

DESCRIPTIVE MEMOIR OF GOVINDARAJAKUPPAM OF THE TRIVELLUR TALUK.

SITUATION This village is situated 8 miles north-west of Trivellur.

AREA The total area prior to Survey was, omitting fractions 152 acres ; by Survey it is 153 acres ; increase 1 acre.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavorable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke, in any Survey field, does not confer on the cultivator of that field, the right of entering on such poramboke, or of, in any way interfering with it, and any unauthorized encroachment on such poramboke, will be severely dealt with. This applies to both Government and Inam lands, Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARCATIION This village contains 2 Kandams, or sub-divisions and 67 Survey fields.

The demarcation marks erected are :—

IRRIGATION. This village is irrigated by a rain fed Tank, the Govindakuppam Yeri. The irrigation is ordinary. The irrigated lands have accordingly been placed in the 2nd group. The dry lands are also placed in the 2nd group.

The revised irrigated area of the Government occupied lands is 35 acres and 72 cents, assessed at Rupees 141-11-0 for a single crop.

KUDI-MARAMAT. The ryots have undertaken to keep the sluice clear of silt, and to clear the distributing channels when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1285 as per Karnam's accounts, is as under :—

SETTLEMENT. Commencing from the frontier of Attarambakkam, block A, irrigated by the Tank, comprising Nos. 1 to 9, 25, 28, 43, 47 to 53 and 60 to 67 is assessed in class V. South of A, block B, adjoining the village site, similarly irrigated, comprising Nos. 10 to 24, 26, 27, 29 to 42, 44 to 46 and 54 to 59 is assessed in class IV. There are no Manavari lands, or lands irrigated by baling in this village. The dry lands intermixed with the irrigated area are assessed in the class and sort assigned to the block in which they are situated.

The following table exhibits the revised assessment of the Government occupied lands of the village :—

Description of land.	Block.	Class.	IRRIGATED.				Dry.

Total...					35	72	141	11		

The land assessment for Fasli 1285 was Rupees 189 ; by Settlement it is Rupees 177 ; decrease Rupees 12. The former wet land assessment was charged at Rupees 4-2-8 and the ordinary dry lands were charged at Rupees 1-5-9 an acre.

SECOND CROP. No lands have been compounded for as permanent double crop.

SAMUDAYAM. There are no common lands in this village.

MIRASI TENURE. As the Government have recognized the Mirasidar's claim to percentage fee (swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands for which the lands are divided into (i) Pangu, (ii) Durkast, and (iii) Waste.

Pangu lands.—The Mirasidar Pera Reddi has hitherto held 22 acres and 86 cents. in 1 share entered in his pattah. The fee registered against these lands is at present a mere matter of account and need not be collected, as the Mirasidar himself holds the lands according to his share but if these lands hereafter waste by relinquishment and are taken up again either by himself or by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

Durkast lands.—These are not at present liable to the payment of the fee as the pattahdars have hitherto held them free of any such payment. Consequently no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on Durkast, they will be dealt with in the same manner as registered Pangu lands, and the fee will be chargeable on them at the rate of 2 Annas per Rupee of assessment.

Waste lands.—The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up these lands they will have to pay the fee plus the taram assessment registered against each field. The swatantram fee on the waste of this village (48 acres and 39 cents.) amounts in the aggregate to Rupees 9-14-0.

The lands free of swatantram till resigned are Nos. 6, 11, 12, 14 to 17, 20, 26, 34B, 35, 40, 56, 57, 58B, 62 to 65 held by 1 Mirasidar and 7 Durkastdars.

PASTURAGE. Nos. 52, 53, 66 and 67 in all 20 acres and 80 cents. have been set aside for this purpose.

BUILDING SITE. Is sufficient for present requirements. No new enclosure is to be made or new building erected without permission in future within the limits of the building site.

INAMS

The following lands are held tax-free or on favorable terms:—
