No. 20

DESCRIPTIVE MEMORIAL OF SETTLEMENT OF THE SAIDAPET TALUK.

SITUATION. This village is situated 9 miles north of the Madras Fort.

AREA. The total area prior to Survey was, omitting fractions, 125 acres; by Survey, it is 143 acres; net increase 18 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent, have been made from the gross produce of wet and dry lands respectively on account of unfavourable seasons and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any Government Poramboke in any survey field, does not confer on the cultivator of that field the right of entering on such Poramboke or of in any way interfering with it, and any unauthorized encroachment on such Poramboke will be severely dealt with.

This applies to both Government and Inam land, Survey excess to the extent of 10 per cent. being allowed to the Inamdars free of charge under Board's Circular No. 173.

DEMARCATON. This village contains 2 Kandams or sub-divisions, and 54 Survey fields. The demarcation marks erected are:—

Boundary Stones.		Off-sets.		Field Stones.

IRRIGATION. This village is irrigated by the Periyakal channel from the Red Hill tank. The irrigation is ordinary. The irrigated lands have accordingly been placed in the 3rd group. The dry lands are placed in the 2nd group.

The revised area of the irrigated lands is 59 acres 46 cents assessed at Rupees 193-0 for a single crop.

WADI MARAMAT. The ryots have undertaken to clear the distributing channels and the drainage channels, when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1284, as per Curnam's accounts, is as under.

Name of crop.	Irrigated or Dry.	Area in acres.

SETTLEMENT. Commencing from the frontier of Payasampakam, block A, comprising Nos. 32, 35 to 43, 45 to 47, 49 the best land in the village, is assessed in class IV; south west of A, block B, comprising Nos. 20, 23, 25, 26, 31, 33, 34, 44, 48, 50, 53, 54 is assessed in class V; east of B, block C, comprising Nos. 4, 5, 17, 18 is assessed in class VI; round C, block D, a poor stiff soil comprising Nos. 1 to 3, 6 to 16, 19, 21, 22, 24, 27 to 30, 51, 52 is assessed in class VII. There are no Manavari or dry lands or lands supplied by baling.

The following table exhibits the revised assessment of the village.

Description of land.			Block.	Class.	Irrigated.

TOTAL ...							59	46	193	...	...	...	193	...		

The land assessment for Fasli 1284 was Rs. 186; by Settlement it is Rs. 193. Total increase Rs. 7.

The former wet land assessment was charged at rates varying from Rupees 2-10-0 to Rupees 4-8-0 an acre.

SECOND CROP. No lands have been compounded for as permanent double crop.
SAMUDAYAM. There are no common lands in this village.

MIRASI TENURE. As the Government have recognized the Mirasidars' claim to a percentage fee (Swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (I) Pangu, (II) Durkast, and (III) Waste.

Pangu lands.—The Mirasidars 13 in number have hitherto held 59 acres and 46 cents in $6\frac{1}{4}$ shares. These lands have now been distinguished, re-divided, where necessary, and entered in individual pattahs. The fee registered against these lands is at present a mere matter of account and need not be collected, as the Mirasidars themselves hold the lands according to their respective shares. But if these lands hereafter become waste by relinquishment and are taken up again either by a Mirasidar or by a stranger, they will be chargeable with the fee, plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

Durkast lands.—These are not at present liable to the payment of the fee, as the Pattahdars have hitherto held them free of any such payment. Consequently no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on Durkast, they will be dealt with in the same manner as resigned Pangu lands, and the fee will be chargeable on them at the rate of 2 annas per Rupee of assessment.

Waste lands.—The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must, therefore, clearly understand that when they take up these lands they will have to pay the fee, plus the taram assessment registered against each field. The Swatantram fee on the waste of this village (38 acres, 92 cents,) amounts in the aggregate to Rs. 12-6.

The names and shares of the present Mirasidars are as under.
