Alphabetical No. 36. Survey Map No. 134.

216A

DESCRIPTIVE MEMOIR OF KILAPIDAGAI OF THE NEGAPATAM TALUK.

1. SITUATION. This village is situated about 11 miles south of Negapatam.

2. AREA. The boundary of this village remains unchanged by Settlement. The area prior to Settlement was, omitting fractions, 1229 acres; by Settlement it is 1221 acres; decrease 8 acres.

3. It must be distinctly borne in mind that a deduction of 15 per cent in the case of wet lands irrigated by rivers and river fed tanks and channels and 20 per cent in the case of all other wet and dry lands, has been made from the gross produce on account of unfavorable seasons and on account of any roads, channels, banks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any Government Poramboke in any Survey field does not confer on the cultivator of that field the right of entering on such Poramboke, or of, in any way interfering with it, and any unauthorised encroachment on such Poramboke will be severely dealt with. This applies to both Government and Inam lands; Survey excess to the extent of 10 per cent. being allowed free in respect to Inams, under Board's Circular No. 127.

4. DEMARCATION. This village, as now formed by Settlement, contains 9 Khandams or Sub-divisions and 322 Survey fields.

No new fields have been laid out since Survey.

The demarcation marks erected and standing are:—

Boundary Stations.	Division Stones.	Field Stones.
40	18	900

The village officers have given receipts for them and are now responsible for their upkeep.

5. STATISTICS. The Statistics of the village, as ascertained by the Census of 1891, are as under:—

Bazaars.	Houses.	Population.	Land Pattas as per Settlement.	Cattle.	Sheep.	Wells.
...	54	267	810	511	283	...

6. IRRIGATION. The revised area and assessment under each source of irrigation and the class assigned to each with reference to its supply, capacity and the quality of the irrigation, are as under :—
