

**DESCRIPTIVE MEMOIR OF KARUPPADITUNDU OF THE
CUDDALORE TALUK.**

1. **SITUATION.** This village is situated about 2½ miles south-west of Cuddalore.
2. **AREA.** The boundary of this village remains unchanged by Settlement.

The area prior to Settlement was, omitting fractions, 62 acres; by Settlement it is 62 acres.

3. It must be distinctly borne in mind that a deduction of 20 per cent. has been made from the gross produce on account of unfavourable seasons and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any Government Poramboke in any survey field, does not confer on the cultivator of that field the right of entering on such Poramboke, or of, in any way interfering with it, and any unauthorized encroachment on such Poramboke will be severely dealt with. This applies to both Government and Inam lands; survey excess to the extent of 10 per cent. being allowed free, in respect to Inams, under Board's Circular No. 127.

4. **DEMARCATIION.** This village, as now formed by Settlement, contains 1 Khandam or sub-division and 47 survey fields.

No new fields have been laid out since Survey.

The demarcation marks erected and standing are :—

Boundary stations.	Division stations.	Field stones.
12	...	219

The village officers have given receipts for them and are now responsible for their upkeep.

5. **STATISTICS.** The statistics of the village, as ascertained by the Census of 1881, are as under :—

Number.	Houses.	Population.	Land Pattahs as per Settlement.	Cattle.	Sheep.	Wells.
1	7	37	34	2	...	...

6. **IRRIGATION.** The revised area and assessment under each source of irrigation and the class assigned to each with reference to its supply, capacity and the quality of the irrigation, are as under:—

Source of Irrigation.	Quality.	Class assigned.	Details of Survey numbers comprising wet Ayacut.	GOVERNMENT LANDS.								INAM.

7. The unirrigated lands are placed in the 1st Group.

8. **BALING.** A deduction of one Rupee per acre will have to be made from the assessment of the 1st crop and half a Rupee from that of the 2nd crop of all irrigated lands entered in the Register as under wells or baling.

No deduction for lift is made in the case of lands partly supplied by wells in the wet ayacut.

Lands irrigated solely by Doruvu, Itifac and Dasabandham wells are not liable to any charge for 2nd crop.

9. **WITHIN WELLS LIABLE TO TIRVAJANTI.** Besides lands under Doruvu, Itifac and Dasabandham wells, all irrigation from wells in the irrigated area when supplied to lands registered as unirrigated are liable to water-rate.

10. **CROPS.** The acreage of the crops cultivated in Fasli 1296, as per Karnam's account, is as under:—

Names of Crops.					Irrigated or Dry.	Area in Acres.

11. **SETTLEMENT.** Commencing from the frontier of Kuttapakkam (Inam village), block A, an extent of best black loam comprising Nos. 16, 19, 21A and B 24 to 28, 30, 32, 34 & 40, irrigated by baling from Tiruvendipuram Anicut Channel, is assessed in class I wet, and Nos. 1 to 6, 11, 14, 15, 17, 18, 20, 21C, 22, 23, 29, 31, 33, 35, 41 and 42, in class II dry. East of A, block B, a tract of good black loam in which the village-site is situated, comprising Nos. 36, 37, 39, 44 and 45, irrigated by baling from the same Channel, is assessed in class II wet, and Nos. 7 to 10, 12, 13, 38, 43, 46 and 47, in class III dry.

The above classification does not apply to the Poramboke lands included in these blocks.

The lands in parts of blocks A and B, have been registered as permanent double crop and charged with one half in addition to the 1st crop assessment.

If second crop is raised on the single crop lands of the above blocks the same will be charged with one half in addition to the 1st crop assessment in future as the source of irrigation is placed under 1st class and will not be allowed to be compounded for.

All Inams have been registered as single or double crop with reference to the entries in the Title-Deeds issued by the Inam Commissioner and in the case of such as have not been dealt with by him according to the present revenue accounts.

Double crop Inams, whether in single or double crop blocks, or ayacuts, will be entitled to water free of charge for 2nd crop, and single crop Inams in double crop blocks or ayacuts can only claim water free of charge for one crop. If a second is raised, water-rate must be paid. Single crop Inams can be compounded for at the same rates as the Government lands in the blocks in which they are situated, if the Inamdars wish.

12. The following table exhibits the revised assessment of the occupied area in the village:—

Description of land.	Block.	Class or Taram.	Dry.						Class or Taram.	Crop.	Wet.

* This mark indicates Baling.

13. The land assessment for Fash 1296 was Rs. 235; by Settlement it is Rs. 277; increase Rs. 42, after deducting Rs. 24 for baling.

14. The former rates of assessment varied from Rs. 1-5-0 to Rs. 3-4-6 an acre in dry, and from Rs. 4-3-3 to Rs. 13-2-0 an acre in wet.

15. **PASTURAGE** None.

16. **VILLAGE SITE.** Is sufficient for present requirements.

No new pattah will be granted for cultivation within the limits of the village-site, and no new enclosure is to be made or new building erected on Government Poramboke without permission in future.

17. **INAMS.** The following lands are held tax-free or on favourable terms:—
