

**DESCRIPTIVE MEMOIR OF IRUMBILI OF THE  
TINDIVANAM TALUK.**

**1. SITUATION.** This village is situated about 25 miles north-west of Tindivanam.

**2. AREA.** The boundary of this village remains unchanged by Settlement. The area prior to Settlement was, omitting fractions, 759 acres; by Settlement it is 663 acres; decrease 96 acres.

3. It must be distinctly borne in mind that a deduction of 20 per cent. has been made from the gross produce on account of unfavorable seasons and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any Government Poramboke in any survey field, does not confer on the cultivator of that field the right of entering on such Poramboke, or of in any way interfering with it, and any unauthorized encroachment on such Poramboke will be severely dealt with. This applies to both Government and Inam lands; survey excess to the extent of 10 per cent. being allowed free, in respect to Inams, under Board's Circular No. 127.

**4. DEMARCATION.** This village, as now formed by Settlement, contains 4 Khandams or sub-divisions and 191 survey fields.

No new fields have been laid out since Survey.

The demarcation marks erected and standing are :—

| Boundary Stations. | Division Stations. | Field Stones. |
|--------------------|--------------------|---------------|
| 30                 | 22                 | 923           |

The village officers have given receipts for them and are now responsible for their upkeep.

**5. STATISTICS.** The Statistics of the village, as ascertained by the Census of 1881, are as under :—

| Bazaar. | Houses. | Population. | Land Pattals as per Settlement. | Cattle. | Sheep. | Wells. |
|---------|---------|-------------|---------------------------------|---------|--------|--------|
| 1       | 38      | 303         | 78                              | 128     | 2      | 90     |

**C. IRRIGATION.** The revised area and assessment under each source of irrigation and the class assigned to each with reference to its supply, capacity and the quality of the irrigation, are as under:—

| Source of Irrigation.          | Quality. | Class assigned. | Details of Survey numbers comprising wet Ayacut.                                                                                                                                                                                                                                                                                                                                                                                                              | GOVERNMENT LANDS. |             |     |             |             |    | INAM. |             |    |    |     |    |
|--------------------------------|----------|-----------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------|-------------|-----|-------------|-------------|----|-------|-------------|----|----|-----|----|
|                                |          |                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                               | Occupied.         |             |     | Unoccupied. |             |    |       |             |    |    |     |    |

7. The unirrigated lands are placed in the 2nd Group.

**8. RALING.** None.

No deduction for lift is made in the case of lands partly supplied by wells in the wet ayacut.

Lands irrigated solely by Doruva, Hifac and Dasabandham wells are not liable to any charge for second crop.

**9. WITHIN WELLS LIABLE TO TIEVAJASTI.** Besides lands under Doruva, Hifac and Dasabandham wells, all irrigation from wells in the irrigated area when supplied to lands registered as unirrigated are liable to water-rate.

**10. CROPS.** The acreage of the crops cultivated in Fash 1297 as per Kar-nam's account, is as under:—

| Names of Crops.  | Wet or Dry.       | Area in Acres. |
|------------------|-------------------|----------------|
| Paddy            | Wet.              | 81             |
| Ragi             | do                | 6              |
|                  | Total.            | 87             |
| Paddy            | Dry.              | 11             |
| Ragi             | do                | 22             |
| Little-millet    | do                | 50             |
| Spiked-millet    | do                | 19             |
| Great-millet     | do                | 2              |
| Gingely-oil seed | do                | 24             |
| Ground-nut       | do                | 9              |
|                  | Total.            | 187            |
|                  | Total Wet and Dry | 224            |

11. **SETTLEMENT.** Commencing from the frontier of Odaiyantal village, block A, a plot of the best red loam in which the village-site is situated comprising Nos. 1 to 3, 6, 8 to 15, 22 and 23, is assessed in class IV dry. Almost surrounding A, block B, an extent of the best red sand comprising Nos. 4, 5, 7, 16 to 21, 24 to 29, 50 to 55, 61, 64 to 66, 187 and 188, is assessed in class V dry. West of B, block C, a tract of ordinary red sand comprising Nos. 176; 183, 186 and 189 to 191, is assessed in class VII dry. South of B and C, block D, a spread of good red loam, comprising Nos. 30 to 49 and irrigated by Yeri, and Nos. 161 to 163, 170C and D, 171 to 174, 179 and 180 irrigated by the water-spread of the same Tank, is assessed in class V wet, and Nos. 56, 60, 62, 63, 67, 68, 75, 133, 165, 168, 169, 170A and B, 175, 177, 178, 181, 182, 184 and 185, in class V dry. South of D, block E, an extent of ordinary red sand comprising Nos. 151, 153 to 160, 164, 166 and 167, is assessed in class VII dry. South of E, block F, a similar extent of inferior red sand comprising Nos. 137 to 150 and 152, is assessed in class VIII dry. East of F, block G, a tract of ordinary red sand comprising Nos. 126 to 130 and 134 to 136, is assessed in class VII dry. East of G, block H, a patch of ordinary red loam comprising Nos. 94, 95, 121 to 125, 131 and 132, is assessed in class VI dry. East of H, block I, a tract of inferior red loam, comprising Nos. 57 to 59, 71, 78 to 85, 88 to 93, 96 to 103, 107, 118A, 119 and 120 and irrigated by Yeri, is assessed in class VI wet, and Nos. 116, 117 and 118B, in class VII dry. North of I, block J, a patch of ordinary red loam, comprising Nos. 69, 70, 72 to 74, 76 and 77 and irrigated by the same source, is assessed in class VI wet. East of I, block K, a plot of the worst red sand comprising Nos. 86, 87, 104 to 106 and 108 to 115 irrigated by the aforesaid source, is assessed in class IX wet.

The above classification does not apply to the Poramboke lands included in these blocks.

No lands have been registered as permanent double crop land in this village.

The second crop on lands of blocks D, I, J and K may be compounded for as permanent double crop at  $\frac{1}{2}$  of the 1st crop assessment in future.

All Inams have been registered as single or double crop with reference to the entries in the Title-Deeds issued by the Inam Commissioner, and in the case of such as have not been dealt with by him according to the present revenue accounts.

Double crop Inams whether in single crop or double crop blocks or ayacuts will be entitled to water free of charge for the second crop, and single crop Inams in double crop blocks or ayacuts can only claim water free of charge for one crop. If a second crop is raised water-rate must be paid. Single crop Inams can be compounded for at the same rates as the Government lands in the blocks in which they are situated, if the Inamdars wish.

12. The following table exhibits the revised assessment of the occupied area in the village:—

| Description of land. | Block. | Dry.           |                |                |             | Wet.           |                |                |             |
|----------------------|--------|----------------|----------------|----------------|-------------|----------------|----------------|----------------|-------------|
