3. It must be distinctly borne in mind that a deduction of 15 per cent in the case of wet lands irrigated by rivers and river fed tanks and channels and 20 per cent in the case of all other wet and dry lands, has been made from the gross produce on account of unfavorable seasons and on account of any roads, channels, banks, paths &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any Government Poramboke in any Survey field does not confer on the cultivator of that field the right of entering on such Poramboke, of, in any way, interfering with it, and any unauthorised encroachment on such amboke will be severely dealt with. This applies to both Government and lands; Survey excess to the extent of 10 per cent being allowed free in respect o Inams under Board's Circular No. 127.
