

No. 127.

DESCRIPTIVE MEMOIR OF VELLAVEDU
OF THE SAIDAPET TALUQ.

SITUATION. This village is situated 19 miles west of the Madras Fort.
AREA. The total area prior to Survey was, omitting fractions, 111 acres ; by Survey it is 125 acres ; net increase 14 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavourable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such poramboke or of in any way interfering with it, and any unauthorized encroachment on it will be severely dealt with.

This applies to both Government and Inam lands, Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARICATION. This village contains 2 Kandams or sub-divisions, and 145 Survey fields.

The demarcation marks erected are :—

IRRIGATION. This village is irrigated by the Nemam tank. The irrigation is good. The irrigated lands have accordingly been placed in the 1st group. The dry lands are placed in the 2nd group. The revised area of the irrigated lands is 77 acres and 72 cents. assessed at Rupees 395-8-0 for a single crop.

WADI MAMAMAT. The ryots have undertaken to clear the distributing channels, when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1285, as per Curnam's accounts is, as under:—

SETTLEMENT. Commencing from the frontier of Melmanambedu, block A, a tract of the best red loam, round about the village, comprising Nos. 1 to 19, 70 to 96, 127 to 145 is assessed in Class II; south of A, block B, a tract of good red loam, on high level, and not so well irrigated, comprising Nos. 20 to 30, 33 to 54, 60 to 69, 97 to 104, 110, 111 is assessed in Class III; east of B, block C, a tract of good red loam, comprising Nos. 31, 32, 55 to 59, 105 to 109, 112 to 136 is assessed in Class III. There are no Manavari lands. The lands supplied by baling are assessed at Rupee 1 per acre less than the rate assigned to the block in which they are situated. The dry lands intermixed with the irrigated are assessed in the class and sort assigned to the block in which they are situated.

The following table exhibits the revised assessment of the village:—

The land assessment for Fasli 1285 was Rupees 436; by Settlement it is Rupees 412; total reduction Rupees 24. The former wet land assessment was charged at Rupees 5-14-0 and Rupees 6-7-0 an acre; and the ordinary dry lands were held at Rupees 5-5-0 and Rupees 1-10-0 an acre.

SECOND CROP. Nos. 31 AB, 32 AB, 55 AB, 56 AB, 57, 58 AB, 59 AB, 105 AB, 107 AB, 108, 109 AB, 112 AB, 113 AB in block C, are registered as double-crop at half additional to the single crop assessment.

SAMUDAYAM. The common lands amounting to 18 cents. of wet and 1 acre, 8 cents. of dry, have now been divided amongst 5 share-holders and have been entered in individual pattahs with the consent of the parties concerned.

MIRASI TENURE. As the Government have recognized the Mirasidar's claim to a percentage fee (swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 annas in the Rupee of assessment of both dry and wet lands, for which the lands are divided into (I) Pangu, (II) Durkast and (III) Waste.

PANGU LANDS. The Mirasidars, 10 in number, have hitherto held 80 acres and 67 cents. in 4 shares. These lands have now been distinguished, re-divided where necessary, and entered in individual pattahs. The fee registered against these lands is at present a mere matter of account and need not be collected, as the Mirasidars themselves hold the lands according to their respective shares. But if these lands hereafter become waste by relinquishment, and are taken up again either by a Mirasidar or by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

DURKAST LANDS. These are not at present liable to the payment of the fee, as the pattahdars have hitherto held them free of any such payment. Consequently, no fee has been registered against these lands, but should they hereafter become waste by relinquishment, and be taken up again on Durkast, they will be dealt with in the same manner as resigned Pangu lands, and the fee will be chargeable on them at the rate of 2 annas per Rupee of assessment.

WASTE LANDS. The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up

these lands they will have to pay the fee plus the taram assessment registered against each field. The swatantram fee on the waste of this village (1 acre and 99 cents.) amounts in the aggregate to Rupees 1-6-0.

The names and shares of the present Mirasidars are as under:—

No.	Names of Mirasidars.	Shares.

NOTE.—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classed and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.

W. WILSON.

Director of Revenue Settlement.
