DESCRIPTIVE MEMOIR OF UDATAMARTANDAPURAM OF THE AMBASAMUDRAM TALUQ.

This village, the eleventh under the irrigation of the Kannadyya, is situated 2 miles north-east of Ambasamudram. The areas given below have been merged in this village by Settlement:-

Kandamuram	Do.	82	62	
Total ...		192	42	

As prior to Settlement was, amounting fractions, 192 acres; by Settlement not increased by Settlement, 52 acres.

It is distinctly borne in mind that a deduction of 10 per cent has been made in the rates of assessment on all lands wet or dry, on account of canals, paths, banks, &c. that may have been maintained in view of the fact.

The fact of the inclusion therefore of any such Government lands in the fields does not confer on the cultivator of that field the right of cultivation in any way interfering with his own, any assessment on it will be severely punished.

This village, as now formed by Settlement, contains the Kannadyya, and 194 survey fields. The demarcation marks erected and shown
