

DESCRIPTIVE MEMOIR OF SENDURAI OF THE
UDAIYARPALAIYAM TALUK.

1. The Re-Settlement was introduced into this village in Fash 1394.
2. **SITUATION**.—This village is situated about 9 miles north-west of Udayarpalaiyam.

3. **AREA**.—The area prior to Re-settlement was, omitting fractions, 3,642 acres; by Re-settlement it is 3,597 acres; decrease 45 acres.

The present Re-survey village comprises the undermentioned villages which up to 1395, formed separate villages.

Old village.	Corresponding new re-survey numbers.
Sendurai	1 to 513.
Elangacheri	514 to 566.

The areas under each description of land as per Revenue and Re-settlement accounts are given below:—

As per Re-settlement accounts	224	2023	2247	1	115	116	193	1041

It must be distinctly borne in mind that a deduction of 10 and 20 per cent. for wet and dry respectively has been made from the gross produce on account of unfavourable seasons and on account of any roads channels, banks, paths, &c. that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any Government poramboke in any survey field does not confer on the cultivator of that field the right of entering on such poramboke or of in any way interfering with it, and any unauthorized encroachment on such poramboke will be severely dealt with.

4. **DEMARICATION**.—This village, as now formed by Re-settlement, contains 33 blocks or sub-divisions and 566 re-survey fields. No new fields have been laid out since re-survey.

The demarcation marks erected and standing are noted in the margin. The village officials have given receipts for them. The ryots are responsible for the maintenance of the survey marks. It is the duty of the village officers to prevent the destruction, injury or alteration of any survey mark and to report any such destruction, injury or alteration to the Revenue Inspector without delay.

149

* Under "Others" in column 14 should be entered all artisans in the village other than weavers, viz., smiths, painters, sculptors, &c.

6. **HOLDINGS.**—The ryotwari holdings during the year of Re-settlement, Fash 1304, were classified as follows:—
