

DESCRIPTION AND MAP OF FITTAL PATTI OF THE
MINDIGUL TALUK

1. **SITUATION.** This village is situated about 12 miles south of Dindigul.
2. **AREA.** The boundary of this village remains unchanged by Settlement. The area prior to Settlement was, omitting fractions, 500 acres; by Settlement it is 556 acres; increase 56 acres.

3. It must be distinctly borne in mind that a deduction of 20 per cent. has been made from the gross produce on account of unfavourable seasons and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any Government Poramboke in any survey which does not confer on the cultivator of that land the right of entering any such Poramboke, and, now we are entering with it, and any unauthorized encroachment on such Poramboke will be severely dealt with. This applies to both Government and Private lands; survey excess to the extent of 10 per cent. being allowed free, in respect to Irrams, under Board's Circular No. 127.

• **POPULATION.** This village, as now formed by Settlement, contains
Khandams or sub-divisions and 178 survey fields.

The demarcation marks erected and standing are :—

Boundary stations.	Division stations.	Field stones.
99	0	437

The village officers have given receipts for them and are now responsible for their up-keep.

5. **STATISTICS.** The statistics of the village, as ascertained by the Census of 1881, are as under:—

Bazaars.	Houses.	Population.	Land Pattahs as per Settlement.	Cattle.	Sheep.	Wells.
1	100	716	86	438	1,265	81

8. A deduction of one Rupee per acre will have to be made from the assessment of the 1st crop and half a rupee from that of the 2nd crop of all irrigated lands entered in the Register as under wells or baling.

No deduction for lift is made in the case of lands partly supplied by wells in the wet aya.

Lands irrigated solely by Dorivu, Itifan and Dasabandham wells, are not liable to any charge for 2nd crop.

9. LANDS UNDER DORIVU, ITIFAN AND DASABANDHAM WELLS. Besides lands under Dorivu, Itifan and Dasabandham wells, all irrigation from wells in the irrigated area when supplied to lands registered as unirrigated are liable to water rate.

Within C, about the centre, block D, a small part of ordinary black loam, irrigated by the above, better black loam comprising Nos. 101, 130, 132, and 133, is assessed in class V wet. Surrounding C, to the east, south and south-west, block E, is up of good black loam of a large extent of dry and a small area of wet fields under the irrigations of Valaguruvappanai and Poyarnattam. A narrow channel from the Upper Poyarnattam and Vannan Eddal (for tanks), and comprising Nos. 35, 73 to 86, 87 to 91, 92 to 99, 107 to 111, 113 to 123, 147 to 154, 161 to 165, 167, 168 and 173 to 178, is assessed in class III dry and V wet. North and west of F, block G, of good black loam of purely dry fields comprising Nos. 1 to 18, 23, 28, 157 and 158, is assessed in class III dry. West of A and at the north-east corner of G, block H, a very small bit of wet under the old Kodaganar spring water of ordinary black loam comprising Nos. 9 and 10, is assessed in class IV wet.

The above classification does not apply to the Poramboke lands included in these blocks.

The wet lands in blocks F and G may be compounded for 1/3 and those in C, D and E at 1/2 in future.

All Inams have been registered as single or double crop with reference to the entries in the Title-deeds issued by the Inam Commissioner, and in the case of such as have not been dealt with by him, according to the present revenue accounts.

Double crop Inams whether in single or double crop blocks or ayacuts, will be entitled to water free of charge for second crop, and single crop Inams in double crop blocks or ayacuts, can only claim water free of charge for one crop. If a second is raised water rate must be paid. Single crop Inams can be compounded for at the same rates as the Government lands in the blocks, in which they are situated if the landowners wish.

The following table exhibits the revised assessment of the occupied area in the village.
