

DESCRIPTIVE MEMOIR OF KASIDARMAM OF THE AMBASAMUDRAM
TALUQ.

273

SITUATION. This village is situated six miles north of Ambasamudram.

AREA. The boundary of this village remains unchanged by settlement.

The area prior to settlement was, omitting fractions, 192 acres; by settlement it is 226 acres; net increase by settlement, 34 acres.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment, on all fields, wet or dry, on account of any roads, channels, paths, banks &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any survey field does not confer on the cultivator of that field the right of entering on such poramboke or in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

DEMARICATION. This village, as now formed by settlement, contains 1 Khanda and 23 survey fields. The demarcation marks erected and standing are:—

Boundary.	Others.	Stones at corners of fields.
9	50	42

These have all been inspected, and the field stones have been sunk to the level of the ground. The village officers have given receipts for them, and are now responsible for their up-keep.

CENSUS STATISTICS. The Statistics of the village, as ascertained by the Census of 1871, are as under:—

Houses.	Bazars.	Population.	Land Patials as per Settlement.		Wells.		Cattle.	Sheep.
			Single.	Joint.	Old.	New.		
45	...	197	1	...	1	2	60	30

IRRIGATION. This village is irrigated by a rain-fed tank. The situation and irrigation are both indifferent and this village has accordingly been placed in the third group.

The revised area and assessment under each source of irrigation are as follows:—

Name.	Area.		Assessment.	
	Acres.	Cents.	Rs.	As.
Parutivaikulam rain-fed tank	33	49	168	8

KUDI MARAMAT. The ryots have undertaken to keep the sluices clear of silt, to erect ring bands in front of branches, to clear the distributing channels and the drainage channels when needed, and to repair all regulating dams in these channels at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasli 1283, as per Curnam's accounts, is as under.

Name of crop.	Irrigated or dry.	Area in acres.
Rice 1st crop.....	Irrigated.	31
Gingely oil seed.....	Dry.	3
Pulses.....		13
Sami.....		8
Total.....		24
Grand Total.....		55

SETTLEMENT. The area under the rain-fed tank Parutivaikulam is assessed in class VII. The dry lands are assessed in class IX.

The following table exhibits the revised assessment of the village. The whole of the irrigated area has been compounded for as permanent double crop $\frac{1}{4}$ additional to the single crop assessment in class VII.

Description of land.	Irrigated.						Dry.					
	Class.	Area.		Amount.		Rate per acre.	Class.	Area.		Amount.		Rate per acre.
		Acres.	Cents.	Rs.	A.			Acres.	Cents.	Rs.	A.	
Rain-fed double crop.....	VII.	33	49	168	8	4 6	...	...	...	...	...	...
Worst red sand.....	...	...	...	...	...	...	IX	72	2	17	15	4
Total.....	...	33	49	168	8	...	...	72	2	17	15	...

Deducting fixed remissions, the net average of the land assessment for the past five years is Rupees 190; by Settlement it is Rupees 186; total reduction Rupees 4. The former wet land assessment was calculated on the village average (Mottasarasari) which was Rs. 5-8-10 an acre for a single (Peshannam). The former commutation rate was Rupees 2-8-6 per grain cottah of five bushels for Peshannam paddy.

The dry lands were held at four annas and five pie an acre.

PALMYRAS. 753 trees paid an assessment of Rupees 8 in Fasli 1283. These were classed as under.

Class.	Number.	Rate.		Amount in Rupees.
		A.	P.	
Paruvam	46	0	7 1/2	3
Kattu and Kai	81	0	5	2
Oleivetta	686	0	1	4
Total.	753	0	0	8

Besides these, there are 1,431 growing seedlings that have hitherto paid no assessment. The charge for palmyras growing on pattah lands and owned by the land-holders, has now been fixed at Rupees 12-5-0 per annum. The remaining trees on pattah lands owned by others than the land-holders, as well as all trees on Government waste, &c., are now chargeable at one anna each for Paruvam, six pie each for Kattu and Kai, and three pie each for Oleivetta. The seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present settlement.

Palmyras are not to be planted on, or within the bank of any irrigation work belonging to Government without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel banks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree pattahs.

FISHERY. The fishery of Parutivaikulam is fixed at Rupees 2 in the name of Namasivaya Tambiran.

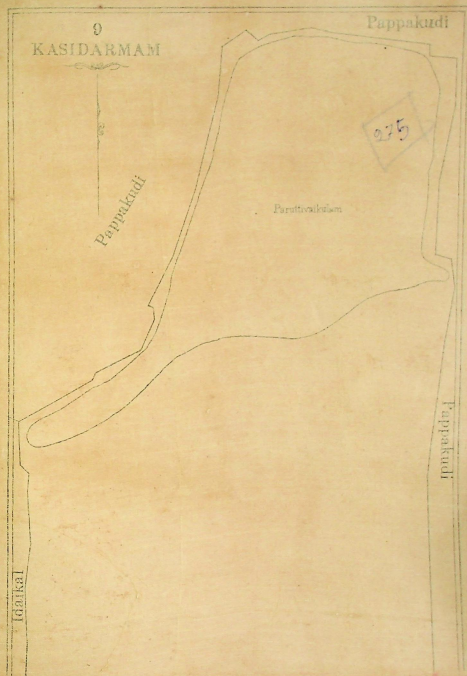

PASTURAGE. No lands have been specially set aside for this purpose, the cattle are fed on the pattah lands and Government waste.

BUILDING SITE. Is sufficient for present requirements. No pattah will be granted for cultivation within the limits of the building site, and no new enclosure is to be made or new building erected without permission in future.

INAM. The following land is held on favorable terms.

No.	Name of Inamdar.	Wet or dry.	Single or double crop.		Area.	Amount of Quit-rent.						Second crop assessed for at Settlement.			Total.			Remarks.	
			Single or double crop.	Area.		Rs.		A.		P.		Rs.	A.	P.	Rs.	A.	P.		
				Acres.		Cents.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.		P.
1	Tiruvadudurai Kattalai	W.	1	17	12	33	8	4	..	..	..	33	8	4	6	..	..	This area is that exhibited in the Inam Samad. The cultivation of a second crop will be charged with fiscal just at the rate of 1/2 of the taram assessment exhibited in the Settlement Register.	

A. T. ARUNDEL,
Additional Sub-Collector.
