

130 DESCRIPTIVE MEMOIR OF VENKULI OF THE TRIVELLUR TALUK.

SITUATION. This village is situated 16 miles north-east of Trivellur.

AREA. The total area prior to Survey was, omitting fractions, 152 acres; by Survey it is 151 acres; decrease 1 acre.

It must be distinctly borne in mind that deductions of 16 and 25 per cent. have been made from the gross produce of wet and dry lands respectively, on account of unfavorable seasons, and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke, in any survey field, does not confer on the cultivator of that field, the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with. This applies to both Government and Inam land, survey excess to the extent of 10 per cent. being allowed to the Inamdars, free of charge under Board's Circular No. 173.

DEMARICATION. This village contains 2 Kandams or sub-divisions and 51 Survey fields.

The demarcation marks erected are :—

IRRIGATION. This village is irrigated by the Perikumkolam No. 8. The irrigation is inferior. The irrigated lands have accordingly been placed in the 3rd group. The dry lands are placed in the 2nd group.

The revised area of the Government occupied irrigated lands is 59 acres 91 cents assessed at Rs. 149-12-0 for a single crop.

KUDI MARAMAT. The ryots have undertaken to clear the distributing channels when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1285, as per Karnam's accounts, is as under:—

Name of Crop.								Irrigated or Dry.	Area in Acres.

SETTLEMENT. Commencing from the frontier of Mukkambakkam, block A, a tract of unirrigated waste, comprising Nos. 45, 50 and 51 is assessed in class VIII. South of A, block B, irrigated by the Kolam, comprising Nos. 1 to 44 and 46 to 49 is assessed in class VII. The Manavari lands are assessed in class VI. There are no lands irrigated by baling in this village.

The following table exhibits the revised assessment of the Government occupied lands of the village:—

The land assessment for Fasli 1285, was Rs. 98; by Settlement it is Rs. 168; increase Rs. 70. The former wet land assessment was charged at Rs. 1-5-0 and Rs. 1-11-0 an acre. The Manavari lands were charged at rates varying from Rs. 1-5-0 to Rs. 3-0-0 and the ordinary dry lands at Rs. 1-5-0 and Rs. 1-10-3 an acre.

SECOND CROP

No lands have been compounded for as permanent double crop.

SAMUDAYAM

There are no common lands in this village.

MIRASI TENURE

As the Government have recognized the Mirasidar's claim to a percentage fee (Swatantram) on the taram assessment, the following arrangements are made for its future collection and payment.

The fee is fixed at 2 Annas in the Rupee of assessment of both dry and wet lands for which the lands are divided into (i) Pangu, (ii) Durkast and (iii) Waste.

Pangu lands.—The Mirasidars, Vennavalli subba Row and Nippani subba Row have hitherto held 62 acres and 9 cents. in a joint pattah in 1 share. These lands have now been distinguished, re-divided where necessary, and entered in individual pattahs. The fee registered against these lands is at present a mere matter of account and need not be collected as the Mirasidars themselves hold the lands according to their respective shares. But if these lands hereafter become waste by relinquishment and are taken up again either by a Mirasidar or by a stranger, they will be chargeable with the fee plus the taram assessment, and the fee thus collected will be payable to the Mirasi body.

Durkast lands.—These are not at present liable to the payment of the fee as the pattahdars have hitherto held them free of any such payment. Consequently no fee has been registered against these lands, but should they hereafter become waste by relinquishment and be taken up again on Durkast, they will be dealt with in the same manner as registered Pangu lands, and the fee will be chargeable on them at the rate of 2 Annas per Rupee of assessment.

Waste lands.—The fee registered against these lands is all that the Mirasi body is likely to realize at present, and that only when these lands are applied for. Intending applicants must, therefore, clearly understand that when they take up these lands they will have to pay the fee plus the taram assessment registered against each field. The Swatantram fee on the waste of this village (40 acres 97 cents) amounts in the aggregate to Rs. 5-0-0.

The lands free of Swatantram till resigned are Nos. 36 to 38 held by 2 Durkastdars.

PASTURAGE

No lands have been specially set aside for this purpose; the cattle are fed on the pattah lands and Government waste.

BUILDING SITE

Is sufficient for present requirements. No new enclosure is to be made or new building erected without permission in future within the limits of the building site.

INAMS. The following lands are held tax-free or on favorable terms:—

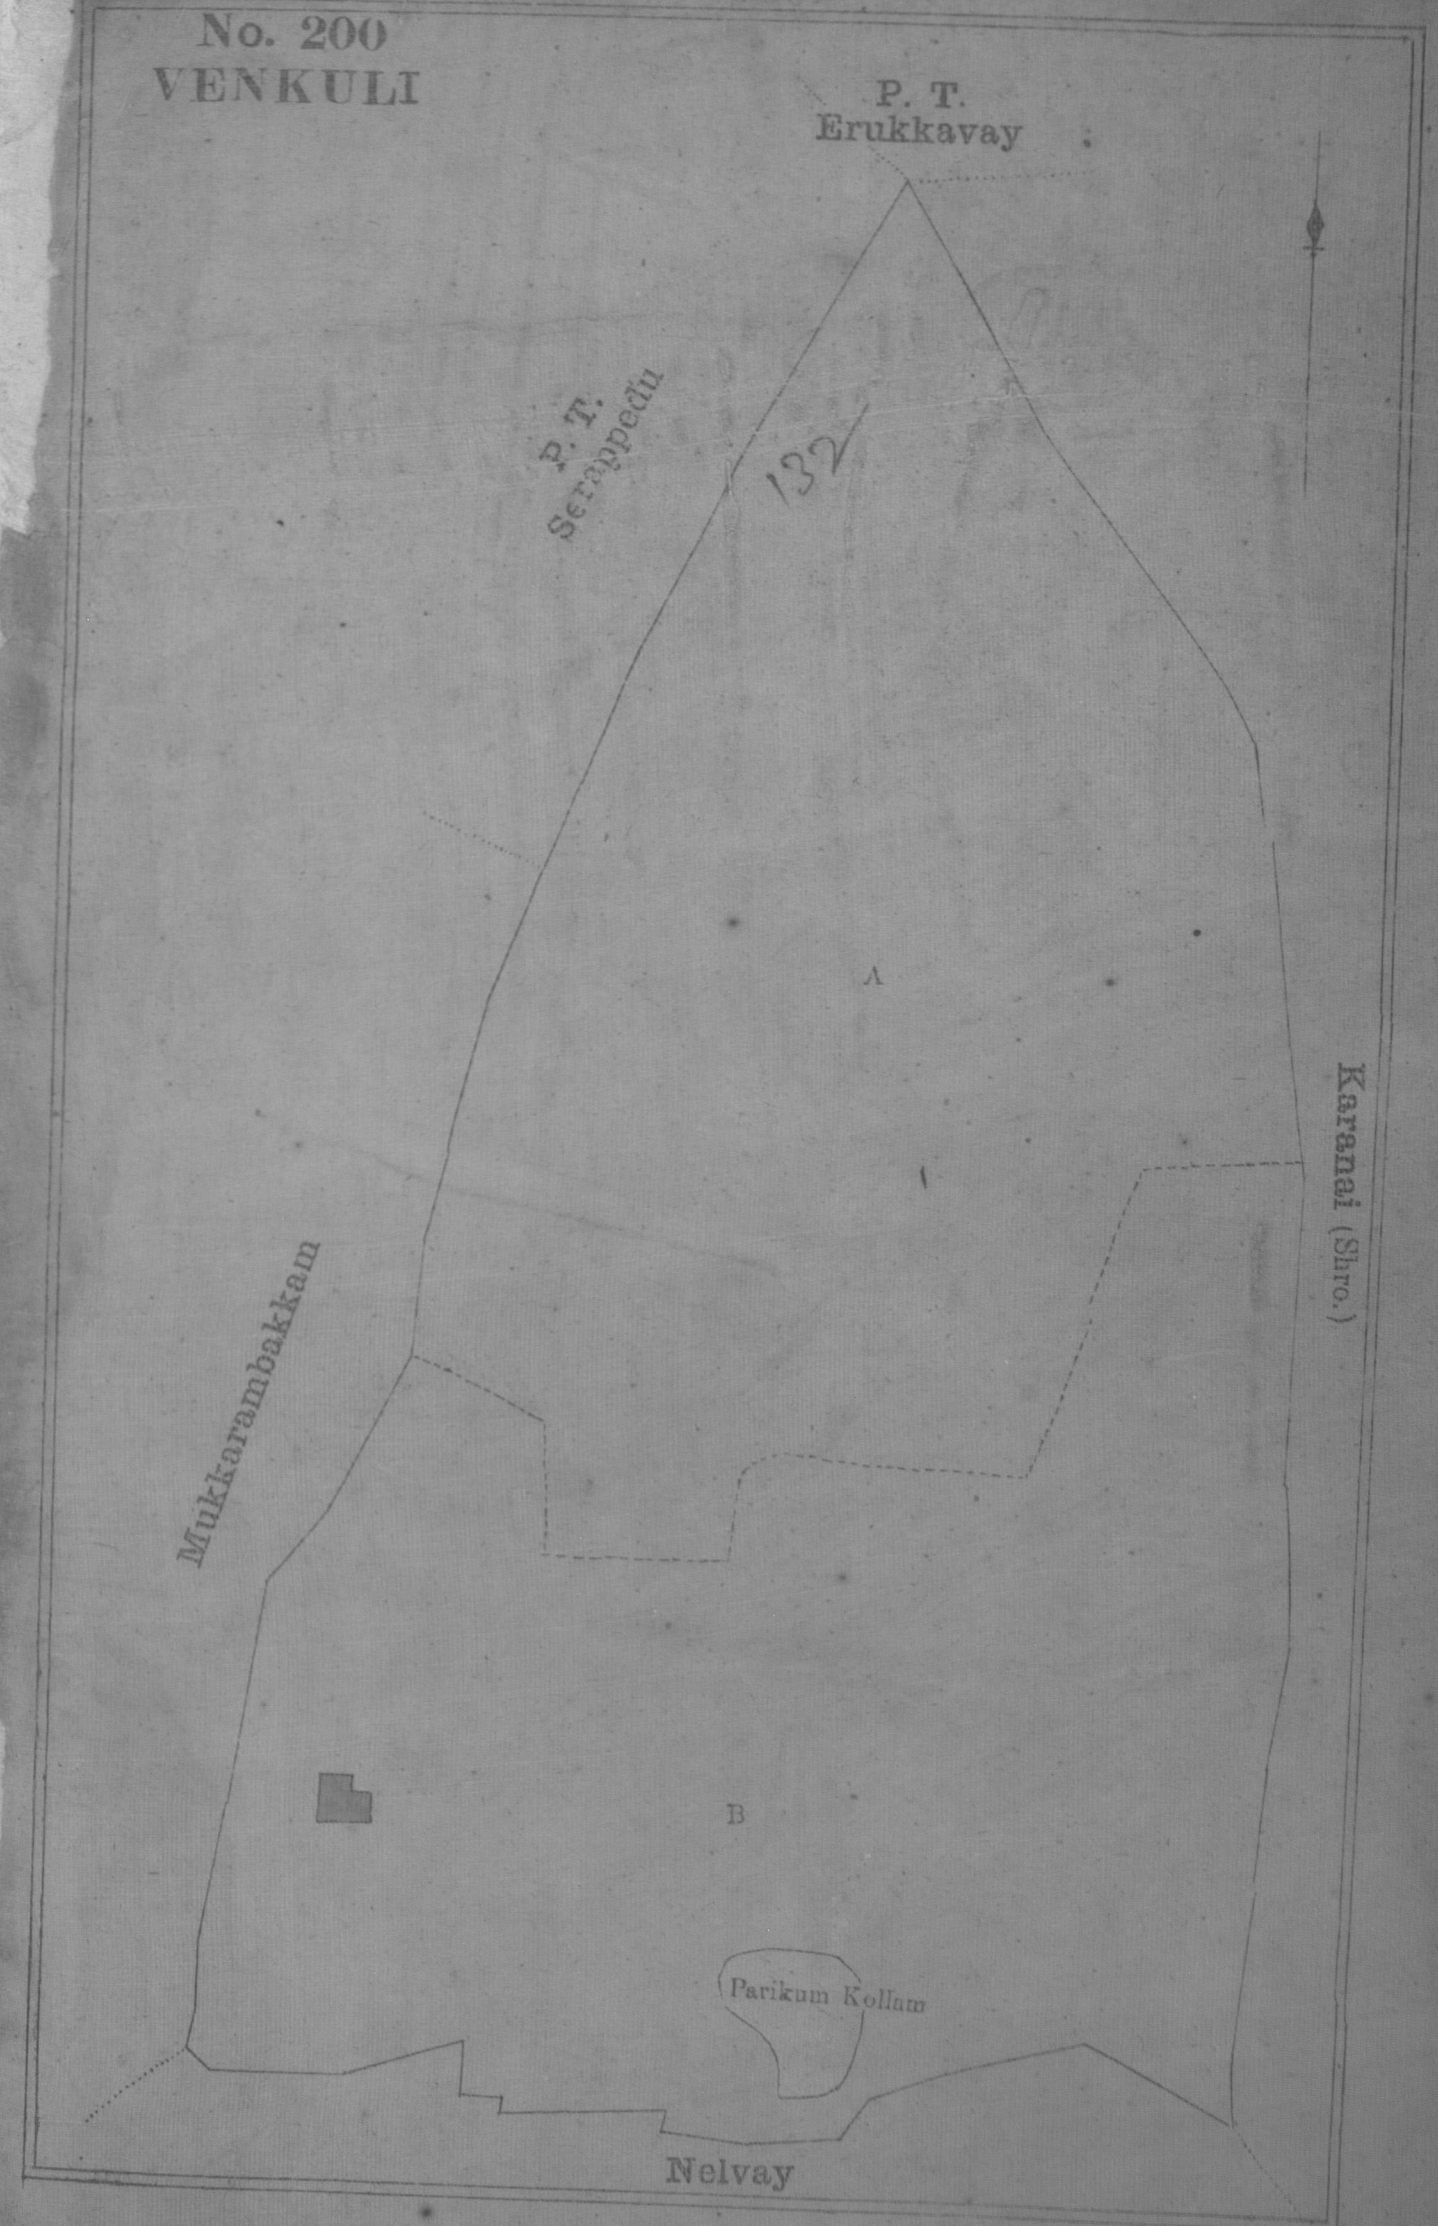

No.	Name of Inamdar.	Wet or Dry.	Single or Double crop.	Survey Area.		Amount of Quit-rent.			Second crop assessed, ment compounded for at Settlement.	Total.			Remarks.

D. VENCATA ROW,
Ag. Assistant Director of Revenue Settlement

NOTE.—When the field classification was modified under the Block System, it often happened that for purposes of symmetry lands excluded as Poramboke from the operations of this Department were included in blocks containing lands classified and assessed. In the Memoirs attached to the Village Register, the blocks are referred to, as containing such and such numbers, placed in such and such classes without any explanation, though some of the numbers may be Poramboke. When from this cause any question arises as to whether a particular number in a particular block is assessed or Poramboke, the entry in the Register alone must determine it.

W. WILSON,
Director of Revenue Settlement.
