

DESCRIPTIVE MEMOIR OF SITTARIYAPPAKKAM OF THE TRIVELLUR TALUK.

SITUATION. This village is situated 14 miles north-east of Trivellur.

AREA. The total area prior to Survey was, omitting fractions, 88 acres; by Survey it is 139 acres; increase 51 acres.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavourable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any survey field, does not confer on the cultivator of that field, the right of entering on such poramboke, or of, in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with. This applies to both Government and Inam land, survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge, under Board's Circular No. 173.

DEMARCATIION. This village contains 1 Kandam or sub-division, and 13 Survey fields.

The demarcation marks erected are :—

SETTLEMENT. Commencing from the frontier of Ariyappakkam, the Manavari lands of this entirely dry village are assessed in class V and the ordinary dry lands in class VI.

The following table exhibits the revised assessment of the Government occupied lands of the village :—

Description of land	Block.	Dry.						
		Class.	Area.		Amount.		Rate per Acre.	
			Acres.	Cents.	Rs.	A.	Rs.	A.

Manavari	...	V	1	8	4	29	6	7
Total...			...	...	30	82	39	10

The land assessment for Fasli 1285 was Rs. 36; by Settlement it is Rs. 40; increase Rs. 4. The former dry lands were charged at Rs. 1-3-2 an acre.

SAMUDAYAM. There are no common lands in this village.

MIRASI TENURE. As the Government have recognized the Mirasidar's claim to a percentage fee (Swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands for which the lands are divided into (i) Pangu, (ii) Durkast and (iii) Waste.

Pangu lands.—The Mirasidars Sennappa and Sinivasa Pillai have hitherto held 1 acre & 97 cents in a joint pattah in 1 share. These lands have now been distinguished re-divided where necessary, and entered in individual pattahs. The fee registered against these lands is at present a mere matter of account and need not be collected, as the mirasidars themselves hold the lands according to their respective shares. But if these lands hereafter become waste by relinquishment and are taken up again either by a Mirasidar or by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the mirasi body.

Durkast lands.—These are not at present liable to the payment of the fee as the pattahdars have hitherto held them free of any such payment. Consequently no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on Durkast, they will be dealt with in the same manner as registered Pangu lands, and the fee will be chargeable on them at the rate of 2 Annas per Rupee of assessment.

Waste lands.—The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must therefore clearly understand that when they take up these lands they will have to pay the fee plus the taram assessment registered against each field. The swatantram fee on the waste of this village (17 acres 68 cents) amounts in the aggregate to Rs. 2-13-0.

The lands free of swatantram till resigned are Nos. 1, 2 A, 3 and 10 held by 2 Durkastdars.

PASTURAGE. No lands have been specially set aside for this purpose. The cattle are fed on the pattah lands and Government waste.

BUILDING SITE. This is a Bacherach village.

INAM. The following lands are held tax-free :—
