at present liable to the payment of the fee, as the pattahdars have hitherto held them free of any such payment. Consequently, no fee has been registered against these lands, but should they hereafter become waste by relinquishment, and be taken up again on Durkast, they will be dealt with in the same manner as resigned Pangu lands, and the fee will be chargeable on them at the rate of 2 annas per Rupee of assessment.

**WASTE LANDS.** The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up these lands, they will have to pay the fee plus the taram assessment registered against each field. The swatantram fee on the waste of this village (50 acres, 87 cents.) amounts in the aggregate to Rupees 6-15-0.

The names and shares of the present Mirasidars are as under:—

*NOTE.*—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.
