

DESCRIPTIVE MEMOIR OF ONGAPADI OF THE
VELLORE TALUK.

1. SITUATION. This village is situated about 19 miles south-west of Vellore.
2. AREA. The boundary of this village remains unchanged by Settlement.

The area prior to Settlement was, omitting fractions, 1,430 acres; by Settlement is 2,041 acres; increase 611 acres.

3. It must be distinctly borne in mind that a deduction of 20 per cent. has been made from the gross produce on account of unfavorable seasons and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any Government Poramboke in any Survey field, does not confer on the cultivator of that field the right of encroachment on such Poramboke, or of, in any way interfering with it and any unauthorized encroachment on such Poramboke will be severely dealt with. This applies to both Government and Inam lands; Survey excess to the extent of 10 per cent. being allowed free, in respect to Inams, under Board's Circular No. 127.

4. DEMARCATION. This village, as now formed by Settlement, contains 8 hamlets or sub-divisions and 226 Survey fields.

The demarcation marks erected and standing are:—

Boundary stations.	Division stations.	Field stones.
49	41	794

The village officers have given receipts for them and are now responsible for their up-keep.

5. STATISTICS. The Statistics of the village, as ascertained by the Census of 1881, are as under:—

8. **BALING.** A deduction of one Rupee per acre will have to be made from assessment of the 1st crop and half a Rupee from that of the 2nd crop of irrigated lands entered in the Register as under wells or baling.

No deduction for lift is made in the case of lands partly supplied by wells in the wet season.

Lands irrigated solely by Doruvu, Itifac and Dasabandham wells are not liable to any charge for 2nd crop.

9. **WITHIN WELLS LIABLE TO TIRUVAJASTI.** Besides lands under Doruvu, Itifac, and Dasabandham wells, all irrigation from wells in the irrigated area when supplied to lands registered as unirrigated are liable to water rate.
