

DESCRIPTIVE MEMOIR OF SATTANGUDI OF THE
TIRUTTURAI PUNDI TALUK.

1. **SITUATION.** This village is situated about 4 miles North-East of Tiruturai-pundi.

2. **AREA.** The boundary of this village remains unchanged by Settlement. The area prior to Settlement was, omitting fractions, 546 acres; by Settlement it is 558 acres; increase 12 acres.

3. It must be distinctly borne in mind that a deduction of 15 per cent. in the case of wet lands irrigated by rivers and river fed tanks and channels and 20 per cent. in the case of all other wet and dry lands, has been made from the gross produce on account of unfavorable seasons and on account of any roads, channels, berks, paths, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any Government Poramboke in any Survey Field does not confer on the cultivator of that field the right of taxing or taxing Poramboke, or of, in any way, interfering with it, and any unauthorized encroachment on such Poramboke will be severely dealt with. This applies to both Government and Inam lands; Survey excess to the extent of 10 per cent. being allowed free in respect to Inams, under Beard's Circular No. 127.

4. **DEMARCATION.** This village, as now formed by Settlement, contains 3 Khandaes or Sub-divisions and 24 Survey fields.

No new fields have been laid out since Survey.

The demarcation marks erected and standing are:—

Boundary Stations.	Division Stations.	Field Stones.
20	10	273

The village officers have given receipts for them and are now responsible for their upkeep.

5. **STATISTICS.** The Statistics of the village, as ascertained by the Census of 1891, are as under:—

The second crop on lands of blocks A & B may, in future, be compounded for as permanent double crop at one-fourth of the first crop assessment.

11. The following table exhibits the revised assessment of the occupied area in the village:—

3. **BALING.** A deduction of one rupee per acre will have to be made from assessment of the first crop, and half a rupee from that of the second crop, of irrigated lands entered in the Register as under wells or baling.

No deduction for lift is made in the case of lands partly supplied by wells in the wet season.

Lands irrigated solely by Doruvu, Itifac and Dasabandham wells are not liable to any charge for 2nd crop.

12. The land assessment for Pashu 1,902 was Rs. 1933; by Settlement it is Rs. 2184; increase Rs. 251, after deducting Rs. 1-10-0 for halting.

13. The former rates of assessment varied from Rs. 1-12-0 to Rs. 3-4-8 an acre in dry and from Rs. 3-12-0 to Rs. 4-5-4 an acre in wet.

14. **PASTURAGE.** The only common pasturage in the village is the waste lands.

15. **VILLAGE-SITE.** Is sufficient for present requirements.

No new patta will be granted for cultivation within the limits of the village, and no new enclosure is to be made or new building erected on Government Perambaka without permission in future.
