

DESCRIPTIVE MEMOIR OF VITIRUNDANKULAM OF THE AMBASAMUDRAM TALUQ.

SITUATION This village, is situated four miles east of Ambasamudram, on road No. VI—Palanicottah to Kalladukurichi.

AREA The area of this village remains unchanged by Settlement.

The area prior to Settlement was, omitting fractions, 423 acres; by Settlement it is 437 acres; net increase by Settlement 29 acres.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment on all fields, wet or dry, on account of any roads, channels, paths, banks, &c. that may have been measured in with the cultivated area. The fact of the inclusion therefore of any such Government poramboke in any survey field does not confer on the cultivator of that field the right of entering on such poramboke or in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

DEMARICATION This village, as now formed by Settlement, contains one Khandam or sub-division and 74 survey fields. The demarcation marks erected and standing are:—

Boundary stones.	Offsets.	Stones at corners of fields.
19	30	171

These have all been inspected and the field stones have been sunk to the level of the ground. The village officers have given receipts for them, and are now responsible for their up-keep.

CENSUS STATISTICS. The statistics of the village, as ascertained by the Census of 1871, are as under:—

Houses.	Paras.	Population	Land Partials as per Settlement.		W.		Cattle	Sows
			Single.	Joint.	Old.	New.		
...	...	...	...	1	...	...	...	...

IRRIGATION. This village is irrigated by a rain-fed tank. The situation and irrigation are indifferent. This village has been placed in the third group.

The revised area and assessment under each source of irrigation are as follows:—

Names.	Area.		Assessment.	
	Acres.	Cents.	Rs.	A.
Vitirundankulam Rainfed tank	139	16	928	4
Total	139	16	928	4

RAIN MAINTENANCE. The ryots have undertaken to keep the sluices clear of silt, to erect ring bunds in front of breaches, and to clear the distributing channels when needed, at their own cost, as per separate statement.

CROPS. The acreage of the crops cultivated in Fasil 1284 as per Curman's accounts is as under:—

Name of crop.	Irrigated or dry.	Area in acres.
Rice 1st crop	...	112
2nd do.	...	8
Peanut...	...	2
Vegetables	...	1
Brinjals	...	7
Total	...	122
Cotton	...	6
Ginger oil seed	...	19
Semi	...	16
Total	...	42
Grand Total	...	164

SETTLEMENT. The best lands under Vitirundankulam a rain-fed tank comprising Nos. 23, 25 to 40 are assessed in class IV. The rest under the same tank is assessed in class V. The ordinary dry lands are assessed in class IX.

The following table exhibits the revised assessment of the village. A portion of the irrigated area has been compounded for as permanent double crop at ½ additional to the single crop assessment in class IV.

Description of Land.	Irrigated.				Dry.			
	Class.	Area.	Amount.	Rate per Acre.	Class.	Area.	Amount.	Rate per Acre.
Rainfed double crop	IV	3954	368	6 10 0	...	...	...	...
Do single do	V	322	259	16 6 0	...	...	...	...
Worst red sand	...	...	...	...	IX	6634	20	3 6 4
Total	...	14016	928	4	...	9634	20	3 6 4

Deducting fixed remissions the net average of the land assessment for the past five years is Rs. 958. By Settlement it is Rs. 940. Total increase Rs. 10. The former wet land assessments were calculated rateably (Taranasarami) which varied from Rs. 5-11-1 to Rs. 6-14-8 an acre for a single crop (Peshanam) and from Rs. 3-7-4 to Rs. 6-1-3 an acre for a second crop (Kar). The former commutation rate was Rs. 2-10-1 per graincottah of five bushels for both Peshanam and Kar paddy. The dry lands were held at three annas and eleven pice an acre subject to a remission of seven pice an acre as Chinturiamam.

PALMYRAS. 15 trees paid an assessment of annas 2 in Fasil 1284. These were classed as under:—

Class.	Number.	Rate.		Amount in Annas.
		Annas.	Pice.	
Kattu and Kai	2	0	5	10
Oleivitta	13	0	1	13
Total	15	...	...	23

Besides these there are 158 growing seedlings that have hitherto paid no assessment. The charge for palmyras growing on pattah lands and owned by the landholders, has now been fixed at Rs. 0-8-0 per annum. The remaining trees on pattah lands owned by others than the landholders, as well as all trees on Government waste, &c. are now chargeable at one anna each for Paruvam, six pice each for Kattu and Kai, and three pice each for Oleivitta. The seedlings on such

lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present Settlement.

Palm-trees are not to be planted on, or within, the bank of any irrigation work belonging to Government, without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel banks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree pattahs.

FISHERY. The fishery of Vitirundankulam tank is fixed at Rs. 45-0-0 and entered in the name of Subbrayar and to others the sole pattahdars of the village.

BUILDING SITE. There is no building site in this village, the ryots settling themselves in the adjoining Viravanallur. No pattah will be granted for cultivation within the limits of the building site, and no new enclosure is to be made or new building erected without permission in future.

PAWS. The Chatarbegam deduction amounting to Rs. 3-14-4 has been resumed.

A. T. ARUNDEL,
Additional Sub-Collector.
