DESCRIPTIVE MEMOIR OF MALAYADIPUDUR OF THE NANGUNER TALUK

THIS village, the first under the irrigation of the Nambiyar river, is situated 7 miles south-west of Nanguneri on road No. XVI, "Ambasamudram to Nankudi."

The areas given below have been merged in this village by Settlement.

No.	Name of Village	Portion merged.	Area		Remarks
			Acs.	Sq. Rs.	
1	Senkalakarichi	Part.	609	92	Fragments of villages forming part of the new village of Malayadipudur.

4	Magiladinambipuram	Part.	43	96	A fragment of an old village forming part of the new village of Malayadipudur.
Total			1,950		

The area prior to Settlement was, originally, 1,931 acres; by Settlement it is 3,316 acres; not increase of 70 per cent.

It must be distinctly borne in mind that the addition of 10 per cent. has been made in calculating the rates of assessment on all fields, wet or dry, on the basis of any roads, channels, paths, &c., that may have been measured within the cultivated area. The fact of the inclusion, therefore, of any such adjacent poramboke in any Survey field, does not confer on the cultivator of the field the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment of any kind will be severely punished.

This village, as now formed by Settlement, contains 4 Kandams and 499 Survey fields.

The demarcation marks erected are :—

The village officers are now responsible for their up-keep.

IRRIGATION. This village is irrigated by a tank supplied by the Tamarakulan channel from the Vadavar, a tributary of the Nambiyar river, and by the Sen galakurichikal channel from the Nambiyar river and to a small extent by oozee springs from the hills. The situation and irrigation are both good. This village has accordingly been placed in the second group.

The revised area and assessment under each source of irrigation are as follows :—
