

DESCRIPTIVE MEMOIR OF TUNDALAM OF THE SAIDAPET TALUQ.

SITUATION. This village is situated 11 miles north-west of the Madras Fort.

AREA. The total area prior to Survey was, omitting fractions, 250 acres; by Survey it is 263 acres; net increase 13 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively on account of unfavourable seasons and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion therefore of any Government Poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such Poramboke or of in any way interfering with it, and any unauthorized encroachment on such Poramboke will be severely dealt with.

This applies to both Government and Inamland, Survey excess to the extent of 10 per cent. being allowed to the Inamdars free of charge under Board's Circular No. 173.

DEMARICATION. This village contains 3 Kandams or sub-divisions, and 109 Survey fields. The demarcation marks erected are:—

Boundary stones.		Off-sets.		Field stones.
	Kadam.	Village.	Kadam.	
13	45	5	18	272

STATISTICS.

The Statistics of the village, as ascertained by the Census of 1871, are as under:—

Houses.	Bazars.	Population.	Land Pattahs as per Settlement.		Wells.		Cattle.	Sheep.
			Single.	Joint.	Old.	New.		
16	3	88	9	...	...	3	80	...

IRRIGATION. This village is irrigated by two rain-fed tanks and by a spring. The irrigation is ordinary. The irrigated lands have accordingly been placed in the 3rd group. The dry lands are placed in the 2nd group. The revised area of the irrigated lands is 66 acres and 66 cents., assessed at Rs. 268-3.

KUDI KARAMAT. The ryots have undertaken to keep the sluices clear of silt, and to clear the distributing channels, when needed, at their own cost, as per separate statement.

SETTLEMENT. Commencing from the frontier of Settiyaragaram, block A, to the north of the village, comprising Nos. 1 to 33, 35 to 37, 39 to 43, 45 to 52, is assessed in Class IV; west of A, block B, in the bed of the Settiyaragaram tank, comprising Nos. 34, 38, 44, 53 to 78 is assessed in Class V; south of A, block C, also in the bed of the tank, comprising Nos. 79 to 109, is assessed in Class V. There are no Manavari lands. The lands supplied by baling are assessed at 1 Rupee an acre less than the rate assigned to the block in which they are situated. The d. lands intermixed with the irrigation are assessed in the class and sort assigned to the block in which they are situated.

The following table exhibits the revised assessment of the village.

The land assessment for Fasli 1284, was Rs. 275; by Settlement i
Total reduction Rs. 6.

The former wet land assessment was charged at rates varying from Rs. 6-7 an acre. The dry lands were held at rates varying from R. 1-10 to 1-4-0 an acre.

SECOND CROP. Block A, has been compounded for as permanent double crop at $\frac{1}{4}$ additional to the single crop assessment in Class IV.

AMUDAYAM. The common lands amounting to 42 cents. of wet and 99 cents. of dry have now been divided amongst 4 shareholders and have been entered in individual pattahs with the consent of the parties concerned.

MIRASI TENURE. As the Government have recognized the Mirasidars' claim to a Percentage fee (Swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (I) Pangu, (II) Durkast, and (III) Waste.

Pangu Lands.—The Mirasidars, 7 in number, have hitherto held 63 acres, and 7 cents. in 3 shares. These Pangu lands have now been distinguished, re-divided where necessary, and entered in individual pattahs. The fee registered against these lands is at present a mere matter of account and need not be collected, as the Mirasidars themselves are to pay the fee for the lands according to their respective shares. But if these lands hereafter become waste by relinquishment and are taken up again either by a Mirasidar or by a stranger, they will be chargeable with the fee, plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

Durkast Lands.—These are not at present liable to the payment of the fee as the pattahdars have hitherto held them free of any such payment. Consequently no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on durkast, they will be dealt with in the same manner as resigned Pangu lands, and the fee will be chargeable on them at the rate of 2 annas per Rupee of assessment.

Waste Lands—The fee registered against these lands is all that the Miras body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up these lands they will have to pay the fee, plus the taram assessment registered against each field.

The Swamtram fee on the waste of this village (91 acres, 51 ce
in the aggregate to Rupees 33-12-0.

names and shares of the present Mirasidars, are as under :—

Acting Director of Revenue Settlement.

52

NOTE.—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.

W. WILSON,
Director of Revenue Settlement.
