

DESCRIPTIVE MEMOIR OF MELAPULAM OF THE
ARCOT TALUK.

1. **SITUATION.** This village is situated about 12 miles south-east of Arcot.
2. **AREA.** The boundary of this village remains unchanged by Settlement. The area prior to Settlement was, omitting fractions, 340 acres; by Settlement it is 368 acres; increase 28 acres.
3. It must be distinctly borne in mind that a deduction of 20 per cent. has been made from the gross produce on account of unfavorable seasons and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion therefore of any Government Poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such Poramboke, or of in any way interfering with it and any unauthorized encroachment on such Poramboke will be severely dealt with. This applies to both Government and Inam lands. Survey excess to the extent of 10 per cent. being allowed free in respect to Inams, under Board's Circular, No. 127.
4. **DEMARICATION.** This village, as now formed by Settlement, contains 3 Panchams or sub-divisions and 131 Survey fields.

The demarcation marks erected and standing are:—

Boundary stations.	Division stations.	Field stones.
6	9	481

The village officers have given receipts for them and are now responsible for their up-keep.

5. **STATISTICS.** The Statistics of the village, as ascertained by the Census of 1881, are as under:—

7. The unirrigated lands are placed in the 1st group.

8. **RAKING.** A deduction of one Rupee per acre will have to be made from the assessment of the 1st crop and half a Rupee from that of the 2nd crop of all irrigated lands entered in the Register as under wells or tanks.

No deduction for lift is made in the case of lands partly supplied by wells and tanks.

Lands irrigated solely by Doruvu, Ititak and Dasabandham wells are not liable to any charge for 2nd crop.

9. **WITHIN WELLS LIABLE TO TRIKASTI.** Besides lands under Doruvu, Ititak and Dasabandham wells, all irrigation from wells in the irrigated area when supplied to lands registered as unirrigated are liable to water rate.

If second crop is raised on the single crop lands in block B and in the other part of D, it will be charged with $\frac{1}{2}$ in addition to the 1st crop assessment.

All Inams have been registered as single or double crop with reference to the entries in the Title-deeds issued by the Inam Commissioner and in the case of such as have not been dealt with by him according to the present Revenue accounts.

Double crop Inama whether in single or double crop blocks or ayacuts will be entitled to water free of charge for second crop and single crop Inams in double crop blocks or ayacuts can only claim water free of charge for one crop. If a second is raised water rate must be paid. Single crop Inams can be compounded for at the same rates as the Government lands in the blocks in which they are situated if the Inamdars wish.
