

No. 71.

DESCRIPTIVE MEMOIR OF KARIYAKULAM OF THE  
NANGUNERI TALUQ.

**Situation.** This village, the thirteenth under the irrigation of the Nanguneriyan channel, is situated five miles south-east of Nanguneri on road No. XIX Nanguneri to Edayangudi.

**Area.** An isolated fragment of the old village of Battapuram now forms this new village.

The area prior to Settlement was, omitting fractions 837 acres; by Settlement it is 403 acres; net increase by Settlement 66 acres.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment on all fields, wet or dry, on account of any roads, channels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government paramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such paramboke, or in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

**Demarcation.** This village, as now formed by Settlement, contains two Kandams or sub-divisions and 33 Survey fields. The demarcation marks erected and standing are :—

| Boundary stones. | Offsets. | Stones at corners of fields. |
|------------------|----------|------------------------------|
| 16               | 49       | 65                           |

These have all been inspected and the field stones have been sunk to the level of the ground. The village officers have given receipts for them, and are now responsible for their up-keep.

**Census.** The Statistics of the village, as ascertained by the Census of 1871, Statistics. are as under :—

| Houses. | Barns. | Population. | Land Patta as per Settlement. |        | Wells. |      | Cattle. Sheep. |     |
|---------|--------|-------------|-------------------------------|--------|--------|------|----------------|-----|
|         |        |             | Single.                       | Joint. | Old.   | New. |                |     |
| 65      | 1      | 210         | 1                             | ...    | 4      | ...  | 150            | 302 |

**Irrigation.** This village is irrigated by a tank supplied by the Vellattodai channel a branch of the Nanguneriyan channel from the first or Talai anicut on the Karandiyammankal. The situation and irrigation are both indifferent. This village has accordingly been placed in the third group.

The revised area and assessment under each source of irrigation are as follows:—

| No. | Name.                         | Area.  |        | Assessment. |     |
|-----|-------------------------------|--------|--------|-------------|-----|

Kul Karamat. The ryots have undertaken to keep the sluices clear of silt, to erect ring bunds in front of breaches, and to clear the distributing channels when needed, at their own cost, as per separate statement.

**Crops.** The acreage of the crops cultivated in Fasli 1285, as per Curam's accounts, is as under:—

| Name of crop.      | Irrigated or dry. | Area in acres. |
|--------------------|-------------------|----------------|
| Rice, 1st crop ... | Irrigated.        | 16             |

**Settlement.** The entire irrigated area of this village is assessed in Class V. The lands supplied by Government wells are assessed in class III dry. The dry lands are all assessed in Class IX.

The following table exhibits the revised assessment of the village. No lands have been compounded for as permanent double crop.

Deducting fixed remissions only, the net average of the land assessment for the past five years is Rupees 183; by Settlement it is Rupees 214; total increase Rupees 31. The former wet land assessment was calculated on the village average (Mottasarsari) which was Rupees 8-13-10 an acre for a single crop (Peshnam), and Rupees 3-2-8 an acre for a second crop (Kar). The former commutation rate was Rupees 2-14-8 per grain cottah of five bushels for both Peshnam and Kar paddy. The dry lands were held at four annas eight pice an acre subject to a remission of one anna two pice an acre as Chaturbagan and one anna nine pice an acre as Salankaval.

Palmyras. 2,594 trees paid an assessment of Rupees 89 in Fasli 1285.

These were classed as under:—

| Class.        | Number. | Rate.  |       | Amount in Rupees. |
|---------------|---------|--------|-------|-------------------|
|               |         | Annas. | Pice. |                   |
| Paravum ...   | 993     | 0      | 10    | 33                |

| Chelvetta ... | 691     | 0      | 1     | 4                 |
| Total ...     | 2,534   | ...    | ...   | 80                |

Besides these, there are 1,602 growing seedlings that have hitherto paid no assessment. The charge for palmyras growing on pattah lands and owned by the land-holders, has now been fixed at Rupees 20-10-0 per annum. The remaining trees on pattah lands owned by others than the land-holders, as well as

all trees on Government waste, &c., are now chargeable at one anna each for Paru-rana, six pice each for Katu and Kai, and three pice each for Oleivetta. The seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present Settlement.

Palm-trees are not to be planted on, or within, the bank of any irrigation work belonging to Government without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel banks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree pattahs.

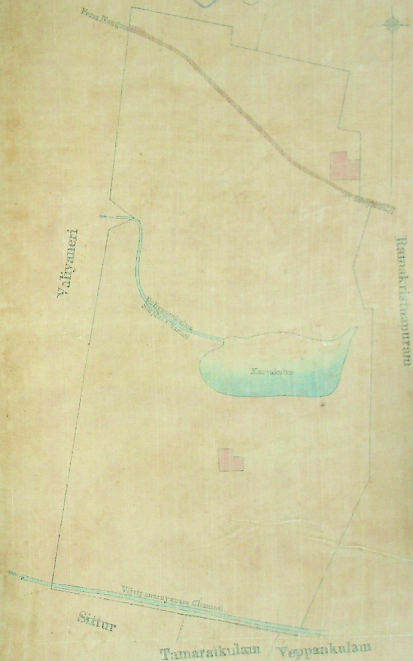

**Pasturage.** No lands have been specially set aside for this purpose; the cattle are fed on the pattah lands and Government waste.

**Building site.** Is sufficient for present requirements.

No pattah will be granted for cultivation within the limits of the Building site, and no new enclosure is to be made or new building erected without permission in future.

**Taxes.** The Chaturbagam and Stalamkaval deductions, amounting to Rupees 6-4-0 and Rupees 6-4-0 have respectively been resumed.
