

**DESCRIPTIVE MEMOIR OF PATTANAM OF THE
ARCOT TALUK.**

1. SITUATION. This village is situated about 9 miles south-west of Arcot.

2. AREA. The boundary of this village remains unchanged by Settlement. The area prior to Settlement was, omitting fractions, 337 acres; by Settlement it is 396 acres; increase 9 acres.

3. It must be distinctly borne in mind that a deduction of 20 per cent. has been made from the gross produce on account of unfavorable seasons and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any Government Poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such Poramboke, or of in any way interfering with it and any unauthorized encroachment on such Poramboke will be severely dealt with. This applies to both Government and Inam lands; survey excess to the extent of 10 per cent. being allowed free in respect to Inams, under Board's Circular, No. 173.

4. DEMARCATION. This village, as now formed by Settlement, contains 4 Khândams or sub-divisions and 163 Survey fields.

The demarcation marks erected and standing are:—

Boundary stations.	Division stations.	Field stones.
19	14	839

The village officers have given receipts for them and are now responsible for their up-keep.

5. STATISTICS. The Statistics of the village, as ascertained by the Census of 1,881, are as under:—

Bazaars.	Houses.	Population.	Land Pattaka as per Settlement.	Cattle.	Sheep.	Wells.

The above classification does not apply to the Porumboko lands included in these blocks.

No lands have been registered as permanent double crop in this village.

The lands in blocks A, D and E, may be compounded for at 3th in-future.

All Inams have been registered as single or double crop with reference to the entries in the Title-deeds issued by the Inam Commissioner and in the case of such as have not been dealt with by him according to the present Revenue accounts.

Double crop Inams whether in single or double crop blocks or systems will be entitled to water free of charge for 2nd crop and single crop Inams in double crop blocks or systems can only claim water free of charge for one-crop. If a second is raised, water rate must be paid. Single crop Inams can be compounded for at the same rates as the Government lands in the blocks in which they are situated if the Inamdar wish.
