

DESCRIPTIVE MEMOIR OF KILMENI OF THE TRIVELLUR TALUK.

SITUATION. This village is situated 25 miles north-east of Trivellur.

AREA. The total area prior to Survey was, omitting fractions 330 acres; by Survey it is 425 acres; increase 95 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavorable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke, in any Survey field, does not confer on the cultivator of that field, the right of entering on such poramboke, or of, in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with. This applies to both Government and Inam lands, Survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARICATION. This village contains 4 Kandams, or sub-divisions and 69 Survey fields.

The demarcation marks erected are :—

IRRIGATION. This village is irrigated by a rain fed Tank and a Maduvu. The irrigation is inferior. The irrigated lands have accordingly been placed in the 3rd group. The dry lands are placed in the 2nd group.

The revised area and assessment of the Government occupied lands under each source of irrigation are as follows :—

KUDI MARAMAT. The ryots have undertaken to clear the distributing channels when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1285 as per Karnam's accounts, is as under :—

Name of Crop.	Irrigated or Dry.	Area in Acres.

SETTLEMENT. Commencing from the frontier of Sinnambedu of the Ponneri, Taluk block A, adjoining the Nattam and irrigated by the Tank, comprising Nos. 7 to 19 and 35 to 38 is assessed in class VI. South and east of A, block B, similarly irrigated, comprising Nos. 5, 6, 20 and 22 is assessed in class VII. East and south of B, block C, a tract of waste land irrigated by the Tank, and the Maduvu, comprising Nos. 1 to 4, 21, 23 to 34, 39 to 47, 55 to 58 and 60 to 69 is assessed in class IX. South-east of C, block D, irrigated by the Maduvu, comprising Nos. 48 to 54 and 59 is assessed in class VII. There are no Manavari lands in this village. The lands irrigated by baling are assessed at one Rupee an acre less than the rate assigned to the block in which they are situated. The dry lands intermixed with the irrigated area are assessed in the class and sort assigned to the block in which they are situated.

The following table exhibits the revised assessment of the Government occupied lands of the village.—

Description of land.	Block.	Class.	IRRIGATED.					
			Rate per Acre.		Area.		Assessment.

The land assessment for Fasli 1285 was Rupees 177; by Settlement it is Rupees 164; decrease Rupees 13. The former wet land assessment was charged at rates varying from Rupees 2-10-0 to Rupees 5-13-0 and the ordinary dry lands from Rupee 1 to Rupees 2-10-0.

SECOND CROP. No lands have been compounded for as permanent double crop.

SAMUDAYAM. There are no common lands in this village.

MIRASI TENURE. As the Government have recognized the Mirasidar's claim to a percentage fee (swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands for which the lands are divided into (i) Pangu, (ii) Durkast and (iii) Waste.

Pangu lands.—The Mirasidar Vijaya Ragava Mudali has hitherto held 11 acres and 51 cents. in 1 share. The fee registered against these lands is at present a mere matter of account and need not be collected, as the Mirasidar himself holds the lands. But if these lands hereafter become waste by relinquishment and are taken up again either by a Mirasidar or by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

Durkast lands.—These are not at present liable to the payment of the fee as the pattahdars have hitherto held them free of any such payment. Consequently no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on Durkast, they will be dealt with in the same manner as registered Pangu lands, and the fee will be chargeable on them at the rate of 2 Annas per Rupee of assessment.

Waste lands.—The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up these lands they will have to pay the fee plus the taram assessment registered against each field. The swatantram fee on the waste of this village (225 acres and 45 cents.) amounts in the aggregate to Rupees 31-11-0.

The lands free of swatantram till resigned are Nos. 5, 6, 7, 10, 12, 19, 20, 38, 48B and 54B held by 1 Mirasidar and 4 Durkastdars.

PASTURAGE. Survey Nos. 65 to 68 in all 107 acres and 61 cents. have been set aside for this purpose.

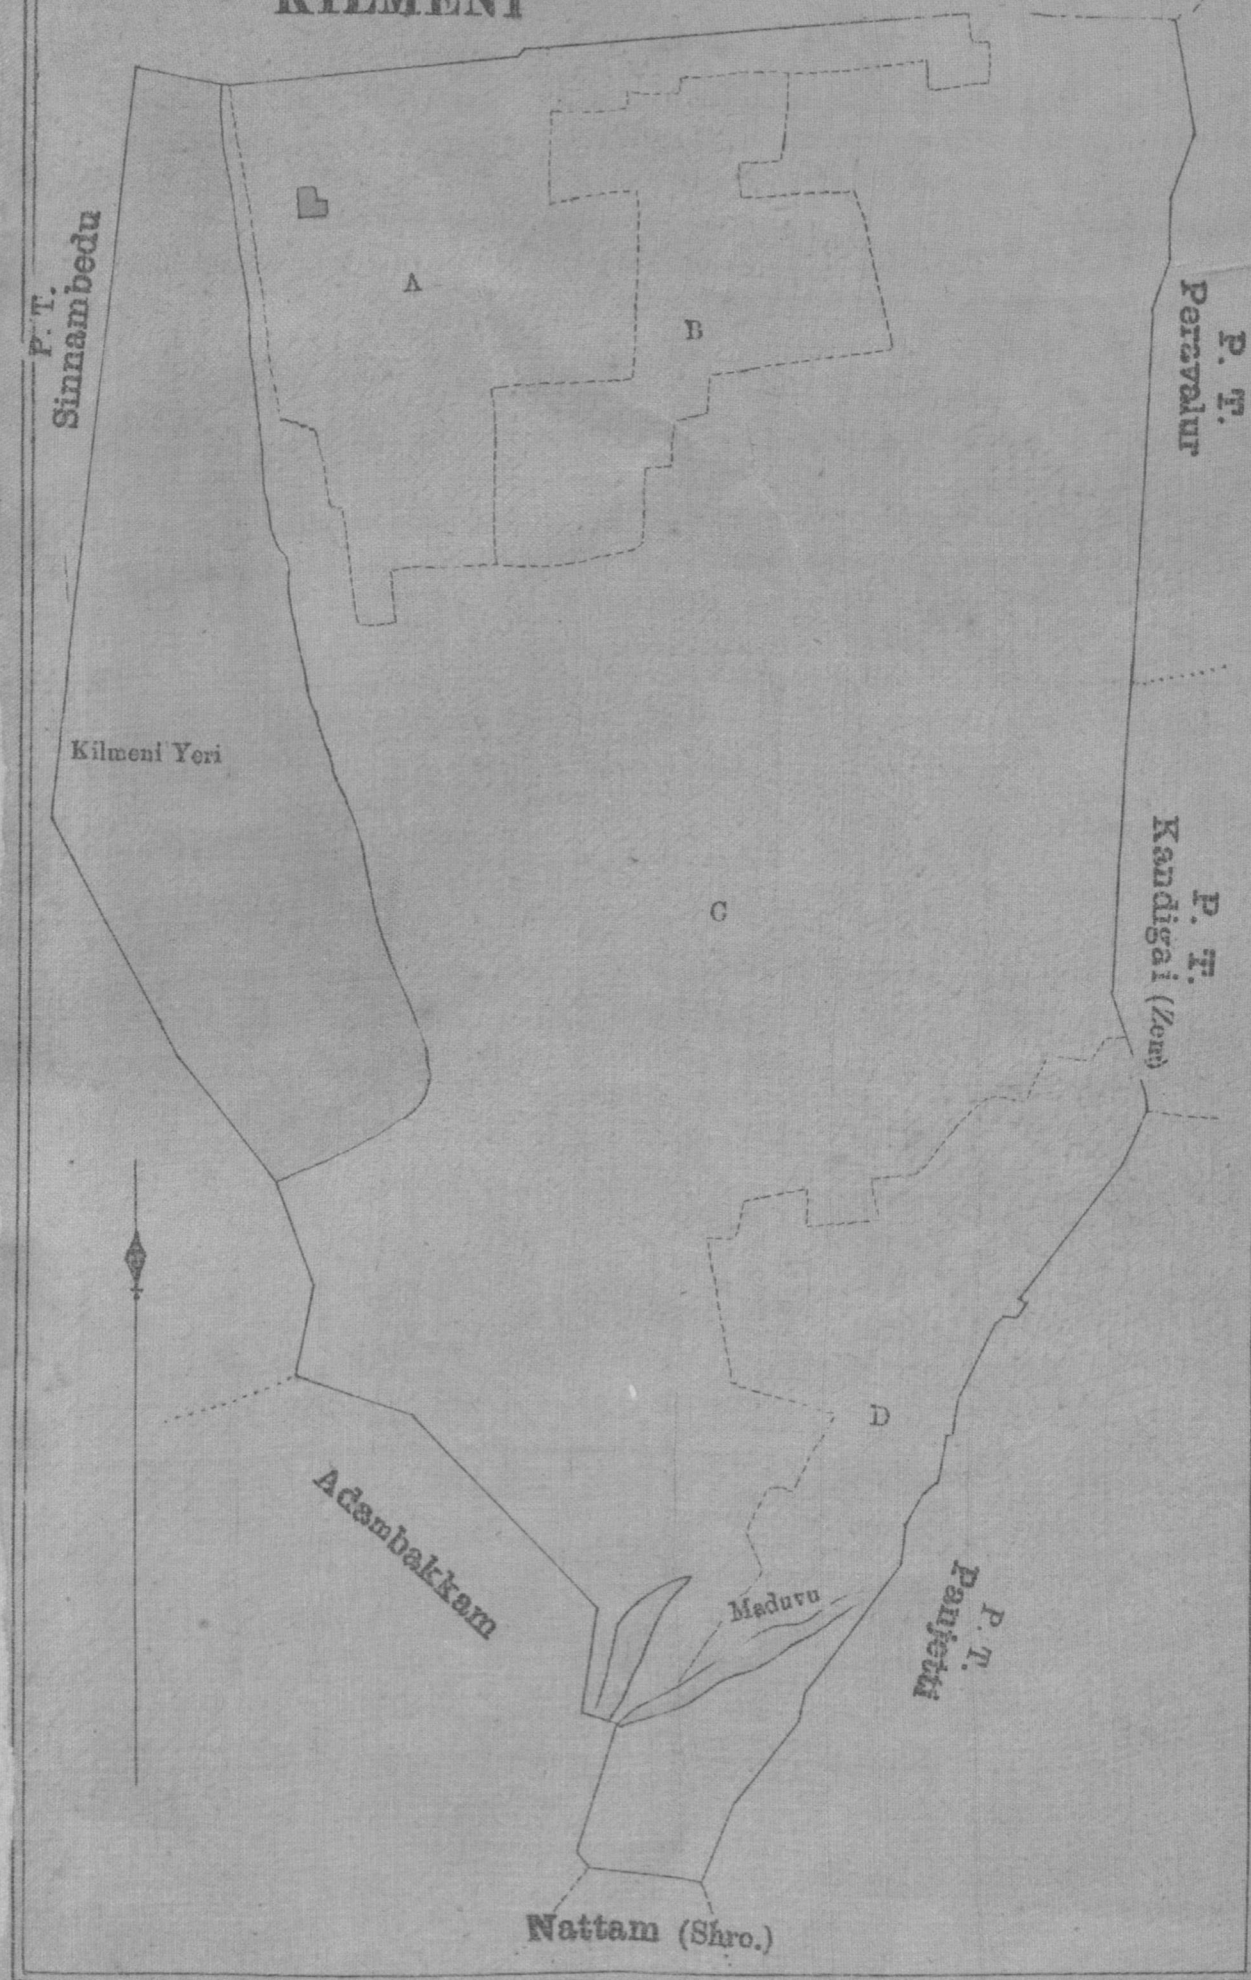

BUILDING SITE. Survey No. 13 has been added to the building site. No new enclosure is to be made or new building erected without permission in future within the limits of the building site.

INAMS. The following lands are held tax-free or on favorable terms :—

NOTE.—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.

Director of Revenue Settlement.
