DESCRIPTIVE MEMOIR OF TERKU VIRAVANALLUR OF THE  
AMBASAMUDRAM TALUQ.

**Situation.** This village, is situated five miles east of Ambasamudram.

**Area.** The southern portion of the old village of Viravanallur now forms new village.

The area prior to Settlement was, omitting fractions 6,097 acres; by Settlement it is 7,276 acres; net increase by Settlement 1,179 acres.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment, on all fields, wet or dry, in account of any roads, channels, paths, banks, &c., that may have been made in with the cultivated area. The fact of the inclusion, therefore, of any Government poramboke in any Survey field does not confer on the cultivator that field the right of entering on such poramboke or in any way interfere with it, and any unauthorized encroachment on it will be severely punished.

**Demarcation.** This village, as now formed by Settlement, contains 16 Kham or sub-divisions and 1,638 Survey fields. The demarcation marks erected and standing are:—

| Boundary stones. | Offsets. | Stones at corners of fields. |
|------------------|----------|------------------------------|
| 132              | 148      | 3,820                        |

These have all been inspected and the field stones have been sunk to the level of the ground. The village officers have given receipts for them, and are now responsible for their up-keep.

**Census.** The Statistics of the village, as ascertained by the Census of 1871. are as under:—

| Houses. | Bazars. | Population. | Land Pattahs as per Settlement. |        | Wells. |      | Cattle. | Sheep. |

Deducting fixed remissions, the net average of the land assessment for the past five years is Rupees 4,628; by Settlement it is Rupees 4,661; total increase Rupees 33. The former wet land assessment was calculated on the village average (Mottasarasari) which was Rupees 5-0-0 an acre for a single crop (Peshanna) and Rupees 2-9-3 an acre for a second crop (Kar). The former commutation rate was Rupees 2-9-11 per grain cottah of five bushels for Peshanna paddy. The dry lands were held at three annas and eleven pice an acre subject to a remission of one pice an acre as Chaturbagum.

Palmyras. 25,301 trees paid an assessment of Rupees 284 in Fasli 1284.

These were classed as under:—

| Class.            | Number. | Rate.  |       | Amount in Rupees. |

Besides these, there are 12,531 growing seedlings that have been assessed no assessment. The charge for palmyras growing on patta lands and owned by the land-holders, has now been fixed at Rupees 15-3-6 per annum. The remaining trees on patta lands, owned by others than the land-holders, as well as all trees on Government waste, &c., are now chargeable at one anna each for Paruvam, six pice each for Kattu and Kai, and three pice each for Oleivetta. The seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present Settlement.

Palmyras are not to be planted on, or within, the bank of any irrigation work belonging to Government, without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel banks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree patta.
