## No. 5.

### DESCRIPTIVE MEMOIR OF IDAIYANKULAM OF THE NANGUNERI TALUQ.

**Situation.** This village, the third under the irrigation of the Padmaneri channel, is situated nine miles north-west of Nanguneri on the Shermadevi to Padmaneri chatram branch of road No. VI "Palamcottah to Kalladakurichi," and on road No. XVI. "Ambasamudram to Panagudi."

**Area.** A portion of the old village of Idaiyankulam now forms this new village.

The area prior to Settlement was, omitting fractions 1,725 acres; by Settlement it is 1,974 acres; net increase by Settlement 249 acres.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment on all fields, wet or dry, on account of any roads, channels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any survey field does not confer on the cultivator of that field the right of entering on such poramboke or in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

**Demarcation.** This village, as now formed by Settlement, contains seven Kandams or sub-divisions and 574 survey fields. The demarcation marks erected and standing are :—

| Boundary stones. | Offsets. | Stones at corners of fields. |
|------------------|----------|------------------------------|
| 68               | 122      | 1,203                        |

These have all been inspected and the field stones have been sunk to the level of the ground. The village officers have given receipts for them, and are now responsible for their up-keep.

**Census.** The Statistics of the village as ascertained by the Census of 1871, Statistics. are as under :—

| Houses. | Bazaars. | Population. | Land Pattahs as per Settlement. |        | Wells. |      | Cattle. | Sheep. |

**Irrigation.** This village is irrigated by two tanks supplied by the Idaiyankulam branch of the Padmaneri channel from the third aicut on the Pachiyar river and also by a rain fed-tank. The situation and irrigation are both fairly good. This village has accordingly been placed in the second group.

The revised area and assessment under each source of irrigation are as follows:—

| Name.                                 | Area.  |        | Assessment. |     |

Padukulam, a rain-fed tank is assessed in Class VI. The lands supplied by Government wells are assessed in Class III dry. The dry lands are all assessed in Class IX.

The following table exhibits the revised assessment of the village. No lands have been compounded for as permanent double crop.

Deducting fixed remissions only, the net average of the land assessment for the past five years is Rupees 1,396; by Settlement it is Rupees 1,670; total reduction Rupees 326. The former wet land assessment was calculated on the village average (Mottasarasari) which was Rupees 11-1-7 an acre for a single crop (Peshanum), and Rupees 5-9-9 an acre for a second crop (Kar.) The former commutation rate was Rupees 21-14-3 per grain cottah of five bushels for both Peshanum and Kar paddy.

The dry lands were held at four annas, eight pie an acre, subject to a remission of five pie an acre as Stalamkaval, and of one anna, one pie an acre as Chaturburgum.

Palmyras. 22,972 trees paid an assessment of Rupees 530 in Fasli 1285.

These were classed as under:—

| Class.           | Number. | Rate.  |       | Amount in Rupees. |
|------------------|---------|--------|-------|-------------------|
|                  |         | Annas. | Pice. |                   |

| Oleivetta ... .. | 11841   | ...    | 1     | 79                |
| Total...         | 22972   | ...    | ...   | 530               |

Besides these, there are 22,096 growing seedlings that have hitherto paid no assessment. The charge for palmyras growing on pattah lands owned by the land-holders has now been fixed at Rupees 253-1-0 per annum. The remaining trees on pattah lands owned by others than the land-holders, as well as all trees on Government waste, &c., are now chargeable at one anna each for

Paruvam, six piee each for Kattu and Kai, and three piee each for Oleivettu. The seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present Settlement.

Palmyras are not to be planted on, or within, the bank of any irrigation work belonging to Government without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel banks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree pattaals.

**Samudayam sub-division.** 4,000 palmyras held in common, have been divided.

**Pasturage.** No lands have been specially set aside for this purpose; the cattle are fed on the pattaah lands and Government waste.

**Building site.** Is sufficient for present requirements.

No pattaah will be granted for cultivation within the limits of the Building site, and no new enclosure is to be made or new building erected without permission in future.

**Taxes.** The Chaturbagum, Stalamkaval, Dupatti Maniyam, Kaval Manyam and Madaitirapan Maniyam deductions amounting to Rupees 77-5-9, Rupees 33-14-3, Rupees 5-4-10, Rupees 7-14-3 and Rupees 4-8-1 respectively have been resumed.
