No. 120.

DESCRIPTIVE MEMOIR OF NOCHIMEDU OF THE  
SAIDAPET TALUQ.

**Situation.** This village is situated 22 miles west of the Madras Fort.

**Area.** The total area prior to Survey was, omitting fractions, 196 acres; by Survey it is 257 acres; net increase 61 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavourable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with.

This applies to both Government and Inam lands. Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

**Demarcation.** This village contains 3 Kandams or sub-divisions, and 119 Survey fields.

The demarcation marks erected are:—

The land assessment of ...

The land assessment for Fasli 1285 was Rupees 210; by Settlement it is Rupees 191; total decrease Rupees 19.

The former wet land assessment was charged at rates varying from Rupees 1-14-0 to Rupees 5-4-0 an acre. The Manavari lands were held at rates varying from Rupee 1-14-0 to Rupees 4-8-0, and the ordinary dry lands were held at Rupee 1-5-0 an acre.

Second Crop. No lands have been compounded for as permanent double crop. Samadaya. The common lands amounting to 1 acre and 7 cents, have been entered in the name Adikesava Perumal, with the consent of the parties concerned.

Mirasi Tenure. As the Government have recognized the Mirasidar's claim to a percentage fee (swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (I) Pangu, (II) Durkast and (III) Waste.

Pangu lands. The Mirasidars 8 in number have hitherto held 89 acres, and 40 cents, in 1 share. These lands have now been distinguished, re-divided where necessary, and entered in individual pattahs. The fee registered against these lands is at present a mere matter of account, and need not be collected, as the Mirasidars themselves hold the lands according to their respective shares. But if these lands hereafter become waste by relinquishment, and are taken up again either by a Mirasidar or by a stranger, they will be chargeable with the fee, plus the taram assessment, and the fee thus collected will be payable to the Mirasidary body.

No patta has been granted for cultivation within the limits of the building site, and no new enclosure is to be made or new building erected without permission in future.

C. J. STUART, MAJOR,  
Acting Deputy Director of Revenue Settlement.

The following lands are held tax free or on favourable terms

NOTE.—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.
