AREA. The entire village of Payasampakamlayan consisting of 165 acres, 31 cents, has been transferred to this village.

The total area prior to Survey was, omitting fractions, 134 acres; by Survey it is 165 acres; net increase 31 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively on account of unfavourable seasons and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any Government Poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such Poramboke or of in any way interfering with it, and any unauthorized encroachment on such Poramboke will be severely dealt with.

This applies to both Government and Inam land, Survey excess to the extent of 10 per cent. being allowed to the Inamdars free of charge under Board's Circular, No. 173.

DEMARICATION. This village contains 2 Kandams, or sub-divisions, and 90 Survey fields.

The demarcation marks erected are :—

IRRIGATION. This village is irrigated by the Periyakal channel from the Red Hill tank. The irrigation is good. This village has accordingly been placed in the 2nd group.

The revised area of the irrigated lands is 116 acres, 52 cents, assessed at Rs. 466-3 for a single crop.

[illegible]

KUDI WARANAT The ryots have undertaken to clear the distributing channels, when needed, at their own cost, as per separate Statement.

CROPS. The acreage of the crops cultivated in Fasli 1284, as per Curnam's accounts, is as under:—

Name of crop.	Irrigated or dry.	Area in Acres.

SETTLEMENT. Commencing from the frontier of Vilankadupakam, block A, comprising Nos. 1 to 13, 22, 23, 29 to 42, 64, is assessed in class V; south of A, block B, a poor stiff soil, comprising Nos. 14 to 21, 24 to 26, 66, is assessed in class VI; north of B, block C, comprising Nos. 27, 28, 43 to 54, 58 to 63, 65, 67 to 72, is assessed in class IV; north-west of C, block D, comprising Nos. 55 to 57, 73 to 90, is assessed in class III. There are no Manavari or dry lands or lands supplied by baling.

The following table exhibits the revised assessment of the village:—

The land assessment for Fasli 1284 was Rs. 458; by Settlement it is Rs. 466. Total increase Rs. 8.

The former wet land assessment was charged at rates varying from Rs. 3-3-0 to Rs. 5-13-0 an acre.

SECOND CROP. No lands have been compounded for as permanent double crop.

SAMUDAYAM. The common lands amounting to 8 acres, 32 cents. of wet have now been divided amongst 4 shareholders, and have been entered in individual pattahs with the consent of the parties concerned.

MIRASI TENURE As the Government have recognized the Mirasidars' claim to a percentage fee (Swatantram) on the taram assessment, the following arrangements are made for its future collection and payment,

The fee is fixed at 2 annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (I) Pangu, (II) Durkast, and (III) Waste.

Pangu lands.—The Mirasidars, 10 in number, have hitherto held 18 acres and 55 cents. in $6\frac{3}{8}$ shares. These lands have now been distinguished, re-divided, where necessary, and entered in individual pattahs. The fee registered against these lands is at present a mere matter of account and need not be collected, as the Mirasidars themselves hold the lands according to their respective shares. But if these lands hereafter become waste by relinquishment and be taken up again either by a Mirasidar or by a stranger, they will be chargeable with the fee, plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

Durkast lands.—These are not at present liable to the payment of the fee, as the pattahdars have hitherto held them free of any such payment. Consequently no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on Durkast, they will be dealt with in the same manner as resigned Pangu lands, and the fee will be chargeable on them at the rate of 2 annas per Rupee of assessment.

Waste lands.—The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must, therefore, clearly understand that when they take up these lands they will have to pay the fee, plus the taram assessment registered against each field. The Swatantram fee on the waste of this village (16 acres, 54 cents.) amounts in the aggregate to Rs. 7-12-0.

The names and shares of the present Mirasidars are, as under:—

No.	Names of Mirasidars.	Shares.
1	Ramasami Mudali	$\frac{3}{8}$
2	Appu Mudali	$\frac{3}{4}$
3	Raju Mudali and Ramasami Mudali	$1\frac{1}{4}$

DESCRIPTIVE MEMOIR OF SETTLEDU OF THE SAIDAPET TALUK.

SITUATION. This village is situated 9 miles north of the Madras Fort.

AREA. The total area prior to Survey was, omitting fractions, 125 acres; by Survey, it is 143 acres; net increase 18 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent, have been made from the gross produce of wet and dry lands respectively on account of unfavourable seasons and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any Government Poramboke in any survey field, does not confer on the cultivator of that field the right of entering on such Poramboke or of in any way interfering with it, and any unauthorized encroachment on such Poramboke will be severely dealt with.

This applies to both Government and Inam land, Survey excess to the extent of 10 per cent. being allowed to the Inamdars free of charge under Board's Circular No. 173.
